DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Reporting of Sea Turtle Incidental Take in Virginia Chesapeake Bay Pound Net Operations.

OMB Control Number: 0648-0470.

Form Number(s): NA.

Type of Request: Regular submission (extension of a current information collection).

Number of Respondents: 27.

Average Hours per Response: 10 minutes.

Burden Hours: 81.

Needs and Uses: This request is for extension of a current information collection.

This action would continue the reporting measure requiring all Virginia Chesapeake Bay pound net fishermen to report interactions with endangered and threatened sea turtles, found both live and dead, in their pound net operations. When a live or dead sea turtle is discovered during a pound net trip, the Virginia pound net fisherman is required to report the incidental take to the National Marine Fisheries Service (NMFS) and, if necessary, the appropriate rehabilitation and stranding network. This information will be used to monitor the level of incidental take in the state-managed Virginia pound net fishery and ensure that the seasonal pound net leader restrictions (50 CFR 223.206(d)(10)) are adequately protecting listed sea turtles. Based on the number of sea turtle takes anticipated in the Virginia pound net fishery and the available number of

Virginia pound net fishermen and pound nets, the number of responses anticipated on an annual basis is 483.

Affected Public: Business or other for-profit organizations.

Frequency: On occasion.

Respondent's Obligation: Mandatory.

circular welded carbon steel pipes and tubes from Taiwan would likely lead to continuation or recurrence of dumping, that revocation of the countervailing duty (CVD) order on certain circular welded carbon steel pipes and tubes from Turkey would likely lead to continuation or recurrence of a countervailable subsidy, and the determinations by the International Trade Commission (the ITC) that revocation of these AD and CVD orders would likely lead to a continuation or recurrence of material injury to an industry in the United States, the Department is publishing this notice of the continuation of these AD orders and CVD order.

SUPPLEMENTARY INFORMATION:

Background

On July 1, 2011, the Department initiated and the ITC instituted sunset reviews of the AD and CVD orders on certain circular welded carbon steel pipes and tubes from India, Thailand, and Turkey, certain circular welded non-alloy steel pipe from Brazil, Mexico, the Republic of Korea, and Taiwan, and certain circular welded carbon steel pipes and tubes from Taiwan pursuant to sections 751(c) and 752 of the Tariff Act of 1930, as amended (the Act), respectively.¹ As a result of its reviews, the Department found that revocation of the AD orders would likely lead to continuation or recurrence of dumping and that revocation of the CVD order would likely lead to continuation or recurrence of subsidization, and notified the ITC of the margins of dumping and the subsidy rates likely to prevail were the orders revoked.²
