

submit electronic comments by using the Federal eRulemaking Portal. You may, however, submit comments by mail, hand delivery, or courier to: Office of the Secretary, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; telephone (301) 504-7479.

Instructions: All submissions must include the agency name and docket number. CPSC may post all comments without change, including any personal identifiers, contact information, or other personal information provided, to: <https://www.regulations.gov>. If you wish to submit confidential business information, trade secret information, or other sensitive or protected information that you do not want to be available to the public, you must submit such comments by mail, hand delivery, or courier, or by email to: cpsc-os@cpsc.gov.

Docket: For access to the docket to read background documents or comments received, go to: <https://www.regulations.gov>, and insert the docket number, CPSC-2009-0044, into the "Search" box, and follow the prompts.

FOR FURTHER INFORMATION CONTACT:

Cynthia Gillham, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; (301) 504-7991, or by email to: cgillham@cpsc.gov.

SUPPLEMENTARY INFORMATION: The CPSC seeks to renew the following currently approved collection of information:

Title: Safety Standard for Cigarette Lighters.

OMB Number: 3041-0116.

Type of Review: Renewal of collection.

Frequency of Response: On occasion.

Affected Public: Manufacturers and importers of cigarette lighters.

Estimated Number of Respondents: In 2021, 30 firms submitted information to the CPSC on 143 lighter models. There were 4 new lighter models and 139 lighters that were comparable to models previously tested ("comparison lighters").

Estimated Time per Response: The burden associated with the standard includes the time and cost spent testing and maintaining the test records, either by the firm or by outside contractors. If the firm elects to use an outside contractor, the cost of testing per model is estimated to be about \$25,000 on average. If all 4 new lighter models are tested annually by outside contractors, the cost would be about \$100,000. If tests are conducted in-house, testing new lighter models is expected to take about 90 hours per model. The total

testing time for the four models, would be 360 hours (90 hours × 4 models). Recordkeeping consists of two separate components: recordkeeping for new lighter models, and recordkeeping for comparison lighters.

New Lighter Models—The time burden for recordkeeping for new lighter models is estimated at 20 hours per model. The total time for recordkeeping is estimated to be 80 hours (20 hours × 4 models).

Comparison Lighters—Firms may also submit comparison lighters to demonstrate compliance with the standard. In 2021, 139 comparison lighters were reported to the CPSC. While firms bear no testing costs for comparison lighters, the burden hours for recordkeeping has been estimated at 3 hours per model. Thus, an estimated 417 hours (139 models × 3 hours) is estimated for recordkeeping for comparison lighters.

Reporting Requirements—Approximately 1 hour will be required for firms to submit forms to CPSC per model, for a total annual reporting burden on 143 hours (143 models × 1 hour).

Total Estimated Annual Burden: The annual total number of hours could be as high as 1000 hours (360 testing + 497 recordkeeping hours + 143 reporting hours) per year. If some firms elect to outsource testing of new models, there may be fewer burden hours. The CPSC estimates the total cost for firms to test, and prepare, maintain, and submit records to the CPSC in compliance with the lighter regulation would be in the range of of \$47,859 to \$122,515, depending upon whether the testing is done in-house or through outsourcing.

General Description of Collection: In 1993, the CPSC issued the Safety Standard for Cigarette Lighters (16 CFR part 1210) under the Consumer Product Safety Act (CPSA) (15 U.S.C. 2051 *et seq.*) to eliminate or reduce risks of death and burn injury from fires accidentally started by children playing with cigarette lighters. The standard requires certain test protocols, as well as recordkeeping and reporting requirements. 16 CFR part 1210, subpart B. In addition, section 14(a) of the CPSA (15 U.S.C. 2063(a)) requires manufacturers, importers, and private labelers of a consumer product subject to a consumer product safety standard to issue a certificate stating that the product complies with all applicable consumer product safety standards. Section 14(a) of the CPSA also requires that the certificate of compliance must be based on a test of each product or upon a reasonable testing program.

Request for Comments

The CPSC solicits written comments from all interested persons about the proposed collection of information. The CPSC specifically solicits information relevant to the following topics:

- Whether the collection of information described above is necessary for the proper performance of the CPSC's functions, including whether the information would have practical utility;
- Whether the estimated burden of the proposed collection of information is accurate;
- Whether the quality, utility, and clarity of the information to be collected could be enhanced; and
- Whether the burden imposed by the collection of information could be minimized by use of automated, electronic, or other technological collection techniques, or other forms of information technology.

Alberta E. Mills,

Secretary, Consumer Product Safety Commission.

BILLING CODE 6355-01-P

DEPARTMENT OF EDUCATION

Extension of the Application Deadline Date; Applications for New Awards; Promise Neighborhoods Program

AGENCY: Office of Elementary and Secondary Education, Department of Education.

ACTION: Notice.

SUMMARY: On June 29, 2022, the Department of Education (Department) published in the **Federal Register** a notice inviting applications (NIA) for the fiscal year (FY) 2022 Promise Neighborhoods program (84.215N). The NIA established a deadline date of September 27, 2022, for the transmittal of applications. This notice extends the deadline date for transmittal of applications until October 7, 2022 and extends the deadline for intergovernmental review until December 8, 2022.

