SUPPLEMENTARY INFORMATION:

Title: Assignment and Joint Payment Elections.

Forms: CCC–36, “Assignment of Payment;” CCC–37, “Joint Payment Authorization;” CCC–251, “Notice of Assignment;” CCC–252, “Instrument of Assignment;” and CCC–40, “Request for FSA and NRCS Payments of Federal Benefits by Check (Request for Waiver).”

OMB Control Number: 0560–0183.

Expiration Date of Approval: August 31, 2021.

Type of Request: Revision and extension of a currently approved information collection request.

Abstract: FSA and CCC are requesting an extension with a revision of the currently approved information. Section 8(g) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590h(g)) authorizes producers to assign FSA conservation program payments in accordance with regulations issued by the Secretary. The Assignment of Payments regulation as specified in 7 CFR part 1404 requires that any such assignment be signed by both the assignor and the assignee. The Agricultural Act of 1949, as amended, extends that authority to CCC programs, including rice, feed grains, cotton, and wheat. There are no regulations governing joint payments, but this service is offered as a result of public requests for the type of payment option. The Natural Conservation Service (NRCS) is also using the forms but most NRCS programs are exempt from the PRA.

Customer (Assignors) may use form CCC–36—Assignment of Payment to assign payments under various CCC, FSA, or NRCS programs. Customers may submit a completed CCC–36 to any FSA and NRCS County Office to be entered into the Financial Services application or the NRCS ProTracts web application. County Office data entry requires a second user for verification. The second user may be located in the same County Office or another Office. When there is no second user available, an employee from another County Office may

perform this action by submitting a faxed copy of the form.

Customers may use the form CCC–40, Request for FSA and NRCS Payments of Federal Benefits by Check to invoke a hardship waiver payment. In accordance with Treasury Regulation 31 CFR 208, Payments by electronic funds transfer (EFT) are not required for anyone over the age of 90 born prior to May 1, 1921. The hardship waiver request can currently be submitted either in person or by phone call to the local county FSA and NRCS office by entering the waiver request in the Financial Service application for the following reasons: Geographic Barrier or Mental Impairment.

The differences in the forms are that FSA and NRCS use a tax identification number instead of a social security number. Most NRCS programs and some FSA programs are exempt from the Paperwork Reduction Act.

The number of respondents increased by 573,949, and the burden hours also increased by 95,704 likely due to increased producers or farmers participating in several programs such as Coronavirus Food Assistance Program (CFAP), Wildfires and Hurricanes Indemnity Program and other FSA programs.

For the following estimated total annual burden on respondents, the formula used to calculate the total burden hours is the estimated average time per response multiplied by the estimated total annual responses.

Estimate of Respondent Burden: Public reporting burden for collecting information under this notice is estimated to average 0.1667 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collections of information.

Type of Respondents: Producers participating in FSA, CCC, and NRCS programs.

Estimated Number of Respondents: 700,491.

Estimated Average Number of Responses per Respondent: 1.

Estimated Total Annual Responses: 700,491.

Estimated Average Time per Response: 0.1667.

Estimated Total Annual Burden on Respondents: 116,687 hours.

We are requesting comments on all aspects of this information collection to help FSA:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of burden of the collection of information including the validity of the methodology and assumptions used;

(3) Evaluate the quality, ability and clarity of the information technology; and

(4) Minimize the burden of the information collection on those who respond through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be made a matter of public record. Comments will be summarized and included in the submission for Office of Management and Budget approval.

Zach Ducheneaux,

Administrator, Farm Service Agency.

Robert Stephenson,

Executive Vice President, Commodity Credit Corporation.

SUPPLEMENTARY INFORMATION:

Title: Application for Permit for Use of Roads, Trails, or Areas Restricted by Regulation or Order.

OMB Number: 0596-0016.

Expiration Date of Approval: April 30, 2022.

Type of Request: Renewal with revision of a currently approved information collection.

Abstract: Authority for permits for use of National Forest System (NFS) roads, NFS trails, and areas on NFS lands restricted by order or regulation derives from the National Forest Roads and Trails Act (16 U.S.C. 532-538). This statute authorizes the Secretary of Agriculture to promulgate regulations regarding use of NFS roads, NFS trails, and areas on NFS lands; establish procedures for sharing investments in NFS roads; and require commercial users to perform road maintenance commensurate with their use of NFS roads. Forest Service regulations implementing this authority are found in 36 CFR 212.5, 212.9, 212.51, 261.10, 261.12, 261.13, 261.54, and 261.55.

In particular, 36 CFR 212.5 and 212.9 authorize the Chief of the Forest Service to establish procedures for investment sharing and to require commercial users to perform maintenance commensurate with their road use. Section 261.10 contains a national prohibition against constructing or maintaining an NFS road or NFS trail without a written authorization. Section 212.12 contains a national prohibition against violating the load, weight, height, length, or width limitations of State law when using NFS roads without a written authorization. Section 212.13 contains a national prohibition against possessing or operating a motor vehicle on NFS roads, NFS trails, or areas on NFS lands that are not designated for motor vehicle

use on a motor vehicle use map, unless the use is authorized by a written authorization. Section 261.54 authorizes issuance of an order prohibiting use of an NFS road in a manner prohibited by the order without a written authorization, including commercial hauling without a permit or written authorization when required by order. Section 261.55 authorizes issuance of an order prohibiting use of an NFS trail in a manner prohibited by the order without a written authorization.

Forest Service directives implementing the regulations are found in Forest Service Manual 2350, 7710, and 7730 and Forest Service Handbook 7709.59, chapter 20. These directives provide for the size and weight limits under State traffic law to apply on NFS roads and require the responsible official to designate NFS roads, NFS trails, and areas on NFS lands for motor vehicle use; enter into appropriate investment sharing arrangements, require commercial users of NFS roads to perform maintenance commensurate with their road use; and issue orders that implement the authority in 36 CFR 261.54. The permits road users obtain contain appropriate requirements for implementation of applicable regulations and directives.

• *Form FS-7700-40, Application for Permit for Use of Roads, Trails, or Areas Restricted by Regulation or Order.* This form will be used by individuals and entities that apply for a permit to use NFS roads, NFS trails, or areas on NFS lands that are subject to a restriction established by regulation or order. Examples of restrictions requiring permits are motor vehicle use on NFS roads and NFS trails that are not designated for that purpose; operating trucks that exceed size limits established by State traffic law on NFS roads; area closures during periods of high fire danger; and non-Federal commercial use of NFS roads.

The following information is collected: (1) The applicant's name, address, and telephone number; (2) identification of the NFS roads, NFS trails, and areas on NFS lands proposed for use (NFS roads and NFS trails are identified by Forest Service route number, and areas on NFS lands are identified using a map); (3) purpose of use; and (4) the proposed use schedule. The applicant is asked to provide explanatory information specific to the proposed use, including information on the types and size of vehicles, through attachments and remarks. There are standard attachments available for use when the application requests oversize vehicle use or commercial use of roads. The application is submitted to the
