[Docket No. 981019261-0020-02]

RIN 0694-AB73

Export Administration Regulations Entity List: Removal of Entities, Revision in License Policy, and Reformat of List

AGENCY: Bureau of Export
Administration, Commerce.

ACTION: Final rule.

SUMMARY: On November 18, 1998, the Bureau of Export Administration (BXA) published a rule in the **Federal Register** (63 FR 64322) that added certain Indian and Pakistani entities to the Entity List in the Export Administration Regulations (EAR). This rule removes 51 Indian entities and modifies one entity's listing. In addition, this rule will revise the license review policy for items classified as EAR99 (items that are subject to the EAR, but are not listed on the Commerce Control List) to Indian and Pakistani government, private and parastatal entities from a presumption of denial to a presumption of approval. Also, to correct two inadvertent errors in the publication of the Entity List, this rule: re-designates one existing Pakistani entry on the list as a government entity instead of a military facility; and re-designates one existing Indian entry on the list as a government entity instead of a private or parastatal entity, while also correcting the organization with which it was previously identified. Finally, after consultation between BXA and the Department of State, the subordinates of Indian and Pakistani organizations that are on the Entity List will be moved to appendix A and appendix B of the Entity List, respectively. BXA anticipates this change in policy will increase the number of license applications submitted to BXA.

DATES: This rule is effective March 17, 2000.

SUPPLEMENTARY INFORMATION:

Background

In accordance with section 102(b) of the Arms Export Control Act, President Clinton reported to the Congress on May 13, 1998, with regard to India and May 30, 1998, with regard to Pakistan his determinations that those non-nuclear weapon states had each detonated a nuclear explosive device. The President directed in the determination reported to the Congress that the relevant agencies and instrumentalities of the United States take the necessary actions to implement the sanctions described in section 102(b)(2) of that Act. Consistent with the President's directive, the Bureau of Export Administration (BXA) implemented certain sanctions, as well as certain supplementary measures to enhance the sanctions on November 19, 1998 (63 FR 64322).

Based on a consensus decision by the Administration to more tightly focus the sanctions on those Indian entities which make direct and material contributions to weapons of mass destruction and missile programs and items that can contribute to such programs, BXA is removing 51 Indian entities from the Entity list, found in Supplement No. 4 to part 744 of the Export Administration Regulations (EAR), and revising the listing of one Indian entity. In addition, the license application review policy for the export or reexport of items classified as EAR99 to Indian and Pakistani government, private, and parastatal entities will be revised from a presumption of denial to a presumption of approval. The U.S. policy of denial for dual-use items controlled for nuclear proliferation (NP) and missile technology (MT) reasons to all Indian and Pakistani entities remains unchanged, however. Recent Congressional action supports these regulatory revisions. Section 9001(d) of the FY 2000 Defense Appropriations Act (the Act) includes language stating that "it is the sense of Congress that the broad application of export controls to nearly 300 Indian and Pakistani entities is inconsistent with the specific national security interests of the United States and that the control list requires refinement." The Act also states that it is the sense of Congress that "export controls should be applied only to those Indian and Pakistani entities that make direct and material contributions to weapons of mass destruction and missile programs and only to those items that can contribute to such programs."

This rule re-designates the Pakistani entity, Gadwal Uranium Enrichment Plant, as a government entity under § 744.11(c)(1) of the EAR, instead of its

initial designation of a military entity under § 744.12(c). The license review policy for this entity will remain one of denial for items controlled for NP or MT reasons, except items intended for the preservation of safety of civil aircraft, which will be reviewed on a case-by-case basis; and computers, which will be reviewed with a presumption of denial. All other items subject to the EAR to this listed entity will be reviewed with a presumption of denial, with the exception of items classified as EAR99, which will be reviewed with a presumption of approval, under the new review policy set out by this rule.

This rule re-designates the Uranium Recovery Plant, located in Cochin, India, as a government entity under § 744.11(c)(1) of the EAR, instead of its initial designation of a private/parastatal entity under § 744.11(c)(2). In addition, it revises the organization with which it is identified, as the Department of Atomic Energy (DAE), instead of Fertilizers and Chemicals Travancore (FACT), Uranium Corporation of India, Ltd. (UCIL). The license review policy for this entity will remain one of denial for items controlled for NP or MT reasons, except items intended for the preservation of safety of civil aircraft, which will be reviewed on a case-by-case basis; and computers, which will be reviewed with a presumption of denial. All other items subject to the EAR to this listed entity will be reviewed with a presumption of denial, with the exception of items classified as EAR99, which will be reviewed with a presumption of approval, under the new review policy set out by this rule.

This rule does not change the items subject to sanctions for entities remaining on the list. The Administration will continue to review both the list of sanctioned entities and the scope of licensing requirements over items, and may make additional changes.

The removal of entities from the Entity List does not relieve exporters or reexporters of their obligations under General Prohibition 5 in § 736.2(b)(5) of the EAR which provides that, "you may not, without a license, knowingly export or reexport any item subject to the EAR to an end-user or end-use that is prohibited by part 744 of the EAR." BXA strongly urges the use of Supplement No. 3 to part 732 of the EAR, "BXA's 'Know Your Customer' Guidance and Red Flags" when exporting or reexporting to India and Pakistan.

