SUPPLEMENTARY INFORMATION:

Description of the Matching Program

A. General

The Computer Matching and Privacy Protection Act of 1988 (Public Law (Pub. L.) 100-503), amended the Privacy Act (5 U.S.C. 552a) by describing the manner in which computer matching involving Federal agencies could be performed and adding certain protections for individuals applying for and receiving Federal benefits. Section 7201 of the Omnibus Budget Reconciliation Act of 1990 (Pub. L. 101-508) further amended the Privacy Act regarding protections for such individuals. The Privacy Act, as amended, regulates the use of computer matching by Federal agencies when records in a system of records are matched with other Federal, state, or local government records. It requires Federal agencies involved in computer matching programs to:

1. Negotiate written agreements with the other agencies participating in the matching programs;
2. Obtain the Data Integrity Board approval of the match agreements;
3. Furnish detailed reports about matching programs to Congress and OMB;
4. Notify applicants and beneficiaries that the records are subject to matching; and,
5. Verify match findings before reducing, suspending, terminating, or denying an individual's benefits or payments.

B. CMS Computer Matches Subject to the Privacy Act

CMS has taken action to ensure that all CMPs that this Agency participates in comply with the requirements of the Privacy Act of 1974, as amended.

Dated: July 12, 2005.

John R. Dyer,

Chief Operating Officer, Centers for Medicare & Medicaid Services.

Computer Match No. 2005-02

Name

“Computer Matching Agreement (CMA) Between the Centers for Medicare & Medicaid Services (CMS) and the State of Ohio Department of Job & Family Services (ODJFS) for Disclosure of Medicare and Medicaid Information”.

Security Classification

Level Three Privacy Act Sensitive.

Participating Agencies

The Centers for Medicare & Medicaid Services, and State of Ohio Department of Job & Family Services.

Authority for Conducting Matching Program

This CMA is executed to comply with the Privacy Act of 1974 (Title 5 United States Code (U.S.C.) 552a), as amended, (as amended by Public Law (Pub. L.) 100-503, the Computer Matching and Privacy Protection Act (CMPPA) of 1988), the Office of Management and Budget (OMB) Circular A-130, titled “Management of Federal Information Resources” at 65 **Federal Register** (FR) 77677 (December 12, 2000), 61 FR 6435 (February 20, 1996), and OMB guidelines pertaining to computer matching at 54 FR 25818 (June 19, 1989).

This Agreement provides for information matching fully consistent with the authority of the Secretary of the Department of Health and Human Services (Secretary). Section 1816 of the Social Security Act (the Act) permits the Secretary to contract with Fiscal Intermediaries (FI) to “make such audits of the records of providers as may be necessary to insure that proper payments are made under this part,” and to “perform such other functions as are necessary to carry out this subsection” (42 U.S.C. 1395h (a)).

Section 1842 of the Act provides that the Secretary may contract with entities known as carriers to “make such audits of the records of providers of services as may be necessary to assure that proper payments are made” (42 U.S.C. 1395u(a)(1)(C)); “assist in the application of safeguards against unnecessary utilization of services furnished by providers of services and other persons to individuals entitled to benefits” (42 U.S.C. 1395u(a)(2)(B)); and “to otherwise assist * * * in discharging administrative duties

necessary to carry out the purposes of this part” (42 U.S.C. 1395u(a)(4)).

Furthermore, § 1874(b) of the Act authorizes the Secretary to contract with any person, agency, or institution to secure on a reimbursable basis such special data, actuarial information, and other information as may be necessary in the carrying out of his functions under this title (42 U.S.C. 1395kk(b)).

Section 1893 of the Act establishes the Medicare Integrity Program, under which the Secretary may contract with eligible entities to conduct a variety of program safeguard activities, including fraud review employing equipment and software technologies that surpass the existing capabilities of FIs and Carriers (42 U.S.C. § 1395ddd). The contracting entities are called Program Safeguards Contractors.

Authority for ODJFS to participate in this computer-matching program is given under the provisions of §§ 5101.27-30 of the Ohio Revised Code, and 42 CFR 431.300 through 431.307. ODJFS is charged with administration of the Medicaid program in Ohio and is the single state agency for such purpose. ODJFS may act as an agent or representative of the Federal Government for any purpose in furtherance of ODJFS’s functions or administration of the Federal funds granted to the state. In Ohio, the Medicaid program provides qualifying individuals with health care and related remedial or preventive services, including both Medicaid services and services authorized under state law that are not provided under Federal law.

Purpose(s) of the Matching Program

The purpose of this agreement is to establish the conditions, safeguards, and procedures under which CMS will conduct a computer matching program with ODJFS to study claims, billing, and eligibility information to detect suspected instances of fraud and abuse (F&A) in the State of Ohio. CMS and ODJFS will provide a CMS contractor (hereinafter referred to as the “Custodian”) with Medicare and Medicaid records pertaining to eligibility, claims, and billing which the Custodian will match in order to merge the information into a single database. Utilizing fraud detection software, the information will then be used to identify patterns of aberrant practices requiring further investigation. The following are examples of the type of aberrant practices that may constitute F&A by practitioners, providers, and suppliers in the State of Ohio expected to be identified in this matching program: (1) Billing for provisions of more than 24 hours of services in one

day, (2) providing treatment and services in ways more statistically significant than similar practitioner groups, and (3) up-coding and billing for services more expensive than those actually performed.

Categories of Records and Individuals Covered by the Match

This CMP will enhance the ability of CMS and ODJFS to detect F&A by matching claims data, eligibility, and practitioner, provider, and supplier enrollment records of Medicare beneficiaries, practitioners, providers, and suppliers in the State of Ohio against records of Medicaid beneficiaries, practitioners, providers, and suppliers in the State of Ohio.
