Uncovered Innerspring Units From the People's Republic of China: Preliminary Affirmative Determination of Circumvention of the Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that imports of uncovered innerspring units (innersprings) into the United States exported from Macau, which were assembled or completed in Macau by the Macao Commercial Group using

materials sourced from the People's Republic of China (China), are circumventing the antidumping duty (AD) order on innersprings from China.

DATES: Applicable August 21, 2018.

FOR FURTHER INFORMATION CONTACT: Matthew Renkey AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2312.

SUPPLEMENTARY INFORMATION:

Background

On December 31, 2007, Leggett and Platt, Incorporated (the petitioner) filed a petition seeking imposition of antidumping duties on imports of uncovered innerspring units from, among other countries, China.¹ Following the completion of investigations by Commerce and the U.S. International Trade Commission (ITC), Commerce issued an antidumping duty order on innersprings from China.²

In the sixth administrative review of the Order,³ the petitioner requested that Commerce review Macao Commercial and Industrial Spring Mattress Manufacturer (Macao Commercial) and East Grace Corporation. Commerce initiated the review on April 3, 2015,⁴ and sent questionnaires to both of the respondents under review. During the course of the sixth administrative

review, and in response to Commerce's original and supplemental questionnaires, Macao Commercial acknowledged that it imports innerspring unit components from China for use in the production of innerspring units in Macau, but that it had no shipments of completed innerspring units from China to the United States.⁵ In the final results, Commerce found that Macao Commercial failed to demonstrate that it had no shipments of Chinese-origin innersprings, and assigned a rate to Macao Commercial using facts available with an adverse inference. Commerce stated that this determination applied only with respect to Macao Commercial's Chinese-origin subject merchandise, but explained that it intended to evaluate whether self-initiation of a circumvention inquiry would be warranted based upon information submitted during the review and in light of Commerce's prior circumvention findings in this proceeding.⁶

Commerce self-initiated an anti-circumvention inquiry pursuant to section 781(b) of the Tariff Act of 1930, as amended, (the Act) and 19 CFR 351.225(h) to determine whether innersprings produced by Macao Commercial in Macao from materials

In the AR6 Final Results, we found that "Macao Commercial submitted . . . an invoice for not just raw materials but PRC-origin innerspring components from Company X."
