

ADDRESSES: Comments should be sent to: Environmental Protection Agency, Region 9, Peggy De La Torre (PMD-8), 75 Hawthorne Street, San Francisco, CA 94105.

FOR FURTHER INFORMATION CONTACT: Peggy De La Torre, Policy & Management Division, Environmental Protection Agency, Region 9, 75 Hawthorne Street, San Francisco, CA 94105, (415) 972-3717.

Notice of Required Determinations, Contract Provisions and Opportunity to Comment: The Comprehensive Environmental Response, Compensation, and Liability Act of 1980 ("CERCLA") as amended, (commonly known as "Superfund") requires completion of enforcement activities at Superfund sites in concert with other site events. EPA has entered into a contract, No. GS-10F-0168J, delivery order No. 0901, with TechLaw, Inc. for Superfund Enforcement Support Services-Emergency Response Enforcement ("SESS9-ERE"). These services will be provided to EPA by SAIC and its subcontractors: Jonas and Associates, Inc. of Martinez, CA and PPC Land Consultants, Inc. of Dixon, CA. EPA has determined that disclosure of CBI to SAIC employees, and its subcontractors' employees, is necessary in order that SAIC may carry out the work required by that contract with EPA. The information EPA intends to disclose includes submissions made by Potentially Responsible Parties to EPA in accordance with EPA's enforcement activities at Superfund sites. The information would be disclosed to the contractor and its subcontractor for any of the following reasons: to assist with document handling, inventory, and indexing; to assist with document review and analysis; to verify completeness; and to provide technical review of submittals. The contract complies with all requirements of 40 CFR 2.310(h)(2). EPA Region 9 will require that each SAIC employee and subcontractor employee sign a written agreement that he or she: (1) Will use the information only for the purpose of carrying out the work required by the contract, (2) shall refrain from disclosing the information to anyone other than EPA without prior written approval of each affected business or of an EPA legal office, and (3) shall return to EPA all copies of the information (and any abstracts or extracts therefrom) upon request from the EPA program office, whenever the information is no longer required by SAIC and its subcontractors for performance of the work required by the contract or upon

completion of the contract or subcontract.

Dated: October 25, 2004.

Nancy Lindsay,

Deputy Director, Superfund Division, Region 9.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7836-2]

Workshop on Lead in Drinking Water in Schools and Child Care Facilities

AGENCY: Environmental Protection Agency.

ACTION: Notice.

SUMMARY: The U.S. Environmental Protection Agency (EPA) is holding a workshop to discuss issues concerning lead in drinking water in schools and child care facilities. The EPA recognizes that lead in drinking water most often occurs within the distribution system and the Agency is especially concerned about its effects on vulnerable populations, such as children. The EPA is hosting this workshop to discuss experiences and options with national experts in drinking water and children's health and education. The workshop participants will discuss best practices to promote awareness and water testing in schools and child care facilities, linkages between water suppliers and school officials, school and child care facilities participation in voluntary programs, and the Lead and Copper Rule and Lead Contamination Control Act as they apply to schools and child care facilities. The EPA has been working with the Department of Education to plan this event.

DATES: The workshop will be held on December 7, 2004, 8:30 a.m. to 5:30 p.m. Eastern time.

ADDRESSES: The workshop will be held at the Wyndham Washington Hotel, 1400 M Street NW., Washington, DC 20005.

FOR FURTHER INFORMATION CONTACT: To attend this workshop as an observer registration is required. Attendance as an observer is limited to the first 50 people to register. To register by phone, please contact Sarah Koppel at 202-564-3859, or register by e-mail at koppel.sarah@epa.gov. For administrative meeting information and technical information contact Lisa Christ, Office of Water, Office of Ground Water and Drinking Water, U.S. EPA, 1200 Pennsylvania Ave., NW., (MC 4606M), Washington, DC 20460, at 202-

564-8354 or by e-mail at christ.lisa@epa.gov.

SUPPLEMENTARY INFORMATION: There is no charge for attending this workshop as an observer, but seats are limited, so register as soon as possible. Any person needing special accommodations at the meeting, including wheelchair access, should make this known at the time of registration.

Dated: November 1, 2004.

Cynthia C. Dougherty,

Director, Office of Ground Water and Drinking Water.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7835-4]

Air Quality Criteria Document for Lead

AGENCY: Environmental Protection Agency.

ACTION: Notice; call for information.

SUMMARY: The U.S. Environmental Protection Agency (EPA) Office of Research and Development's National Center for Environmental Assessment (NCEA) is updating and revising, where appropriate, the Air Quality Criteria for Lead, EPA-600/8-83/028aF-dF, published in June 1986, and the associated supplement (EPA-600/8-89/049F) published in 1990. Interested parties are invited to assist the EPA in developing and refining the scientific information base for updating the Air Quality Criteria for Lead by submitting research studies that have been published, accepted for publication, or presented at a public scientific meeting.

