Needs and Uses: This collection is being submitted as a revision to a currently approved collection. The Commission adopted a Report and Order, released June 21, 2011, *Lifeline and Link Up Reform and Modernization, Federal-State Joint Board on Universal Service, Lifeline and Link Up*, WC Docket Nos. 11-42 and 03-109, CC Docket No. 96-45, *Report and Order*, FCC 11-97 (rel. June 21, 2011) (*Lifeline Duplicates Payment Order*), intended to take immediate action to address potential waste, fraud, and abuse in the universal service low income program.

This order takes immediate action to address potential waste in the universal service Lifeline and Link Up program (Lifeline/Link Up or the program) by preventing duplicative program payments for multiple Lifeline-supported services to the same individual. To ensure prompt action to

eliminate duplicative Lifeline support, we adopt a final rule clarifying that qualifying low-income consumers may receive no more than a single Lifeline benefit. We also require eligible telecommunications carriers (ETCs) upon notification from the Universal Service Administrative Company (USAC) to de-enroll subscribers that are receiving multiple benefits in violation of that rule. Further, we direct the Commission's Wireline Competition Bureau to send a letter to USAC to implement an administrative process to detect and resolve duplicate claims.

On March 4, 2011, the Commission released a Notice of Proposed Rulemaking to reform and modernize the Lifeline/Link Up program. In the 2011 Lifeline and Link Up NPRM, the Commission underscored its commitment to eliminating waste, fraud, and abuse in Lifeline/Link Up and presented a comprehensive set of proposals to better target support to needy consumers and maximize the number of Americans with access to modern communications services. In the NPRM, we explained that, while we are considering broader reforms to the program, it may be necessary for the Commission to take action to address immediately the harm done to the Universal Service Fund by duplicative claims for Lifeline support. Thus, the duplicate resolution process the Commission directs USAC to implement is an interim measure that will be in place while the Commission considers a more comprehensive resolution of this issue and other issues raised in the 2011 Lifeline and Link Up NPRM.

The Commission plans to submit additional revisions to OMB collection 3060-0819 at a later date seeking approval to collect additional information as stated in the NPRM, pending the outcome of a PIA and SORN to further prevent waste, fraud and abuse of the Lifeline Link Up support mechanism.

Federal Communications Commission.

Marlene H. Dortch,

Secretary.
