Needs and Uses: EDA must collect specific information from applicants for EDA investment assistance to evaluate whether proposed projects satisfy eligibility and programmatic requirements contained in EDA's authorizing legislation, the Public Works and Economic Development Act of 1965, as amended (42 U.S.C. 3121 *et seq.*); EDA regulations at 13 CFR Chapter III; and applicable Notices of Funding Opportunity.

EDA proposes to revise and extend the following forms under this information collection: Forms ED-900 (General Application for EDA Programs), ED-900B (Beneficiary Information Form), ED-900C (EDA Application Supplement for Construction Programs), ED-900D (Requirements for Design and Engineering Assistance), ED-900E (Calculation of Estimated Relocation and Land Acquisition Expenses), and ED-900F (Additional EDA Assurances for Revolving Loan Fund Investments).

EDA does not propose to extend two existing forms under this information collection: Forms ED-900A (Additional EDA Assurances for Construction Or Non-Construction Investments and ED-900P (Proposal for EDA Assistance). Form ED-900A is no longer necessary because the assurances collected in Form ED-900A are redundant with other materials, including other forms under this information collection and certifications collected by *SAM.gov*. Form ED-900P is no longer necessary because EDA has removed the requirement for a financial assistance applicant to submit a proposal prior to submitting a full application. By eliminating Forms ED-900A and ED-900P, EDA will reduce the estimated time per response to this information collection.

Affected Public: Entities eligible for EDA financial assistance, including Federal, State, and local governments; Indian tribes; institutions of higher education; not-for-profit entities; and business or other for-profit organizations.

Frequency: During application for EDA investment assistance.

Respondent's Obligation: Mandatory.

Legal Authority: The Public Works and Economic Development Act of 1965 (42 U.S.C. 3121 *et seq.*).

Seamless Refined Copper Pipe and Tube From the Socialist Republic of Vietnam: Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on the affirmative final determinations by the Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC), Commerce is issuing an antidumping duty (AD) order on seamless refined copper pipe and tube (copper pipe and tube) from the Socialist Republic of Vietnam (Vietnam).

DATES: Applicable August 13, 2021.

FOR FURTHER INFORMATION CONTACT: Ariela Garvett, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3609.

SUPPLEMENTARY INFORMATION:

Background

In accordance with sections 735(d) and 777(i)(1) of the Tariff Act of 1930, as amended (the Act), on June 24, 2021, Commerce published its affirmative final determination of sales at less than

fair value (LTFV) of copper pipe and tube from Vietnam.¹ As part of this determination, Commerce made negative critical circumstances findings for the sole mandatory respondent, Hailiang (Vietnam) Copper Manufacturing Company (Hailiang Vietnam) and its affiliated trading company Hongkong Hailiang Metal Trading Limited (also known as Hong Kong Hailiang Metal Trading Limited) (Hongkong Hailiang) (collectively, Hailiang Vietnam/Hongkong Hailiang), the non-examined, separate rate companies, and the Vietnam-wide entity.² On August 5, 2021, the ITC notified Commerce of its final affirmative determination that an industry in the United States is materially injured by reason of LTFV imports of copper pipe and tube from Vietnam, within the meaning of section 735(b)(1)(A)(i) of the Act.³

Scope of the Order

The products covered by this order are copper pipe and tube from Vietnam. For a complete description of the scope of the order, see the appendix to this notice.

Order

In accordance with sections 735(b)(1)(A)(i) and 735(d) of the Act, the ITC notified Commerce of its final determination that an industry in the United States is materially injured by reason of imports of copper pipe and tube from Vietnam.⁴ Therefore, Commerce is issuing this order in accordance with section 735(c)(2) of the Act. Because Commerce has determined that sales of copper pipe and tube from Vietnam were made at LTFV, and the ITC determined that imports of copper pipe and tube from Vietnam are materially injuring a U.S. industry, unliquidated entries of such merchandise from Vietnam entered, or withdrawn from warehouse, for consumption are subject to the assessment of antidumping duties.

