

of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposed rule change may become operative upon filing. The Exchange, like FINRA, requests that the proposed rule change become operative as quickly as possible so FINRA, on behalf of the Exchange, can communicate the rule change to impacted individuals in a timely manner. Waiver of the operative delay would allow the Exchange to implement the proposed changes to its CE rules without delay, thereby eliminating the possibility of a significant regulatory gap between the FINRA and the Exchange rules, providing more uniform standards across the securities industry, and helping to avoid confusion for Exchange members that are also FINRA members. For these reasons, the Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. Therefore, the Commission hereby waives the operative delay and designates the proposal operative upon filing.²²

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)²³ of the Act to determine whether the proposed rule change should be approved or disapproved.
