CMS-10500 National Implementation of the Outpatient and Ambulatory Surgery Consumer Assessment of Healthcare Providers and Systems (OAS CAHPS) Survey

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collection

1. *Type of Information Collection Request:* Revision of a currently approved information collection; *Title of Information Collection:* National Implementation of the Outpatient and Ambulatory Surgery Consumer Assessment of Healthcare Providers and Systems (OAS CAHPS) Survey; *Use:* The national implementation of OAS CAHPS is designed to allow third-party, CMS-approved survey vendors to administer OAS CAHPS using mail-only, telephone-only, mixed-mode (mail with telephone follow-up), mixed-mode (web with mail follow-up), or mixed-mode (web with telephone follow-up). The information collected in the OAS

CAHPS will be used for the following purposes:

- To provide a source of information from which selected measures can be publicly reported to beneficiaries to help them make informed decisions for outpatient surgery facility selection;
- To aid facilities with their internal quality improvement efforts and external benchmarking with other facilities; and
- To provide CMS with information for monitoring and public reporting purposes.

CMS established a reporting program in which ASCs and HOPDs can choose to participate in the survey and also choose whether or not to publicly report data. HOPD and ASC facilities that choose to participate contract with a CMS-approved, independent third-party survey vendor to implement the survey on their behalf and to submit the OAS CAHPS data to CMS. CMS publicly reports comparative results from OAS CAHPS after each facility has conducted data collection for 12 months. OAS CAHPS measures, enable consumers to make more informed decisions when choosing an outpatient surgery facility, aid facilities in their quality improvement efforts, and help CMS monitor the performance of outpatient surgery facilities. *Form Number:* CMS-10500 (OMB control number: 0938-1240); *Frequency:* Once; *Affected Public:* Individuals and Households, Business or other for-profits, Not-for-profit institutions and State, Local and Tribal Governments; *Number of Respondents:* 993,300; *Total Annual Responses:* 993,300; *Total Annual Hours:* 221,100 (For policy questions regarding this collection contact Memuna Ifedirah at 410-786-6849.)