DATES: The sixty-day period for submission of this information begins November 15, 2004, and ends January 15, 2005.

ADDRESSES: Information may be submitted electronically, by mail, by facsimile, or by hand delivery/courier. Please follow the detailed instructions as provided in the section of this notice entitled **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: For details on the period for submission of research information from the public, contact the Office of Environmental Information Docket; telephone: 202-566-1752; facsimile: 202-566-1753; or e-mail: ORD.Docket@epa.gov.

For technical information, contact Robert Elias, Ph.D., NCEA, facsimile: 919-541-1818 or e-mail: elias.robert@epa.gov.

SUPPLEMENTARY INFORMATION: Under the Clean Air Act, lead is one of six principal (or "criteria") pollutants for which EPA has established National Ambient Air Quality Standards (NAAQS). Periodically, EPA reviews the scientific basis for these standards by preparing an Air Quality Criteria Document (AQCD). The AQCD is the scientific basis for the additional technical and policy assessments that form the basis for EPA decisions on the adequacy of a current NAAQS and the appropriateness of new or revised standards. One of the first steps in this process is to announce the beginning of this periodic NAAQS review and the start of the development of the AQCD, by requesting that the public submit scientific literature that they want to bring to the attention of the Agency as it begins this process. The Clean Air Scientific Advisory Committee (CASAC), a review committee mandated by the Clean Air Act and part of the EPA's Science Advisory Board (SAB), is charged with independent expert scientific review of EPA's draft AQCDs. As the process proceeds, the public will have opportunities to review and comment on the draft lead AQCD. These opportunities will also be announced in the **Federal Register**.

Since completion of the 1986 Air Quality Criteria for Lead and the associated 1990 Lead Supplement, EPA has continued to follow the scientific research on lead exposure and its effects on health and the environment and has gathered some appropriate studies. The Agency is interested in additional new information, particularly concerning the effects of lead on humans and on laboratory animals, as well as on vegetation, both in agricultural ecosystems (crops) and in natural ecosystems. EPA also seeks recent information in other areas of lead research such as chemistry and physics, sources and emissions, analytical methodology, transport and transformation in the environment, and ambient concentrations. This and other selected literature relevant to a review of the NAAQS for lead will be assessed in the forthcoming revised Lead AQCD. One or more drafts of the lead AQCD are expected to be made available by EPA for public comment and CASAC review during 2005 and/or possibly 2006. In addition, other opportunities for submission of new peer-reviewed, published (or in-press) papers will be possible as part of public comment on the draft documents that will be reviewed by CASAC.

EPA has established an official public docket for information pertaining to the revision of the lead criteria document,

Docket ID No. ORD-2004-0018. The official public docket is the collection of materials, excluding Confidential Business Information (CBI) or other information whose disclosure is restricted by statute, that is available for public viewing at the Office of Environmental Information (OEI) Docket in the Headquarters EPA Docket Center, EPA West Building, Room B102, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is 202-566-1744, and the telephone number for the OEI Docket is 202-566-1752; facsimile: 202-566-1753; or e-mail: ORD.Docket@epa.gov.

An electronic version of the official public docket is available through EPA's electronic public docket and comment system, E-Docket. You may use E-Docket at <http://www.epa.gov/edocket/> to submit or view public comments, to access the index listing of the contents of the official public docket, and to view those documents in the public docket that are available electronically. Once in the system, select "search," then key in the appropriate docket identification number.

Certain types of information will not be placed in E-Docket. Information claimed as CBI and other information with disclosure restricted by statute, also not included in the official public docket, will not be available for public viewing in E-Docket. Copyrighted material also will not be placed in E-Docket but will be referenced there and available as printed material in the official public docket.

Persons submitting information should note that EPA's policy makes the information available as received and at no charge for public viewing at the EPA Docket Center or in E-Docket. This policy applies to information submitted electronically or in paper, except where restricted by copyright, CBI, or statute.

Unless restricted as above, information submitted on computer disks that are mailed or delivered to the docket will be transferred to E-Docket. Physical objects will be photographed, where practical, and the photograph will be placed in E-Docket along with a brief description written by the docket staff.

You may submit information electronically, by mail, by facsimile, or by hand delivery/courier. To ensure proper receipt by EPA, include the appropriate docket identification number with your submission. Please adhere to the specified submitting period. Information received or

submitted past the close date will be marked "late" and may only be considered if time permits.

