Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8681.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

### Rural Housing Service

*Title:* 7 CFR Part 1924-F, Complaints and Compensation Defects.

*OMB Control Number:* 0575-0082.

*Summary of Collection:* Section 509C of Title V of the Housing Act of 1949, as amended, authorizes the Rural Housing Service (RHS) to pay the costs for correcting defects or compensate borrowers of Section 502 Direct loan funds for expenses arising out of defects with respect to newly constructed dwellings and new manufactured housing units with authorized funds. This regulation provides instruction to all RHS personnel to enable them to implement a procedure to accept and process complaints from borrowers/owners against builders and dealers/contractors, to resolve the complaint

informally. When the complaint involves structural defects which cannot be resolved by the cooperation of the builder or dealer/contractor, it authorizes expenditure to resolve the defect with grant funds. Resolution could involve expenditure for (1) repairing defects; (2) reimbursing for emergency repairs; (3) pay temporary living expenses or (4) convey dwelling to RHS with release of liability for the RHS loan.

**Need and Use of the Information:** The information is collected from agency borrowers and the local agency office serving the county in which the dwelling is located. This information is used by Rural Housing Staff to evaluate the request and assist the borrower in identifying possible causes and corrective actions. The information is collected on a case-by-case basis when initiated by the borrower. Without this information, RHS would be unable to assure that eligible borrowers would receive compensation to repair defects to their newly constructed dwellings.

**Description of Respondents:** Business or for-profit.

**Number of Respondents:** 300.

**Frequency of Responses:** Reporting: On occasion.

**Total Burden Hours:** 120.

#### Rural Housing Service

**Title:** 7 CFR Part 1940—G, Environmental Program.

**OMB Control Number:** 0575–0094.

**Summary of Collection:** The National Environmental Policy Act (NEPA) requires Federal agencies prior to the approval of proposed actions to consider the potential environmental impacts of these actions. Consequently, for the agencies to comply with NEPA, it is necessary to have information on the types of environmental resources on site or in the vicinity that might impact the proposed action. Also, information is required on the nature of the project selected by the applicant.

**Need and Use of the Information:** The agency will collect environmental data using form RD 1940–20, Request for Environmental Information. Having all activities and environmental information on the proposed project site will enable the Agency official to determine the magnitude of the potential environmental impacts and whether the project is controversial for environmental reasons. The agency's failure to collect the environmental information would result in a violation of NEPA. Thus, the agency would have no basis to support a decision regarding the need for an environmental impact statement.

**Description of Respondents:** Farms; Individuals or households; business or other for-profit; not-for-profit institutions; State, Local or Tribal Government.

**Number of Respondents:** 2,416.

**Frequency of Responses:** Reporting: On occasion.

**Total Burden Hours:** 18,029.

### Submission for OMB Review; Comment Request; Correction

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. ### Animal and Plant Health Inspection Service

**Title:** Importation of Unshu Oranges from the Republic of Korea into Alaska.

**OMB Control Number:** 0579–0314.

**Summary of Collection:** Under the Plant Protection Act (7 U.S.C. 7701—*et seq.*), the Secretary of Agriculture is authorized to carry out operation or measures to detect, eradicate, suppress, control, prevent, or retard the spread of plant pests new to the United States or not known to be widely distributed throughout the United States. The Animal and Plant Health Inspection Service (APHIS) amended the regulations governing the importation of citrus fruit to allow fresh Unshu oranges from the Republic of Korea to be imported in the State of Alaska under certain conditions.

**Need and Use of the Information:** APHIS requires that some plants or plant products are accompanied by a phytosanitary inspection certificate that is completed by plant health officials in the originating or transiting country. Also, individual boxes in which oranges are shipped must be stamped or printed with the following: "For importation into and distribution within the State of Alaska only." APHIS uses the information on the certificate to determine the pest condition of the shipment at the time of inspection in the intensity of the inspection APHIS conducts when the shipment arrives. Without this information, all shipments would need to be inspected very thoroughly, thereby requiring considerably more time. This would slow the clearance of international shipments.

**Description of Respondents:** Not-for-profit institutions.

**Number of Respondents:** 5.

**Frequency of Responses:** Reporting: On occasion.

**Total Burden Hours:** 31.
