BILLING CODE 9112-FN-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-6521-N-01]

Elimination of Green and Energy Efficient Mortgage Insurance Premium Rate Category Applicable to Section 232 Mortgages

AGENCY: Office of the Assistant Secretary for Housing—Federal Housing Commissioner, HUD.

ACTION: Notice.

SUMMARY: On May 19, 2022, HUD proposed MIP reductions to achieve green and energy-efficiency buildings for FHA-insured loans on properties under specific Office of Healthcare insurance programs (the 2022 notice). This notice eliminates the Green and Energy Efficient MIP category for Healthcare Facilities, and all projects will be subject to the rate that had been previously established through **Federal Register** notice for such FHA-insured loans.

DATES: The elimination of the Green and Energy Efficient MIP category for Healthcare Facilities will be effective for applications received by HUD on or after August 25, 2025.

FOR FURTHER INFORMATION CONTACT: John Hartung, Director, Policy, Risk Analysis and Lender Relations Division, Office of Residential Care Facilities, Office of Healthcare Programs, Office of Housing, Department of Housing and Urban Development, 1222 Spruce Street, St. Louis, MO 63103-2836; telephone: 314-418-5238 (this is not a toll-free

number). HUD welcomes and is prepared to receive calls from individuals who are deaf or hard of hearing, as well as individuals with speech or communication disabilities. Email inquiries may be sent to disaster_recovery@hud.gov.

SUPPLEMENTARY INFORMATION:

I. Background

Section 203(c)(1) of the National Housing Act (the Act) authorizes the Secretary to set the premium charge for insurance of mortgages under the various programs in title II of the Act. The range within which the Secretary may set such charges must be between one-fourth of one percent per annum and one percent per annum of the amount of the principal obligation of the mortgage outstanding at any time. (see 12 U.S.C. 1709(c)(1)).

On May 19, 2022, HUD published a notice in the **Federal Register** proposing that FHA-insured loans on properties under specific Office of Healthcare insurance programs would receive a reduced MIP to be known as a “Green and Energy Efficient” MIP if they met specified energy and water usage reduction requirements (87 FR 30510). The 2022 notice encompassed not only new construction and substantial rehabilitation loans but also specified purchase, refinance, and supplemental loans pursuant to Section 232. The 2022 notice stated that the additional category of premium would “promote the President’s climate change initiatives.” On August 18, 2022, HUD published Mortgagee Letter 2022-13, finalizing the proposed MIP and providing further guidance.

On January 20, 2025, President Trump signed Executive Order 14154 titled “Unleashing American Energy,” which shifts agency priorities away from policies that promote green and energy efficient goals.

II. This Notice

In response to Executive Order 14154 (Unleashing American Energy), to increase efficiency, and to ensure financial stability of the FHA insurance fund, the reduced MIP rates for FHA-insured loans on properties under the specified Office of Healthcare insurance programs announced in the 2022 notice are hereby eliminated.

HUD does acknowledge that in 2022 the Department articulated various policy reasons for offering borrowers on some Section 232 new transactions the opportunity to obtain a reduced MIP by
