II. Discussion

In accordance with section 110.70(b) of title 10 of the Code of Federal Regulations (10 CFR), the NRC is providing notice of an application (XW010/04), submitted by ESSI on July 28, 2020, to amend and renew an existing export license authorizing the export of Canadian-origin radioactive waste from ESSI processing facilities in the State of Tennessee to Canada. The existing export license (XW010/03), which expires on December 31, 2020, authorizes the export of up to 10,000 tons of low-level radioactive waste, previously imported from Canada, resulting from the incineration of heath ash non-conforming materials. The application requests: (1) Renewing the cumulative radioactivity limits for XW010 of the total quantities of

radioactive material/waste and increasing the weight of radioactive material/waste exported to Canada; (2) adding to the export license the authorization to export primary heat transfer pumps back to Canada if they are deemed unrepairable and categorized as waste for disposal in Canada if not processed for metal melt recycle; and (3) extending the license expiration date to December 31, 2026.

The NRC is providing notice of the receipt of the application; providing the opportunity to submit written comments concerning the application; and providing the opportunity to request a hearing or petition for leave to intervene for a period of 30 days after publication of this notice in the Federal Register. A hearing request or petition for leave to intervene must include the information specified in 10 CFR 110.82(b). Any request for hearing or petition for leave to intervene shall be served by the requestor or petitioner in accordance with 10 CFR 110.89(a), either by delivery, by mail, or filed with the NRC electronically in accordance with NRC's E-Filing rule (72 FR 49139; August 28, 2007, as amended at 77 FR 46562, August 3, 2012). Information about filing electronically is available on the NRC's public website at https:// www.nrc.gov/site-help/esubmittals.html.

To ensure timely electronic filing, at least 10 days prior to the filing deadline, the petitioner/requestor should contact the Office of the Secretary by email at Hearing.Docket@nrc.gov, or by calling 301-415-1677, to (1) request a digital identification (ID) certificate, which allows the participant (or its counsel or representative) to digitally sign submissions and access the E-Filing system for any proceeding in which it is participating; and (2) advise the Secretary that the participant will be submitting a petition or other adjudicatory document (even in instances in which the participant, or its counsel or representative, already holds an NRC-issued digital ID certificate). Based upon this information, the Secretary will establish an electronic docket for the hearing in this proceeding if the Secretary has not already established an electronic docket.
