BILLING CODE 9110–12–P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 64

[Docket ID FEMA–2013–0002; Internal Agency Docket No. FEMA–8295]

Suspension of Community Eligibility

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

SUMMARY: This rule identifies communities where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP) that are scheduled for suspension on the effective dates listed within this rule because of noncompliance with the floodplain management requirements of the program. If the Federal Emergency Management Agency (FEMA) receives documentation that the community has adopted the required floodplain management measures prior to the effective suspension date given in this rule, the suspension will not occur and a notice of this will be provided by

publication in the **Federal Register** on a subsequent date. Also, information identifying the current participation status of a community can be obtained from FEMA's Community Status Book (CSB). The CSB is available at <http://www.fema.gov/fema/csb.shtm>.

DATES: *Effective Dates:* The effective date of each community's scheduled suspension is the third date ("Susp.") listed in the third column of the following tables.

FOR FURTHER INFORMATION CONTACT: If you want to determine whether a particular community was suspended on the suspension date or for further information, contact David Stearrett, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646–2953.

SUPPLEMENTARY INFORMATION: The NFIP enables property owners to purchase Federal flood insurance that is not otherwise generally available from private insurers. In return, communities agree to adopt and administer local floodplain management measures aimed at protecting lives and new construction from future flooding. Section 1315 of the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits the sale of NFIP flood insurance unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed in this document no longer meet that statutory requirement for compliance with program regulations, 44 CFR Part 59.

Accordingly, the communities will be suspended on the effective date in the third column. As of that date, flood insurance will no longer be available in the community. We recognize that some of these communities may adopt and submit the required documentation of legally enforceable floodplain management measures after this rule is published but prior to the actual suspension date. These communities will not be suspended and will continue to be eligible for the sale of NFIP flood insurance. A notice withdrawing the suspension of such communities will be published in the **Federal Register**.

In addition, FEMA publishes a Flood Insurance Rate Map (FIRM) that identifies the Special Flood Hazard Areas (SFHAs) in these communities. The date of the FIRM, if one has been published, is indicated in the fourth column of the table. No direct Federal financial assistance (except assistance pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act not in connection with a flood) may be provided for construction or acquisition of buildings in identified SFHAs for communities not participating in the NFIP and identified for more than a year on FEMA's initial FIRM for the community as having flood-prone areas (section 202(a) of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4106(a), as amended). This prohibition against certain types of Federal assistance becomes effective for the communities listed on the date shown in the last column. The Administrator finds that notice and public comment procedures under 5

U.S.C. 553(b), are impracticable and unnecessary because communities listed in this final rule have been adequately notified.

Each community receives 6-month, 90-day, and 30-day notification letters addressed to the Chief Executive Officer stating that the community will be suspended unless the required floodplain management measures are met prior to the effective suspension date. Since these notifications were made, this final rule may take effect within less than 30 days.

National Environmental Policy Act. This rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Considerations. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Administrator has determined that this rule is exempt from the requirements of the Regulatory Flexibility Act because the National Flood Insurance Act of

1968, as amended, Section 1315, 42 U.S.C. 4022, prohibits flood insurance coverage unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed no longer comply with the statutory requirements, and after the effective date, flood insurance will no longer be available in the communities unless remedial action takes place.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This rule meets the applicable standards of Executive Order 12988.

Paperwork Reduction Act. This rule does not involve any collection of information for purposes of the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*

List of Subjects in 44 CFR Part 64

Flood insurance, Floodplains.

Accordingly, 44 CFR Part 64 is amended as follows:

PART 64—[AMENDED]

■ 1. The authority citation for Part 64 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp.; p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp.; p. 376.

§ 64.6 [Amended]

■ 2. The tables published under the authority of § 64.6 are amended as follows:

Coast Guard

46 CFR Part 98

[Docket No. USCG-2011-0088]

RIN 1625-AB63

Bulk Packaging To Allow for Transfer of Hazardous Liquid Cargoes

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is amending its regulations concerning the transfer of hazardous materials to and from bulk packaging on vessels. The Coast Guard is expanding the list of bulk packaging approved for hazardous material transfers to include International Maritime Organization (IMO) Type 1 and Type 2 portable tanks, United Nations (UN) portable tanks, and Intermediate Bulk Containers (IBCs). The Coast Guard is also expanding the list of allowed hazardous materials to provide greater flexibility in the selection and use of packaging in the transportation of hazardous materials. This rule will eliminate the need to obtain special permits or Competent Authority Approvals to use IMO Type 1 or Type 2 portable tanks, UN portable tanks, or IBCs.

DATES: This final rule is effective December 5, 2013. The incorporation by reference of certain publications listed in the rule is approved by the Director of the Federal Register on December 5, 2013.

ADDRESSES: Comments and material received from the public, as well as documents mentioned in this preamble as being available in the docket, are part of docket USCG-2011-0088 and are available for inspection or copying at the Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. You may also find this docket on the Internet by going to <http://www.regulations.gov>, inserting

USCG-2011-0088 in the “Search” box, and then clicking “Search.”

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email LT Tiffany Duffy, Hazardous Materials Standards Division, telephone 202-372-1403, email Tiffany.A.Duffy@uscg.mil. If you have questions on viewing the docket, call Barbara Hairston, Program Manager, Docket Operations, telephone 202-366-9826.

II. Regulatory History

On March 9, 2012, we published in the **Federal Register** (77 FR 14327) a

notice of proposed rulemaking (NPRM) titled Bulk Packaging to Allow for Transfer of Hazardous Liquid Cargoes. We received five comment letters on the proposed rule, containing a total of 10 comments. No public meeting was requested and none was held.

III. Background

In this final rule, we are amending 46 CFR subparts 98.30 and 98.33, which contain regulations concerning the transfer of hazardous materials to and from bulk packaging on vessels. These packagings are primarily portable tanks used by offshore supply vessels (OSVs) to transport hazardous materials to and from offshore platforms involved in the exploration and production of oil and natural gas. (In this document “packaging” is a generic reference to portable tanks and IBCs.)

Several types of portable tanks exist and are used by the industry in various capacities. Intermodal (IM) 101 and 102 portable tanks are older types of portable tanks that have not been manufactured since before 2003. However, pursuant to Pipeline and Hazardous Materials Safety Administration (PHMSA) regulations in 49 CFR 173.32, existing IM 101 and 102 tanks may continue to be used as long as they comply with all required specifications and are inspected regularly (see 49 CFR 173.32(c)(2)). Similarly, marine portable tanks (MPTs), which are tanks that meet the requirements of 46 CFR part 64 and were approved by the Coast Guard before September 30, 1992, are also permitted by PHMSA regulations (see 49 CFR 173.32(c)(3)).

International Maritime Organization (IMO) Type 1 and Type 2 portable tanks are newer portable tanks that comply with specifications in the International Maritime Dangerous Goods Code (IMDG Code), section 4.2.0.1, which became effective in 2003. IMO Type 1 tanks are fitted with pressure-relief devices with a maximum allowable working pressure (MAWP) of 1.75 bar and above, while IMO Type 2 tanks are fitted with pressure-relief devices with an MAWP between 1.0 and 1.75 bar. The IMDG Code also contains specifications for other types of tanks, which are not discussed in this rule.

A United Nations (UN) portable tank, as used in this regulation, is an intermodal tank having a capacity of greater than 450 liters (118.9 gallons) (see definition in 49 CFR 171.8). The term is defined in 46 CFR 98.30-3 to mean a tank that complies with the regulations in 49 CFR 178.274, “Specifications for UN Portable Tanks,” and 178.275, “Specification for UN
