SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270–xxx, OMB Control No. 3235–0779]

Submission for OMB Review; Comment Request; Extension: Rule 2a–5

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549–2736

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520), the Securities and Exchange Commission (“Commission”) has submitted to the Office of Management and Budget a request for extension of the previously approved collection of information described below.

Section 2(a)(41) of the Investment Company Act of 1940 (“Investment Company Act”) ¹ requires funds to value their portfolio investments using the market value of their portfolio securities when market quotations for those securities are “readily available,” and, when a market quotation for a portfolio security is not readily available, by using the fair value of that security, as determined in good faith by the fund’s board.² The aggregate value of a fund’s investments is the primary determinant of the fund’s net asset value (“NAV”), which for many funds determines the

price at which their shares are offered and redeemed (or repurchased).³

Rule 2a–5 provides requirements for determining in good faith the fair value of the investments of a registered investment company or companies that have elected to be treated as business development companies under the Investment Company Act (“BDCs” and, collectively, “funds”) for purposes of section 2(a)(41) of the Investment Company Act and rule 2a–4 thereunder.⁴ Under the rule, fair value as determined in good faith requires assessing and managing material risks associated with fair value determinations; selecting, applying, and testing fair value methodologies; and overseeing and evaluating any pricing services used. The rule also permits a fund’s board to designate a “valuation designee” to perform fair value determinations. The valuation designee can be the adviser of the fund or an officer of an internally managed fund.⁵ When a board designates the performance of determinations of fair value to a valuation designee for some or all of the fund’s investments under the rule, the rule requires the board to oversee the valuation designee’s performance of fair value determinations.

To facilitate the board’s oversight, the rule also includes certain reporting and other requirements in the case of designation to a valuation designee.⁶ As relevant here, the rule requires, if the board designates performance of fair value determinations to a valuation designee, that the valuation designee report to the board in both periodic and as needed reports on a per-fund basis.

Specifically, on a periodic basis, the valuation designee must provide to the board:

- **Quarterly Reports.**

At least quarterly, in writing, (1) any reports or materials requested by the board related to the fair value of designated investments or the valuation designee’s process for fair valuing fund investments and (2) a summary or description of material fair value matters that occurred in the prior quarter. This summary or description must include (1) any material changes in the assessment and management of valuation risks, including any material changes in conflicts of interest of the valuation designee (and any other service provider), (2) any material

changes to, or material deviations from, the fair value methodologies, and (3) any material changes to the valuation designee’s process for selecting and overseeing pricing services, as well as any material events related to the valuation designee’s oversight of pricing services.

- **Annual Reports.**

At least annually, in writing, an assessment of the adequacy and effectiveness of the valuation designee’s process for determining the fair value of the designated portfolio of investments. At a minimum, this annual report must include a summary of the results of the testing of fair value methodologies required under the rule and an assessment of the adequacy of resources allocated to the process for determining the fair value of designated investments, including any material changes to the roles or functions of the persons responsible for determining fair value.

Further, the rule requires the valuation designee to provide a written notification to the board of the occurrence of matters that materially affect the fair value of the designated portfolio of investments (defined as “material matters”) within a time period determined by the board, but in no event later than five business days after the valuation designee becomes aware of the material matter. Material matters in this instance include, as examples, a significant deficiency or material weakness in the design or effectiveness of the valuation designee’s fair value determination process or of material errors in the calculation of net asset value. The valuation designee must also provide such timely follow-on reports as the board may reasonably determine are appropriate.⁷

The Commission staff estimates that 9,800 funds are subject to rule 2a–5. The internal annual burden estimate is 34 hours for a fund. Based on these estimates, the total annual burden hours associated with the rule is estimated to be 333,200 hours. The estimated burden hours associated with rule 2a–5 have increased by 15,810 hours from the current allocation of 317,390 hours. The external cost associated with this collection of information is approximately \$3,674 per fund, and the total annual external cost burden is \$36,005,200. The estimated external cost has increased by \$6,319,900 from the current estimate of \$29,685,300. These increases are due to an increase in the estimated number of affected entities, as well as in the estimated hourly burden and the external cost

SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270–418, OMB Control No. 3235–0485]

**Submission for OMB Review;
Comment Request; Extension: Rule
15c2–1**

*Upon Written Request, Copies Available
From: Securities and Exchange
Commission, Office of FOIA Services,
100 F Street NE, Washington, DC
20549–2736*

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") a request for approval of extension of the previously approved collection of information provided for in Rule 15c2–1, (17 CFR 240.15c2–1), under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*).

Rule 15c2–1 prohibits broker-dealers from commingling under the same lien securities of their margin customers with securities of the broker-dealer and those of other customers without their written consent. The rule also prohibits the re-hypothecation of customers' margin securities for a sum in excess of the customer's aggregate indebtedness. Respondents must collect information necessary to prevent the re-hypothecation of customer securities, issue and retain copies of notices of hypothecation of customer securities, and collect written consents from customers.

There are approximately 59 respondents. Each of these respondents makes an estimated 45 responses per year and each response takes approximately 0.5 hours to complete, resulting in an industry-wide annual burden of approximately 1,327 hours.

The retention period for the recordkeeping requirement under Rule 15c2–1 is not less than two years following the date the notice is submitted. The recordkeeping requirement under this rule is mandatory to assist the Commission in monitoring respondents who fail to collect the information required under the rule. This rule does not involve the collection of confidential information.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.
