

facts otherwise available.” We have determined that, in not responding to the Department’s questionnaires, the PRC entity has not acted to the best of its ability and an adverse inference is warranted.²⁷ Thus, we have made an adverse inference that there were massive imports from the PRC entity over a relatively short period.

In this case, the HTS numbers listed in the scope of the investigation include both subject merchandise and non-subject merchandise, and thus, we were not able to distinguish the amounts of shipments accounted for by the mandatory and separate rate respondents from the amount of shipments accounted for by the PRC-wide entity with respect to subject merchandise.²⁸ Accordingly, we were not able to use the U.S. Census Bureau data to corroborate our adverse inference. However, as the SAA states, “The fact that corroboration may not be practicable in a given circumstance will not prevent the agencies from applying an adverse inference under subsection (b).”²⁹

We will issue a final determination concerning critical circumstances for all exporters of subject merchandise from the PRC when we issue our final determination in this investigation, which will be not later than July 7, 2008, the first business day after the statutory deadline of July 4, 2008.

Case briefs or other written comments may be submitted to the Assistant Secretary for Import Administration no later than three days after the publication of the preliminary determination of critical circumstances in this proceeding. Rebuttal briefs limited to issues raised in the aforementioned case briefs will be due no later than two days after the deadline date for case briefs.

Suspension of Liquidation

With respect to the PRC entity, we will direct CBP to suspend liquidation of all unliquidated entries of OTR tires from the PRC that were entered, or withdrawn from warehouse, for consumption on or after November 22, 2007, which is 90 days prior to February 20, 2008, the date of publication in the **Federal Register** of our preliminary determination in this investigation. With respect to the mandatory

respondents, Guizhou Tyre, Starbright, TUTRIC and Xugong, and the separate-rate companies, in accordance with section 733(d) of the Act, we will make no changes to our instructions to CBP with respect to the suspension of liquidation of all entries of subject merchandise entered, or withdrawn from warehouse, for consumption on or after February 20, 2008.

This determination is issued and published in accordance with Sections 733(f) and 777(i)(1) of the Act.

Dated: April 11, 2008.

Extension of Time Limit of Preliminary Results

Section 751(a)(2)(B)(iv) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue the final results of a new shipper review

Floor-Standing, Metal-Top Ironing Tables and Parts Thereof from the People's Republic of China: Extension of the Time Limit for the Preliminary Results of the 2006/2007 Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: April 21, 2008.

FOR FURTHER INFORMATION CONTACT: Bobby Wong or Toni Dach, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, DC 20230; telephone: (202) 482-0409 or (202) 482-1655, respectively.

SUPPLEMENTARY INFORMATION:

Background

On August 6, 2004, the Department of Commerce ("Department") published in the **Federal Register** an antidumping duty order on floor standing, metal-top ironing tables and parts thereof from the People's Republic of China ("PRC"). See *Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Floor-Standing, Metal-Top Ironing Tables and Certain Parts Thereof From the People's Republic of China*, 69 FR 47868 (August 6, 2004). The Department received timely requests from Since Hardware

(Guangzhou) Co., Ltd. ("Since Hardware") and Forever Holdings Limited ("Forever Holdings"), in accordance with 19 CFR 351.213(b)(2), for an administrative review of the antidumping duty order on ironing tables and parts thereof from the PRC, which has an August annual anniversary month. Home Products International Inc., the petitioner, also requested, in accordance with 19 CFR 351.213(b)(1), an administrative review of the antidumping duty order on ironing tables and parts thereof from the PRC for Since Hardware. On September 25, 2007, the Department initiated an administrative review with respect to Since Hardware and Forever Holdings. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 72 FR 54428 (September 25, 2007).

The deadline for completion of the preliminary results in the administrative review for Since Hardware and Forever Holdings is currently May 2, 2008.

Extension of Time Limits for Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), and section 351.213(h)(1) of the Department's regulations require the Department to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of the order or suspension agreement for which the administrative review was requested, and the final results of the review within 120 days after the date on which the notice of the preliminary results was published in the **Federal Register**. However, if the Department determines that it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act and section 351.213(h)(2) of the Department's regulations allow the Department to extend the 245-day period to 365 days and the 120-day period to 180 days.

Pursuant to section 751(a)(3)(A) of the Act and section 351.213(h) of the Department's regulations, we determine that it is not practicable to complete this administrative review within the statutory time limit of 245 days. The Department requires additional time to analyze questionnaire responses, and issue supplemental questionnaires. In particular, there are complex factors of production methodology issues that the Department requires additional time to analyze. Therefore, in accordance with section 751(a)(3)(A) of the Act and section 351.213(h)(2) of the Department's regulations, the Department is extending the time limit for the completion of these preliminary
