#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

A proposed emergency rule for the NE Multispecies Fishery Management Plan (FMP) was published in the **Federal Register** on April 24, 2003 (68 FR 200096). The emergency rule was used to continue management measures specified in the Settlement Agreement Among Certain Parties, which were implemented as ordered by the U.S. District Court for the District of Columbia (Court) in a Remedial Order issued on May 23, 2002. The emergency rule included several management measures designed to reduce overfishing on species managed under the NE Multispecies FMP, including a Days-At-Sea (DAS) Leasing Program, and was published in order to continue the measures until the implementation of

Amendment 13 to the NE Multispecies FMP. The final rule, RIN 0648-AN17, for implementing Amendment 13 to the NE Multispecies FMP, was published in the **Federal Register** on April 27, 2004 (69 FR 22906). Amendment 13 was developed by the New England Fishery Management Council (Council) primarily to end overfishing on all groundfish stocks and to rebuild all groundfish stocks that are overfished. Amendment 13 included substantial reductions in the amount of effort available to target groundfish stocks. Therefore, Amendment 13 resulted in considerable reductions in the number of DAS for NE multispecies vessels.

The reduction in the DAS allocated to NE multispecies permit holders limited the ability of some vessels to participate in the fishery, resulting in a loss of revenue and/or the ability to operate at a profit. In order to mitigate some of the adverse economic impacts of the effort reductions, the DAS Leasing Program was established by the Council, among other provisions, in Amendment 13. The DAS Leasing Program enables vessels to increase their revenue by either leasing additional DAS from another vessel or using them to increase their participation in the fishery, or by leasing their allocated DAS that they may not use to another vessel.
