**II. Background**

Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the NRC recently

submitted a request for renewal of an existing collection of information to OMB for review entitled, “Tribal Participation in the Advance Notification Program.” The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The NRC published a **Federal Register** notice with a 60-day comment period on this information collection on October 17, 2024, 89 FR 83707.

1. *The title of the information collection:* Tribal Participation in the Advance Notification Program.
2. *OMB approval number:* 3150–0250.
3. *Type of submission:* Extension.
4. *The form number, if applicable:* Not applicable.
5. *How often the collection is required or requested:* Information would be requested: (1) every 5 years, (2) after an Indian Tribe achieves Federal recognition, (3) when a transportation route is NRC-approved that passes within or across an Indian Tribe’s reservation boundaries, and (4) when there are changes. Information is requested from those Indian Tribes seeking to receive advance notifications. Some information is requested one time.

6. *Who will be required or asked to respond:* Federally recognized Indian Tribes. Only those Federally recognized Indian Tribes with reservations and either receiving or seeking to receive the advance notifications would be asked to respond to the specific information request.

7. *The estimated number of annual responses:* 20 (7 reporting responses + 13 recordkeepers).

8. *The estimated number of annual respondents:* 13.

9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 37.5 hours (21 reporting + 16.5 recordkeeping).

10. *Abstract:* In order to receive notification of certain shipments of irradiated reactor fuel and/or nuclear waste within or across the boundary of an Indian Tribe’s reservation, Tribes shall affirmatively opt into the advance notification program. Because the notification may contain Safeguards Information (SGI), the Tribal official will submit certification that the Tribal official or their designee(s) has completed NRC-provided training on the handling of SGI and has the necessary protection measures in place for implementation. The Tribal official will provide contact information for the designee(s) and emergency response contact(s). The Tribal official will also provide confirmation of the reservation boundaries or the necessary corrections to a map provided by the NRC. The NRC makes this information available to others, including NRC licensees. NRC licensees will use the information to comply with the NRC’s regulations that require them to provide advance notice of certain shipments of radioactive material to participating Tribes.