If you submit information electronically, EPA recommends that you include your name, mailing address, and an e-mail address or other details for contacting you. Also include these contact details on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the person submitting the information and allows EPA to contact you in case the Agency cannot read what you submit due to technical difficulties or needs to clarify issues raised by what you submit. If EPA cannot read what you submit due to technical difficulties and cannot contact you for clarification, it may delay or prohibit the Agency's consideration of the information.

To access EPA's electronic public docket from the EPA Internet Home Page, select "Information Sources," "Dockets," and "EPA Dockets." Once in the system, select "search," and key in Docket ID No. ORD-2004-0018. The system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact details if you are merely viewing the information.

Information may be sent by electronic mail (e-mail) to ORD.Docket@epa.gov, Attention Docket ID No. ORD-2004-0018. In contrast to EPA's electronic public docket, EPA's e-mail system is not an "anonymous access" system. If you send an e-mail directly to the docket without going through EPA's E-Docket, EPA's e-mail system automatically captures your e-mail address, and it becomes part of the information in the official public docket and is made available in EPA's E-Docket.

You may submit information on a disk or CD ROM mailed to the OEI Docket mailing address. Files will be accepted in WordPerfect, Word, or ASCII file format. Avoid the use of special characters and any form of encryption.

If you provide information in writing, please submit one unbound original, with pages numbered consecutively, and three copies. For attachments, provide an index, number pages consecutively with the main text, and submit an unbound original and three copies.

Dated: November 3, 2004.

John Vandenberg,

Acting Director, National Center for
Environmental Assessment.

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

Public Information Collection(s) Requirement Submitted to OMB for Emergency Review and Approval

November 2, 2004.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written comments should be submitted on or before December 9, 2004. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contacts listed below as soon as possible.

ADDRESSES: Direct all comments to Kristy L. LaLonde, Office of Management and Budget (OMB), Room 10236 NEOB, Washington, DC 20503, (202) 395-3087 or via the Internet at Kristy.L.LaLonde@omb.eop.gov, and Les Smith, Federal Communications Commission, Room 1-A804, 445 12th Street, SW., Washington, DC 20554 or via Internet to Leslie.Smith@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the

information collections contact Les Smith at (202) 418-0217 or via Internet at Leslie.Smith@fcc.gov.

SUPPLEMENTARY INFORMATION: The Commission has requested emergency OMB review of this collection with an approval by November 12, 2004.

OMB Control Number: 3060-0185.

Type of Review: Revision of a currently approved collection.

Title: Section 73.3613, Filing of Contracts.

Form Number: N/A.

Respondents: Business or other for-profit entities; Not-for-profit institutions.

Number of Respondents: 2,300.

Estimated Hours per Response: 0.25 to 0.5 hours.

Frequency of Response:

Recordkeeping; On occasion reporting requirements; Third party disclosure.

Total Annual Burden: 950 hours.

Total Annual Cost: \$80,000.

Needs and Uses: In June 2003, the Commission adopted changes to 47 CFR Section 73.3613 and the FCC's attribution rules. As a result, radio stations must now file agreements for the sale of advertising time (*i.e.*, "Joint Sales Agreements" or "JSAs") that result in attribution under the Commission's multiple ownership rules. This section also requires certain contracts to be retained at the station and made available for inspection by the Commission upon request.

On June 24, 2004, the Court issued an *Opinion and Judgment* ("*Remand Order*") in which it upheld certain aspects of the new ownership rules, including the attribution of JSAs among radio stations, while requiring further explanation for certain other aspects of the new rules. The Court stated that its prior stay of the new rules would remain in effect pending the outcome of the remand proceeding. The Commission has not yet responded to the *Remand Order*, but in the meantime the Commission filed a petition for rehearing requesting that the Court lift the stay partially—*i.e.*, with respect to the radio ownership and JSA attribution rules which the Court's *Remand Order* upheld.

On September 3, 2004, the Court issued an Order ("*Rehearing Order*") which partially granted the Commission's petition for rehearing, thus lifting the stay of the revised radio ownership and JSA attribution rules. As a result of the *Rehearing Order*, the Commission's revised radio ownership and JSA attribution rules took effect on September 3, 2004. Implementation of the new radio ownership and JSA attribution rules, as required by the

Rehearing Order, triggers the requirement for certain licensees to begin filing JSAs.

47 CFR 73.3613 requires licensees of television and radio broadcast stations to file with the Commission: (a) Contracts relating to ownership or control and personnel; and (b) time brokerage agreements that result in arrangements being counted under the Commission's multiple ownership rules. Television stations also must file network affiliation agreements.

Federal Communications Commission.

Marlene H. Dortch,

Secretary.

BILLING CODE 6712-01-P

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission, Comments Requested

October 29, 2004.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act (PRA) of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before January 10, 2005. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should
