The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget

(OMB), Washington, DC 20503 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602.

Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-6746.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Forest Service

Title: Application for Prospecting Permit.

OMB Control Number: 0596-0089.

Summary of Collection: The Application for Prospecting Permit, Form FS-2800-14, was developed by Region 1, Forest Service (FS) to obtain better information from applicants requesting permits to conduct geophysical activities on National Forest System lands. These activities are authorized according to 36 CFR Subpart E 228.100 and 228.101 for operations on a lease, 36 CFR 251 Subpart B for operations off a lease, and 36 CFR 251.15 for operations on reserved mineral rights. Geophysical operations are conducted to better understand the Earth's geology and mineral resources. Use of the form will ensure that a complete, concise, site-specific, description of all proposed geophysical activity is obtained. It will ensure timely and effective review and decision-making in compliance with the National Environmental Policy Act (NEPA; 42 USC 452-4347).

Need And Use Of The Information: FS collects the applicant name, address, and company project name and similar information about the geophysical contractor. The information is used by FS to ensure a thorough, accurate, and timely review of the proposed geophysical activity. If complete and accurate information is not collected the environmental analysis and related NEPA documents may be incomplete; permit issuance may be delayed; and, recordkeeping may be incomplete.