¹ See *Seamless Refined Copper Pipe and Tube from the Socialist Republic of Vietnam: Final Affirmative Determination of Sales at Less Than Fair Value, and Final Negative Determination of Critical Circumstances*, 86 FR 33228 (June 24, 2021) (*Final Determination*).

² *Id.*

³ See ITC's Letter, ITC Notification, dated August 5, 2021 (ITC Notification).

⁴ *Id.*

In accordance with section 736(a)(1) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by Commerce, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price (or constructed export price) of the subject merchandise for all relevant entries of copper pipe and tube from Vietnam. Antidumping duties will be assessed on unliquidated entries of copper pipe and tube from Vietnam entered, or withdrawn from warehouse, for consumption on or after February 1, 2021, the date of publication of the *Preliminary Determination*,⁵ but antidumping duties will not be assessed on entries of subject merchandise occurring after the expiration of the

provisional measures period and before publication in the **Federal Register** of the ITC's final injury determination, as further described below.

Continuation of Suspension of Liquidation

In accordance with section 736 of the Act, Commerce will instruct CBP to continue to suspend liquidation on all relevant entries of copper pipe and tube from Vietnam entered, or withdrawn from warehouse, for consumption on or after the date of publication of the ITC's final affirmative injury determination in the **Federal Register**. These instructions suspending liquidation will remain in effect until further notice.

Pursuant to 735(c)(1)(B) of the Act and 19 CFR 351.210(d), Commerce will

also instruct CBP to require cash deposits equal to the appropriate estimated weighted-average dumping margin indicated in the table below. Accordingly, effective on the date of publication of the ITC's final affirmative injury determination, CBP will require, at the same time as an importer of record would normally deposit estimated duties on the subject merchandise, a cash deposit for each entry of subject merchandise equal to the appropriate estimated weighted-average dumping margins listed below.⁶

Estimated Weighted-Average Dumping Margins

The estimated weighted-average dumping margins are as follows:

Exporter	Producer	Estimated weighted-average dumping margin (percent)
Hailiang (Vietnam) Copper Manufacturing Company Limited/ Hongkong Hailiang Metal Trading Limited (aka Hong Kong Hailiang Metal Trading Limited).	Hailiang (Vietnam) Copper Manufacturing Company Limited/ Hongkong Hailiang Metal Trading Limited (aka Hong Kong Hailiang Metal Trading Limited).	8.35
Jintian Copper Industrial (Vietnam) Company Limited (aka Jintian Copper Industrial (Vietnam) Co., Ltd).	Jintian Copper Industrial (Vietnam) Company Limited (aka Jintian Copper Industrial (Vietnam) Co., Ltd).	8.35
Toan Phat Copper Tube Joint Stock Company	Toan Phat Copper Tube Joint Stock Company	8.35
Vietnam-Wide Entity	8.35

Provisional Measures

Section 733(d) of the Act states that suspension of liquidation pursuant to an affirmative preliminary determination may not remain in effect for more than four months, except that Commerce may extend the four-month period to no more than six months at the request of exporters representing a significant proportion of exports of the subject merchandise. Commerce published its affirmative *Preliminary Determination* on February 1, 2021.⁷ On February 8, 2021, Commerce postponed the *Final Determination* and extended the provisional measures period from four months to six months.⁸ Commerce published the *Final Determination* in the **Federal Register** on June 24, 2021.⁹ The six-month period beginning on the date of publication of the LTFV *Preliminary Determination* ended on July 30, 2021.

Therefore, in accordance with section 733(d) of the Act, Commerce will instruct CBP to terminate the suspension of liquidation and to

liquidate, without regard to antidumping duties, unliquidated entries of copper pipe and tube from Vietnam, entered, or withdrawn from warehouse, for consumption after July 30, 2021, the date on which the provisional measures expired, through the day preceding the date of publication of the ITC's final affirmative injury determination in the **Federal Register**. Suspension of liquidation and the collection of cash deposits will resume on the date of publication of the ITC's final determination in the **Federal Register**.

This order is published in accordance with section 736(a) of the Act and 19 CFR 351.211(b).

Christian Marsh,

Acting Assistant Secretary for Enforcement and Compliance.