Lastly, subordinate entities of listed Indian and Pakistani organizations have been moved to appendixes to Supplement No. 4 of part 744 (the Entity List). The subordinates will be listed in alphabetical order under a heading listing the organization with which they are identified.

Although the Export Administration Act (EAA) expired on August 20, 1994, the President invoked the International Emergency Economic Powers Act and continued in effect the EAR, and, to the extent permitted by law, the provisions of the EAA in Executive Order 12924 of August 19, 1994, as extended by the President's notices of August 15, 1995 (60 FR 42767), August 14, 1996 (61 FR 42527), August 13, 1997 (62 FR 43629), August 13, 1998 (63 FR 44121), and August 10, 1999 (64 FR 44101, August 13, 1999).

Rulemaking Requirements

1. This final rule has been determined to be not significant for purposes of E.O. 12866.

2. This rule contains and involves collections of information subject to the Paperwork Reduction Act of 1980 (44 U.S.C. 3501 *et seq.*). These collections have been approved by the Office of Management and Budget under control number 0694-0088, "Multi-Purpose Application," which carries a burden hour estimate of 40 minutes to prepare and submit electronically and 45 minutes to submit manually on form BXA-748P; and 0694-0111, "India Pakistan Sanctions," which carries a burden hour estimate of 40 minutes to prepare and submit electronically and 45 minutes to submit manually on form BXA-748P. Notwithstanding any other provision of law, no person is required to respond nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number.

3. This rule does not contain policies with Federalism implications sufficient to warrant preparation of a Federalism assessment under Executive Order 13132.

4. The provisions of the Administrative Procedure Act (5 U.S.C. 553) requiring notice of proposed rulemaking, the opportunity for public participation, and a delay in effective date, are inapplicable because this regulation involves a military and foreign affairs function of the United States (see 5 U.S.C. 553(a)(1)). Further, no other law requires that a notice of proposed rulemaking and an opportunity for public comment be given for this final rule. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule under 5 U.S.C. 553 or by any other law, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) are not applicable.

Therefore, this regulation is issued in final form. Although there is no formal comment period, public comments on this regulation are welcome on a continuing basis. Comments should be submitted to Sharron Cook, Regulatory Policy Division, Bureau of Export Administration, Department of Commerce, P.O. Box 273, Washington, DC 20044.

Exports, Foreign trade, Reporting and recordkeeping requirements.

Accordingly, part 744 of the Export Administration Regulations (15 CFR parts 730-774) is amended as follows:

PART 744—[AMENDED]

1. The authority citation for 15 CFR part 744 continues to read as follows:

Authority: 50 U.S.C. app. 2401 *et seq.*; 50 U.S.C. 1701 *et seq.*; 22 U.S.C. 3201 *et seq.*; 42 U.S.C. 2139a; E.O. 12058, 43 FR 20947, 3 CFR, 1978 Comp., p. 179; E.O. 12851, 58 FR 33181, 3 CFR, 1993 Comp., p. 608; E.O. 12924, 59 FR 43437, 3 CFR, 1994 Comp., p. 917; E.O. 12938, 59 FR 59099, 3 CFR, 1994 Comp., p. 950; E.O. 13026, 61 FR 58767, 3 CFR, 1996 Comp., p. 228; Notice of November 12, 1998, 63 FR 63589, 3 CFR, 1998 Comp., p. 305; Notice of August 10, 1999, 64 FR 44101 (August 13, 1999).

2. Section 744.11 is amended by revising the introductory text and paragraph (c) to read as follows:

§ 744.11 Restrictions on Certain Government, parastatal, and private entities in Pakistan and India.

To supplement sanctions measures against India and Pakistan, set forth in § 742.16 of the EAR, a prohibition is imposed on exports and reexports to certain government, parastatal, and private entities in India and Pakistan determined to be involved in nuclear or missile activities. With respect to subordinates of listed entities in India and Pakistan, only those specifically listed in Supplement No. 4 to part 744, Entity List, are subject to the restrictions and policies set forth in this section. The addition or deletion of entities to or from Supplement No. 4 to part 744, Entity List, does not relieve you of your obligations under General Prohibition 5 in § 736.2(b)(5) of the EAR: "you may not, without a license, knowingly export or reexport any item subject to the EAR to an end-user or end-use that is prohibited by part 744 of the EAR." You are urged to use the guidance in Supplement No. 3 to part 732 of the EAR, "BXA's 'Know Your Customer' Guidance and Red Flags" when exporting or reexporting to India and Pakistan.

* * * * *

(c) *License review standards.* (1) *Government entities.* Applications to export or reexport items controlled for NP or MT reasons to listed government entities will be denied, except items intended for the preservation of safety of civil aircraft, which will be reviewed on a case-by-case basis; and computers, which will be reviewed with a presumption of denial. Items classified as EAR99 will be reviewed with a presumption of approval. All other items subject to the EAR to these listed entities will be reviewed with a presumption of denial.