DATES:

Deadline for Transmittal of Applications: October 7, 2022.

Deadline for Intergovernmental Review: December 8, 2022.

FOR FURTHER INFORMATION CONTACT: Rich Wilson, U.S. Department of Education, 400 Maryland Avenue SW, Room 3W101, Washington, DC 20202-6450. Telephone: (202) 453-6709. Email: Richard.Wilson@ed.gov.

If you are deaf, hard of hearing, or have a speech disability and wish to access telecommunications relay services, please dial 7-1-1.

SUPPLEMENTARY INFORMATION: On June 29, 2022, we published the NIA in the **Federal Register** (87 FR 38719). The NIA established a deadline date of September 27, 2022, for the transmittal of applications. We are extending the deadline date for transmittal of applications, because the *Grants.gov* platform will be closed for site maintenance from September 23–29, 2022. Since applicants will be unable to submit or work in the *Grants.gov* system during that time, we are extending the deadline to allow applicants additional time to complete and submit their applications.

Applicants that have submitted applications before the original deadline date of September 27, 2022, may resubmit their applications on or before the new application deadline date of October 7, 2022, but are not required to do so. If a new application is not submitted, the Department will use the application that was submitted by the original deadline. If a new application is submitted, the Department will consider the application that was last successfully submitted and received by 11:59:59 p.m., Eastern Time, on October 7, 2022.

Note: All information in the NIA for this competition remains the same, except for the deadline for the transmittal of applications and the deadline for intergovernmental review.

Program Authority: 20 U.S.C. 7273–7274.

Accessible Format: On request to the program contact persons listed under **FOR FURTHER INFORMATION CONTACT**, individuals with disabilities can obtain this document, the NIA, and a copy of the application package in an accessible format. The Department will provide the requestor with an accessible format that may include Rich Text Format (RTF) or text format (TXT), a thumb drive, an MP3 file, braille, large print, audiotape, or compact disc or other accessible format.

Electronic Access to This Document: The official version of this document is the document published in the **Federal Register**. You may access the official edition of the **Federal Register** and the Code of Federal Regulations at www.govinfo.gov. At this site you can view this document, as well as all other documents of this Department published in the **Federal Register**, in text or Portable Document Format (PDF). To use PDF, you must have Adobe Acrobat Reader, which is available free at the site.

You may also access documents of the Department published in the **Federal Register** by using the article search feature at www.federalregister.gov. Specifically, through the advanced search feature at this site, you can limit your search to documents published by the Department.

Ruth E. Ryder,

Deputy Assistant Secretary for Policy and Programs, Office of Elementary and Secondary Education.

BILLING CODE 4000–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP22–486–000]

Texas Eastern Transmission, LP; Notice of Application and Establishing Intervention Deadline

Take notice that on July 7, 2022, Texas Eastern Transmission (Texas Eastern), 5400 Westheimer Court, Houston, TX 77056, filed an application under sections 7(b) and 7(c) of the Natural Gas Act (NGA), and Part 157 of the Commission's regulations requesting authorization to abandon certain facilities and to construct, install, own, operate, and maintain the proposed Appalachia to Market II Project and the proposed Armagh and Entriaken Compressor Station Horsepower Replacement Projects. The various proposed facilities are in Lebanon, Indiana, and Huntingdon counties in Pennsylvania. Texas Eastern estimates the cost for the two projects to be \$368,729,684.

Specifically, Texas Eastern's proposed Appalachia to Market II Project is designed to provide up to 55,000 dekatherms per day of additional firm natural gas transportation service from the Appalachia supply basin in Southwest Pennsylvania to existing local distribution company customers in New Jersey. The Armagh and Entriaken Compressor Station Horsepower Replacement Projects are designed to improve reliability on the Texas Eastern system by replacing a gas-driven compressor unit with an electric-motor driven compressor unit at each of two compressor stations.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>) using the “eLibrary” link.

Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID–19), issued by the President on March 13, 2020. For assistance, contact the Federal Energy Regulatory Commission at FERCOnlineSupport@ferc.gov or call toll-free, (886) 208–3676 or TTY, (202) 502–8659.

Any questions concerning this application should be directed to Brian Kim, Manager, Rates and Certificates, Texas Eastern Transmission, LP, P.O. Box 1642, Houston, TX 77251 by telephone at (713) 627–4059, or by email at brian.kim@cnbridge.com.

Pursuant to Section 157.9 of the Commission's Rules of Practice and Procedure,¹ within 90 days of this Notice the Commission staff will either: complete its environmental review and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or environmental assessment (EA) for this proposal. The filing of an EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Public Participation

There are two ways to become involved in the Commission's review of this project: you can file comments on the project, and you can file a motion to intervene in the proceeding. There is no fee or cost for filing comments or intervening. The deadline for filing a motion to intervene is 5:00 p.m. Eastern Time on August 9, 2022.

Comments

Any person wishing to comment on the project may do so. Comments may include statements of support or objections to the project as a whole or specific aspects of the project. The more
