

Our Response: The mortality estimates at haulouts provided in the SAR are rough estimates because they are based on a combination of biologist and Alaska Native hunter's observations and counts. We have provided clarifying text to the SAR to reflect the source and nature of this information.

Comment 35: One commenter suggested that the SAR be modified to reflect the level of industrial activity near Hanna Shoal.

Our Response: From 2006 to 2013, two to three operators have conducted activities in the Chukchi Sea annually, but not always near Hanna Shoal. Activities have included mainly geotechnical and environmental studies, but also 2D and 3D seismic activities, and one drilling operation. We anticipate that the level of activity in the foreseeable future near Hanna Shoal will remain the same as that which we have seen in the past 8 years.

Comment 36: One commenter recommended that the Service update information about the amount of tonnage of cargo, including oil products, moving through Russian waters, as the traffic there far exceeds that in U.S. waters.

Our Response: The information presented was the most current on the number of transits at the time the draft SAR was completed. We currently do not have information on the tonnage of cargo moving through Russian and U.S. waters, but will seek a source for this type of information in the future.

References

In accordance with section 117(b)(1) of the MMPA, we include in this notice a list of the sources of information or published reports upon which we based the revised SARs. The Service consulted technical reports, conference proceedings, refereed journal publications, and scientific studies prepared or issued by Federal agencies, nongovernmental organizations, and individuals with expertise in the fields of marine mammal biology and ecology, population dynamics, Alaska Native subsistence use of marine mammals, modeling, and commercial fishing technology and practices.

These agencies and organizations include: the Service, the U.S. Geological Survey, the National Oceanic and Atmospheric Administration, the National Park Service, the Arctic Institute, the North American Wildlife and Natural Resource Conference, the Marine Mammals of the Holarctic V Conference, the Aleutian Islands Risk Assessment Management Team, the Exxon Valdez Restoration Project, and the Outer Continental Shelf

Environmental Assessment Program. In addition, the Service consulted publications such as the Journal of Wildlife Management, Conservation Biology, Marine Mammal Science, Ecological Applications, Biological Conservation, Aquatic Mammals, and Journal of Zoology, as well as other refereed journal literature, technical reports, and data sources in the development of these SARs.

A complete list of citations to the scientific literature relied on for each of the four revised SARs is available on the Federal eRulemaking portal (<http://www.regulations.gov>) under Docket No. FWS-R7-ES-2012-0019. The list can also be viewed in Adobe Acrobat format at <http://alaska.fws.gov/fisheries/mmm/reports.htm>.

Authority

The authority for this action is the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*).

Dated: April 7, 2014.

DEPARTMENT OF LABOR

Office of the Secretary

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Application for Alien Employment Certification

ACTION: Notice.

SUMMARY: The Department of Labor (DOL) is submitting the Employment and Training Administration (ETA)

sponsored information collection request (ICR) revision titled, "Application for Alien Employment Certification," to the Office of Management and Budget (OMB) for review and approval for use in accordance with the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501 et seq.). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that agency receives on or before May 21, 2014.

ADDRESSES: A copy of this ICR with applicable supporting documentation; including a description of the likely respondents, proposed frequency of response, and estimated total burden may be obtained free of charge from the RegInfo.gov Web site at http://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=201312-1205-0006 (this link will only become active on the day following publication of this notice) or by contacting Michel Smyth by telephone at 202-693-4129, TTY 202-693-8064, (these are not toll-free numbers) or sending an email to DOL_PRA_PUBLIC@dol.gov.

Submit comments about this request by mail or courier to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for DOL-ETA, Office of Management and Budget, Room 10235, 725 17th Street NW., Washington, DC 20503; by Fax: 202-395-6881 (this is not a toll-free number); or by email: OIRA_submission@omb.eop.gov. Commenters are encouraged, but not required, to send a courtesy copy of any comments by mail or courier to the U.S. Department of Labor-OASAM, Office of the Chief Information Officer, Attn: Departmental Information Compliance Management Program, Room N1301, 200 Constitution Avenue NW., Washington, DC 20210; or by email: DOL_PRA_PUBLIC@dol.gov.

FOR FURTHER INFORMATION CONTACT: Michel Smyth by telephone at 202-693-4129, TTY 202-693-8064, (these are not toll-free numbers) or sending an email to DOL_PRA_PUBLIC@dol.gov.

Authority: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: This ICR seeks OMB approval under the PRA for revisions to the Application for Alien Employment Certification information collection that helps the DOL to meet its statutory responsibilities for program administration, management, and oversight under the Immigration and Naturalization Act (INA). INA section 212(a)(5)(A)(iii) deals specifically with professional athletes coming to the U.S.A. on a permanent basis as

immigrants, and Form ETA-750, part A is used to collect information that permits the DOL to meet Federal responsibilities for such entry. Form ETA-750, part B provides detailed information about an alien's education and work history and is used by the DOL to collect information about the professional athlete on whose behalf an application for permanent labor certification is filed. The Department of Homeland Security also uses part B for foreign workers applying for the National Interest Waiver of the job offer requirement under INA section 203(b)(2)(B)(i). This use is required under is also required 8 CFR 204.5(k)(4)(ii).

This information collection has been classified as a revision, because Form ETA-9142B is now used to obtain information needed to issue an H-2B visa to a professional athlete seeking temporary non-immigrant admission into the U.S.A. The DOL has previously used Form ETA-750 part A to collect information for labor certification for athletes seeking either temporary or permanent admission. The DOL obtains PRA authority for Form ETA-9142B under Control Number 1205-0509, and this ICR will merely conclude the transfer of the burden from one Control Number to another.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205-0015. The current approval is scheduled to expire on April 30, 2014; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on January 3, 2014 (79 FR 407).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the ADDRESSES section within 30 days of publication of this notice in the **Federal Register**. In order to help ensure appropriate

consideration, comments should mention OMB Control Number 1205-0015. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Agency: DOL-ETA.

Title of Collection: Application for Alien Employment Certification.

OMB Control Number: 1205-0015.

Affected Public: Private Sector—businesses or other for-profits and not-for-profit institutions.

Total Estimated Number of Respondents: 2,033.

Total Estimated Number of Responses: 2,033.

Total Estimated Annual Time Burden: 3,692 hours.

Total Estimated Annual Other Costs Burden: \$0.

Dated: April 15, 2014.

Michel Smyth,

Departmental Clearance Officer.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice: (14-036)]

Notice of Information Collection

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of information collection

SUMMARY: The National Aeronautics and Space Administration, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction
