Notice of a Public Meeting: The National Drinking Water Advisory Council Lead and Copper Rule Working Group Meeting

AGENCY: Environmental Protection

Agency (EPA).

ACTION: Notice of a public meeting.

SUMMARY: The U.S. Environmental Protection Agency (EPA) is announcing a public meeting of the National Drinking Water Advisory Council (NDWC) Lead and Copper Rule Working Group (LCRWG). The meeting is scheduled for May 29 and 30, 2014, in Arlington, VA. During this meeting, the LCRWG and the EPA will focus discussions on the Lead and Copper Rule sample site selection criteria.

DATES: The meeting on May 29, 2014, will be held from 9 a.m. to 5 p.m., Eastern Time, and on May 30, 2014, from 9 a.m. to 3 p.m., Eastern Time.

ADDRESSES: The public meeting will be held at the Cadmus Group Inc., 1555 Wilson Blvd., Suite 300, Arlington, VA, and will be open to the public. All attendees must sign in with the security desk and show photo identification to enter the building.

FOR FURTHER INFORMATION CONTACT: For more information about this meeting or to request written materials contact Lameka Smith, Standards and Risk Management Division, Office of Ground Water and Drinking Water; by phone (202) 564–1629 or by email at LCRWorkingGroup@epa.gov. For additional information about the Lead and Copper Rule, please visit: http://water.epa.gov/lawsregs/rulesregs/sdwa/lcr/index.cfm.

SUPPLEMENTARY INFORMATION:

Details about Participating in the Meeting: Members of the public who would like to register for this meeting should contact Lameka Smith by May 27th, 2014, by email at LCRWorkingGroup@epa.gov or by phone at 202–564–1629. The LCRWG will allocate time for the public's input at the meeting on May 29 and 30. Oral statements will be limited to five minutes at the meeting. It is preferred that only one person present the

statement on behalf of a group or organization. To ensure adequate time for public involvement, individuals or organizations interested in presenting an oral statement should notify Lameka Smith no later than May 22, 2014. Any person who wishes to file a written statement can do so before or after the LCRWG meeting. Written statements intended for the meeting must be received by May 22, 2014, to be distributed to all members of the working group before the meeting. Any statements received on or after the date specified will become part of the permanent file for the meeting and will be forwarded to the LCRWG members for their information.

Special Accommodations: For information on access or to request special accommodations for individuals with disabilities please contact Lameka Smith at (202) 564–1629 or by email at LCRWorkingGroup@epa.gov at least 10 days prior to the meeting to give EPA as much time as possible to process your request.

Dated: April 30, 2014.

Peter Grevatt,

Director, Office of Ground Water and Drinking Water.

Release of Final Policy Assessment Document Related to the Review of the National Ambient Air Quality Standards for Lead

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability.

SUMMARY: The EPA is announcing the availability of a final document titled Policy Assessment for the Review of the Lead National Ambient Air Quality Standards. The Policy Assessment (PA) has been prepared by staff in the EPA's Office of Air Quality Planning and Standards (OAQPS) as part of the agency's ongoing review of the primary (health-based) and secondary (welfarebased) national ambient air quality standards (NAAQS) for lead (Pb). It presents analyses and staff conclusions regarding the policy implications of the key scientific and technical information that informs this review.

DATES: The PA will be available on or about May 9, 2014.

ADDRESSES: This document will be available primarily via the Internet at the following Web site: http://www.epa.gov/ttn/naaqs/standards/pb/spb index.html.

FOR FURTHER INFORMATION CONTACT: Dr. Deirdre Murphy, Office of Air Quality Planning and Standards (mail code C504–06), U.S. Environmental Protection Agency, Research Triangle Park, NC 27711; telephone number: 919–541–0729; fax number: 919–541–0237; email address: murphy.deirdre@epa.gov.

SUPPLEMENTARY INFORMATION: Two sections of the Clean Air Act (CAA) govern the establishment and revision of the NAAQS. Section 108 (42 U.S.C. section 7408) directs the Administrator to identify and list certain air pollutants and then to issue air quality criteria for those pollutants. The Administrator is to list those air pollutants that in her "judgment, cause or contribute to air pollution which may reasonably be anticipated to endanger public health or welfare;" "the presence of which in the ambient air results from numerous or diverse mobile or stationary sources;' and "for which . . . [the Administrator] plans to issue air quality criteria. Air quality criteria are intended to "accurately reflect the latest scientific knowledge useful in indicating the kind and extent of all identifiable effects on public health or welfare which may be expected from the presence of [a] pollutant in the ambient air . . . " 42 U.S.C. section 7408(b). Under section 109 (42 U.S.C. section 7409), the EPA establishes primary (health-based) and secondary (welfare-based) NAAQS for pollutants for which air quality criteria are issued. Section 109(d) requires periodic review and, if appropriate, revision of existing air quality criteria. The EPA is also required to periodically review and, if appropriate, revise the NAAQS based on the revised criteria. Section 109(d)(2) requires that an independent scientific review committee "shall complete a review of the criteria . . . and the national primary and secondary ambient air quality standards . . . and shall recommend to the Administrator any new . . . standards and revisions of existing criteria and standards as may be appropriate. . . ." Since the early 1980's, this independent review function has been performed by the Clean Air Scientific Advisory Committee (CASAC).

Presently, the EPA is reviewing the NAAQS for Pb.¹ The document, whose

¹The EPA's call for information for this review was issued on February 26, 2010 (75 FR 8934).
