BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 65

[Docket No. FEMA-B-1005]

Changes in Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Interim rule.

SUMMARY: This interim rule lists communities where modification of the Base(1% annual-chance) Flood Elevations (BFEs) is appropriate because of new scientific or technical data. New flood insurance premium rates will be calculated from the modified BFEs for new buildings and their contents.

DATES: These modified BFEs are currently in effect on the dates listed in the table below and revise the Flood Insurance Rate Maps (FIRMs) in effect prior to this determination for the listed communities.

From the date of the second publication of these changes in a newspaper of local circulation, any person has ninety (90) days in which to request through the community that the Mitigation Assistant Administrator of FEMA reconsider the changes. The modified BFEs may be changed during the 90-day period.

ADDRESSES: The modified BFEs for each community are available for inspection at the office of the Chief Executive

Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: William R. Blanton, Jr., Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-3151.

SUPPLEMENTARY INFORMATION: The modified BFEs are not listed for each community in this interim rule. However, the address of the Chief Executive Officer of the community where the modified BFE determinations are available for inspection is provided.

Any request for reconsideration must be based on knowledge of changed conditions or new scientific or technical data.

The modifications are made pursuant to section 201 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The modified BFEs are the basis for the floodplain management measures that the community is required to either adopt or to show evidence of being already in effect in order to qualify or to remain qualified for participation in the National Flood Insurance Program (NFIP).

These modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by the

other Federal, State, or regional entities. The changes to BFEs are in accordance with 44 CFR 65.4.

National Environmental Policy Act. This interim rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601-612, a regulatory flexibility analysis is not required.

Regulatory Classification. This interim rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This interim rule involves no policies that have federalism implications under Executive Order 13132, Federalism.

Executive Order 12988, Civil Justice Reform. This interim rule meets the applicable standards of Executive Order 12988.

I. Background

Under the National and Community Service Act of 1990 ("NCSA" or "the Act"), the Corporation makes grants to support national and community service through the AmeriCorps program. In addition, the Corporation, through the National Service Trust, provides educational awards to, and certain interest payments on behalf of, AmeriCorps participants who successfully complete a term of service in an approved national service position.

On May 20, 2003, the Corporation's Board of Directors ("the Board") approved a report issued by the Board's Grant-making Task Force in which the Task Force recommended that the Corporation undertake efforts to streamline and improve our current grant-making processes. Among other actions, the Task Force recommended that the Corporation update the grant-making review and selection criteria, simplify the application process, evaluate the Corporation's grant requirements and assess whether requirements should and could be changed, and eliminate or streamline annual guidance.

On February 27, 2004, President Bush issued Executive Order 13331 aimed at making the national and community service program better able to engage

Americans in volunteering, more responsive to State and local needs, more accountable and effective, and more accessible to community organizations, including faith-based organizations. The Executive Order directed the Corporation to review and modify its policies as necessary to accomplish these goals.

This rulemaking is the second of two, originally initiated in 2004. The first rulemaking focused on sustainability and the limitation on the Federal share of program costs. The first rulemaking was completed in July, 2005, and became effective September, 2005. This rulemaking is intended chiefly to clarify several changes made in the first rulemaking, streamline and improve our current grant-making processes, strengthen accountability, and otherwise improve upon the operations of the AmeriCorps State and National program.

II. Public Comments

The Corporation published a proposed rule in the **Federal Register** of November 19, 2007 (72 FR 64970) with a 60-day comment period. In addition to accepting comments in writing, the Corporation held two conference calls. During the public comment period, the Corporation received 3 written comments and 5 oral comments from grantees, the Corporation's Inspector General, and other interested parties.

The comments expressed views on the merits of particular sections of the proposed regulations, as well as some broader policy statements and issues. Acknowledging that there are strong views on, and competing legitimate public policy interests relating to, the issues in this rulemaking, the Corporation has carefully considered all of the comments on the proposed regulations.

The Corporation has summarized below the major comments received on the proposed regulatory changes, and has described the changes we made in the final regulatory text in response to the comments received. In addition to the more substantive comments below,
