The Task Force will review a range of issues dealing with Galileo (or some other future radio navigation satellite system) and provide recommendations to address these issues.

The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Acquisition, Technology & Logistics on scientific and technical matters as they affect the perceived needs of the Department of Defense. At these meetings, the Defense Science Board Task Force will address: Provision of capabilities and services within GPS to ensure its viability in commercial markets; the impact on frequency spectrum use, signal waveforms and power management; access and denial issues throughout the spectrum of conflict; possible alternatives to a global radio navigation system including the development of small compact timing devices and/or navigation units; and vulnerabilities and upgrade strategies for all global radio navigation satellite systems (GRNSS). In

addition, the Task Force will assess areas in which DoD should seek strong partnership relationships outside DoD, both within government and industry. It will recommend research and development areas that are uniquely in DoD interest and might not be accomplished by the private sector.

In accordance with Section 10(d) of the Federal Advisory Committee Act, Pub. L. 92-463, as amended (5 U.S.C. App. 2), it has been determined that these Defense Science Board Task Force meetings concern matters listed in 5 U.S.C. 552b(c)(1) and that, accordingly, these meetings will be closed to the public.

Department of the Army

Notice of Availability of the Final Environmental Impact Statement (FEIS) for Activities Associated With Future Programs at the U.S. Army Dugway Proving Ground, UT

AGENCY: Department of the Army, DoD.

ACTION: Notice of availability.

SUMMARY: This announces the availability of the FEIS for Activities Associated with Future Programs at the U.S. Army Dugway Proving Ground (DPG). The FEIS provides information on potential effects to the human and physical environment resulting from present and reasonably foreseeable future activities that have been or may be undertaken by the various proponent units and organizations at DPG. Mitigation of these potential effects is also considered in the FEIS.

DATES: The waiting period for the FEIS will end 30 days after publication of the notice of availability in the **Federal Register** by the U.S. Environmental Protection Agency.

ADDRESSES: Written comments on the FEIS should be forwarded to: Commander, U.S. Army Dugway Proving Ground, ATTN: CSTE-DTC-DP-PA (Final EIS), Dugway, UT 84022-5000.

FOR FURTHER INFORMATION CONTACT: Ms. Paula Nicholson at (435) 831-3409 or by e-mail at nicholsn@dpg.army.mil.

SUPPLEMENTARY INFORMATION: The Proposed Action (preferred alternative) for the FEIS included continuation of existing DPG activities (including but not limited to chemical and biological defensive testing, other testing programs, training, real property management, and environmental management) with future increases in most testing and training operating areas. Additionally, the Proposed Action included diversification of DPG operations and implementation of a Summary Development Plan identifying real property planning recommendations for DPG.

The FEIS considered two action alternatives to the Proposed Action and a No Action alternative. The two action alternatives were: (1) Decreased mission with a major reduction in operations at DPG and (2) a maximum expanded mission with major increases in most operating areas compared to current DPG operations.

The No Action alternative represents the status quo and assumes that existing DPG operations would continue at approximately their current rates into the foreseeable future. All existing actions, associated mitigation measures and mitigative planning strategies would continue to be implemented under the No Action alternative.

Anyone wishing to receive a copy of the FEIS or the Executive Summary may write to U.S. Army Dugway Proving Ground, ATTN: CSTE-DTC-DP-PA (Paula Nicholson), Dugway, UT 84022-5000 or through the Web site at www.dugway.army.mil.
