

Mountain Bugle newspapers. If two or more envelopes containing valid bids of the same amount are received, the determination of which is to be considered the highest bid shall be by supplemental bid. The designated high bidders shall be allowed to submit sealed bids as designated by the Authorized Officer.

Federal law requires all bidders must be U.S. citizens 18 years of age or older, a corporation subject to the laws of any State or of the United States; a State, State instrumentality, or political subdivision authorized to hold property; or an entity, including but not limited to associations or partnerships, legally capable of conveying and holding property or interests therein under the laws of the State of Nevada. Certification or qualification, including citizenship or corporation or partnership, must accompany the bid deposit.

In order to determine the fair market value of the subject land through appraisal, certain assumptions have been made on the attributes and limitations of the lands and potential effects of local regulations and policies on potential land uses. Through publication of this notice, the Bureau of Land Management gives notice that these assumptions may not be endorsed or approved by units of local government.

Furthermore, no warranty of any kind shall be given or implied by the United States as to the potential uses of the land offered for sale; conveyance of the subject land will not be on a contingency basis. It is the buyers' responsibility to be aware of all applicable local government policies and regulations that would affect the subject lands. It is also the buyers' responsibility to be aware of existing and potential uses for nearby properties. When conveyed out of federal ownership, the lands will be subject to any applicable reviews and approvals by the respective unit of local government for proposed future uses, and any such reviews and approvals would be the responsibility of the buyer.

The purchaser/patentee, by accepting a patent, agrees to indemnify, defend, hold harmless from any costs, damages, claims, causes of action, penalties, fines, liabilities, and judgments of any kind or nature arising out of or in connection with the use/or occupancy of the patented real property which has already resulted or does hereafter result in: (1) Violations of federal, state, and local laws and regulations that are now or may in the future become applicable to the real property; (2) judgments, claims or demands of any kind incurred

by the United States: (4) other releases or threatened releases of solid or hazardous waste(s) and/or hazardous substance(s), as defined by federal or state environmental laws; off, on, into or under land, property and other interests of the United States; (5) other activities by which solids or hazardous substances or wastes, as defined by federal laws are generated, released or stored, used or otherwise disposed of on the patented real property, and any cleanup response, remedial action or other actions related in any manner to said solid wastes or hazardous substances or wastes; or (6) natural resource damages as defined by federal and state law. This covenant shall be construed as running with the patented real property and may be enforced by the United States in a court of competent jurisdiction.

The patent, when issued, will contain the following reservation to the United States: A right-of-way thereon for ditches and canals constructed by the authority of the United States, under the Act of August 30, 1890 (26 Stat. 391; 43 U.S.C. 945).

And will be subject to:

1. Those rights for power transmission line purposes which have been granted to Harney Electric Cooperative, Inc., by Right-of-way NEV-058382 under the Act of October 21, 1976 (43 U.S.C. 1761).

2. County Road #316 under the jurisdiction of Humboldt County which runs the entire length of the parcel along the south edge of the parcel, being the south section line of section 35, T. 45 N., R. 37 E., and having a total width of 22 feet.

3. Those rights for a buried cable which have been granted to Oregon Idaho Utilities, Inc., dba Humboldt Telephone Company by Right-of-way N-60463 under the Act of October 21, 1976 (43 U.S.C. 1761).

The purchaser, by accepting the land patent, agrees to take the property subject to current grazing lease, authorized under the Taylor Grazing Act, 43 U.S.C. 315f, Act of June 28, 1934. The two year notification commenced on August 27, 2001. The lease shall expire on August 26, 2003.

It has been determined that the subject parcel contains no mineral value. The parcel will be sold with no reservation of mineral rights to the United States. Acceptance of a sale offer will constitute an application for conveyance of those mineral interests. The purchaser will be required to pay a \$50.00 non-refundable filing fee for conveyance of said mineral interests when remitting final payment for the parcel.

The purchase price does not include the costs for publication in the **Federal Register**. The purchaser will be required to reimburse the BLM for publishing costs.

Protests: For a period of 45 days from the date of publication of this notice in the **Federal Register**, interested parties may submit comments regarding whether the BLM followed proper administrative procedures in reaching the decision or any other factor directly related to the suitability of the land for a competitive sale. The Environmental Assessment NV-020-02-11 (EA) and Decision Record are available for review at the Winnemucca Field Office. Comments should be sent to Colin P. Christensen, Assistant Field Manager, Nonrenewable Resources, at the address listed below. Any adverse comments will be reviewed by the State Director who may sustain, vacate, or modify this realty action. In absence of any adverse comments, this realty action will become the final determination of the Department of the Interior. The BLM may accept or reject any or all offers, or withdraw any land or interest in the land from sale, if, in the opinion of the Authorized Officer, consummation of the sale would not be fully consistent with the FLPMA or other applicable laws. The lands will not be offered for sale until at least 60 days after the date of publication of this notice in the **Federal Register**.

This notice in the **Federal Register** allows the parcel to be re-offered for sale until the parcel has been sold at the discretion of the Authorized Officer. In the event the parcel is not sold, the parcel shall be automatically opened for entry without further notice on December 30, 2003.

NUCLEAR REGULATORY COMMISSION

[Docket No. 72–17]

Notice of Issuance of Amendment to Materials License SNM–2509; Trojan Independent Spent Fuel Storage Installation

The U.S. Nuclear Regulatory Commission (NRC or the Commission) has issued Amendment 3 to Materials License No. SNM–2509 held by Portland General Electric Company (PGE) for the receipt, possession, storage, and transfer of spent fuel at the Trojan Independent Spent Fuel Storage Installation (ISFSI), located in Columbia County, Oregon. The amendment is effective as of the date of issuance.

By application dated October 18, 2002, PGE requested an amendment to its ISFSI license to increase the Technical Specification for the Holtec International Multi Purpose Canister (MPC) helium backfill upper pressure limit from 33.3 psig to 39.3 psig at a reference temperature of 70°F.

This amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendment. An Environmental