(2) *Parastatal and private entities.* Applications to export or reexport items controlled for NP or MT reasons to certain parastatal and private entities will be denied, except items intended to ensure the safety of civil aviation and safe operation of commercial passenger aircraft, which will be reviewed on a case-by-case basis; and computers, which will be reviewed with a presumption of denial. Items classified as EAR99 will be reviewed with a

presumption of approval. All other items subject to the EAR to these listed entities will be reviewed with a presumption of denial. Except for items controlled for NP or MT reasons, exports or reexports to listed parastatals and private entities with whom you have a preexisting business arrangement will be considered on a case-by-case basis, with a presumption of approval in cases where neither the arrangement nor the specific transaction involves nuclear or missile activities and the exports or reexports are pursuant to that arrangement. Because EAR99 items have a license review policy of presumption of approval, you may choose not to provide documentation of such arrangements for those items. The term "business arrangement" covers the full range of business agreements, including general contracts, general terms agreements (e.g., agreements whereby the seller delivers products under purchase orders to be issued by the buyer), general business agreements, offset agreements, letter agreements that

are stand-alone contracts, and letter agreements that are amendments to existing contracts or other agreements. The terms of the preexisting business arrangement policy may also apply to the longstanding continued supply of a particular item or items from the exporter to the entity even when there is no current agreement between the firms. BXA, in conjunction with other agencies, will determine eligibility under the preexisting business arrangement policy. In order to be eligible under the policy, you must provide documentation to establish such an arrangement. The documentation should be provided at the time you submit a license application to export or reexport items to any listed parastatal or private entity.

3. Supplement No. 4 to part 744 is amended by removing the entities for India and Pakistan and replacing them with the following list of entities for India and Pakistan, and adding Appendixes A and B to Supplement No. 4 to part 744 to read as follows:

COMMODITY FUTURES TRADING COMMISSION

17 CFR Parts 15, 16 and 17

RIN 3038-ZA10

Changes in Reporting Levels for Large Trader Reports

AGENCY: Commodity Futures Trading Commission.

ACTION: Final Rulemaking.

SUMMARY: The Commodity Futures Trading Commission (Commission or CFTC) periodically reviews its large trader reporting rules to ensure that the Commission is receiving adequate information to carry out its market surveillance programs. Based upon the Commission's most recent review of these rules the Commission is amending, as proposed, Parts 15, 16, and 17 of its rules, 17 CFR Parts 15, 16 and 17. The final amendments to Part 15 raise the reporting levels at which futures commission merchants (FCMs), clearing members, foreign brokers,¹ and traders must file large trader reports in certain commodities to reduce the number of required reports. The Commission is also deleting, as proposed, the requirement that where an independent account controller trades for a number of commodity pools, the carrying firm must identify separately each such commodity pool. In addition, the amendments delete, as proposed, reporting Rule 17.01(c) under which a reporting firm was required to identify the number and name of other accounts that the trader controlled or owned that were not included in the special account.

The Commission is also reorganizing, as proposed, the identifying information large traders report on CFTC Form 40 "Statement of Reporting Trader" to obtain and present data more useful to the Commission's market surveillance activities. In addition, the Commission is deleting the requirement under Part 16, as proposed, that exchanges provide weekly option large trader data directly to the Commission. These final

amendments streamline the reporting process and substantially lessen the burden on persons reporting, as well as the processing workload of the Commission, without compromising the integrity of the Commission's large trader reporting system, its market surveillance activities or its oversight responsibilities.

EFFECTIVE DATE: May 16, 2000.

SUPPLEMENTARY INFORMATION:

I. Background

The Commission has re-examined its rules regarding its large trader reporting system. The Commission's large-trader reporting system is an important Commission oversight tool. These rules require FCMs to report to the Commission position information of the largest futures and options traders and require the traders themselves to provide certain identifying information. Reporting levels are set in the designated futures and option markets under the authority of sections 4i and 4c of the Act to ensure that the Commission receives adequate information to carry out its market surveillance programs. These market surveillance programs are designed to detect and to deter market congestion and price manipulation and to enforce speculative position limits. They also provide information regarding the overall hedging and speculative use of, and foreign participation in, the futures markets and other matters of public interest. Generally, the firm carrying the reportable trader's position files large trader reports.²

² Specifically, Parts 17 and 18 of the regulations require reports from firms and traders, respectively, when a trader holds a "reportable position." A reportable position is any open contract position that at the close of the market on any business day equals or exceeds the quantity specified in Commission Rule 15.03 in either: (1) Any one future of any commodity on any one contract market, excluding futures contracts against which notices of delivery have been stopped by a trader or issued by the clearing organization of a contract market; or (2) Long or short put or call options that exercise into the same future of any commodity on any one contract market. 17 CFR 15.00 and Part 150. The firms which carry accounts for traders holding "reportable positions" are required to identify those accounts by filing a CFTC Form 102, discussed infra, and to report all reportable positions in the accounts to the Commission. The individual trader who holds or controls the reportable position, however, is required to report

¹ FCMs, clearing members and foreign brokers are referred to herein collectively as "firms."
