Abstract of Information Available

Associated funerary objects were removed from CA–SAC–237 (also known as the Chatterson site) in Sacramento County, CA. The associated funerary objects came into the possession of the County of Sacramento during a road expansion project in 2006. Occupation of the site is estimated to have occurred during approximately 2,500 to 1,500 BP with an additional historic period occupation. The 936 associated funerary objects include 820 flaked stone, 102 faunal remains, four

floral remains, and 10 historic items. Of this number at least 68 artifacts are currently missing from the collection. The County of Sacramento continues to look for all missing objects.
