SUPPLEMENTARY INFORMATION:

Title: Air Carrier's Claim for Subsidy and Air Carrier's Report of Departures Flown in Scheduled service.

OMB Control Number: 2106-0044.

Type of Request: Extension for a currently approved information collection.

Abstract: In 14 CFR 271 of its Aviation Economic Regulations, the Department provided that subsidy to air carriers for providing essential air service will be paid to the carriers monthly, and that payments will vary according to the actual amount of service performed during the month. The reports of subsidized air carriers of essential air service performed on the Department's Forms 397, "Air Carrier's Report of Departures Flown in Scheduled Service", and 398, "Air Carrier's Claim for Subsidy," establish the fundamental basis for paying these

air carriers on a timely basis. Typically, subsidized air carriers are small businesses and operate only aircraft of limited size over a limited geographical area. The collection permits subsidized air carriers to submit their monthly claims in a concise, orderly, easy-to-process form, without having to devise their own means of submitting support for these claims.

The collection involved here requests only information concerning the subsidy-eligible flights (which generally constitute only a small percentage of the carriers' total operations) of a small number of air carriers. The collection permits the Department to timely pay air carriers for providing essential air service to certain eligible communities that would not otherwise receive scheduled passenger air service.

Respondents: Small air carriers selected by the Department in docketed cases to provide subsidized essential air service.

Estimated Number of Respondents: 21.

Total Annual Responses: 816.

Estimated Total Burden on Respondents: 4,176 hours.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper functioning of the Department, including whether the information will have practical utility; (b) the accuracy of the Department's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Issued in Washington, DC on July 15, 2003.

Director, Office of Aviation Analysis.

Federal Aviation Administration

Public Notice for Waiver of Aeronautical Land-Use Assurance; Presque Isle County/Rogers City Airport, Rogers City, Michigan

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of intent of waiver with respect to land.

SUMMARY: The Federal Aviation Administration (FAA) is considering a proposal to change a portion of the airport from aeronautical use to non-aeronautical use and to authorize the exchange of the airport property. The proposal consists of one parcel totaling approximately 5.28 acres. Current use and present condition is undeveloped vacant land. The land was originally sold to the County from Bradley Reality Company, December 27, 1935. There are no impacts to the airport by allowing the airport to dispose of the property. The proposed land will be exchanged for school district property needed to meet the Object Free Area requirements

for the runway. Approval does not constitute a commitment by the FAA to financially assist in the disposal of the subject airport property nor a determination of eligibility for grant-in-aid funding from the FAA. The disposition of proceeds from the disposal of the airport property will be in accordance FAA's Policy and Procedures Concerning the Use of Airport Revenue, published in the **Federal Register** on February 16, 1999.

In accordance with section 47107(h) of title 49, United States Code, this notice is required to be published in the **Federal Register** 30 days before modifying the land-use assurance that requires the property to be used for an aeronautical purpose.

DATES: Comments must be received on or before August 20, 2003.

FOR FURTHER INFORMATION CONTACT: Ms. Stephanie Swann, Program Manager, Federal Aviation Administration, Great Lakes Region, Detroit Airports District Office, DET ADO-613, Metro Airport Center, 11677 South Wayne Road, Suite 107, Romulus, Michigan 48174.
