Bureau of Educational and Cultural Affairs (ECA) Request for Grant Proposals: Open Competition for the Professional Fellows Program

Announcement Type: New Grant.
Funding Opportunity Number: ECA/PE/C-10-01.

Catalog of Federal Domestic Assistance Number: 19.415.

Key Dates:

Application Deadline: February 26, 2010.

Executive Summary: The Office of Citizen Exchanges of the Bureau of Educational and Cultural Affairs (ECA/PE/C) announces an open competition for grants to conduct a Professional Fellows Program in Africa, East Asia, Europe, the Near East, North Africa, South Central Asia and the Western Hemisphere.

U.S. public and non-profit organizations meeting the provisions

described in Internal Revenue code section 26 U.S.C. 501(c)(3) may submit proposals that support the goals of the Professional Fellows Program. The goals of the program, which encompass both bureau and programmatic goals, are to: (1) Provide foreign participants from eligible countries the opportunity for professional development through four- to eight-week internships in the U.S.; (2) provide U.S. participants the opportunity to take part in reciprocal fellowships and/or to share their professional expertise with counterparts in eligible countries; (3) promote mutual understanding and partnerships between key professional groups in the United States and counterpart groups in eligible countries. Proposed projects should be two-way exchanges involving participants from both the U.S. and foreign countries.

Projects should take place over the course of one to two years and target current or potential professional leaders who will effect positive change in their communities. Specific themes for consideration under this competition include: Climate change, education to employment, food security, global health, and legislative development. Eligible countries and guidance for each theme are provided in Section I.7 below. Proposals that target themes and countries not specifically authorized in this Request for Grant Proposals will be considered technically ineligible.

Applicants may submit only one proposal under this competition. If multiple proposals are received from the same applicant, all submissions will be declared technically ineligible and receive no further consideration in the review process. No guarantee is made or implied that grants will be awarded in all themes or for all countries listed.

I. Funding Opportunity Description

I.1. Authority

Overall grant making authority for this program is contained in the Mutual Educational and Cultural Exchange Act of 1961, Public Law 87-256, as amended, also known as the Fulbright-Hays Act. The purpose of the Act is "to enable the Government of the United States to increase mutual understanding between the people of the United States and the people of other countries * * *; to strengthen the ties which unite us with other nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations * * * and thus to assist in the development of friendly, sympathetic and peaceful relations between the United States and the other countries of

the world." The funding authority for the program above is provided through legislation.

I.2. Purpose and Program Description

The Professional Fellows Program is a two-way exchange involving current or potential professional leaders from both the U.S. and foreign countries who will effect positive change in their communities. Professional Fellows will be focused in the following areas: Climate Change, Education to Employment, Food Security, Global Health, and Legislative Development.

I.3. Participants

For the purposes of this program, "participants" are defined as those who travel under grant funding from their country of origin to a designated exchange country. It is acceptable for there to be more foreign participants than American participants under this program model, but applicants are encouraged to include approximately the same number of Americans to emphasize that this program is reciprocal in nature. Foreign participants should be selected through a merit-based, competitive process. They should be up-and-coming and mid-level professionals with experience relevant to one of the specific themes. They should have good interpersonal and communication skills including a command of both oral and written English that will allow them to function effectively and independently in a wide variety of private, public, and professional settings in the U.S. Participants should also have demonstrated leadership abilities and a commitment to or participation in a wider program including alumni projects/affairs.

U.S. participants may include individuals who act as hosts for the foreign participants who come to the United States, as well as professionals from government and civil society organizations with expertise relevant to the project focus. While U.S. participants are not required to have foreign language ability or previous country-specific experience, it is highly recommended.

Applicants should strive to maximize the number of participants and the length of the U.S.-based program given funding levels. Therefore, applicants who engage public and private partners for programming support, and employ other creative techniques to increase or stretch funding dollars will be deemed more competitive than those that do not, under the cost effectiveness and cost-sharing review criteria.

⁹ 17 CFR 200.30-3(a)(12).

1.4. Partner Organizations

Applicants must identify the U.S.-based and foreign-based organizations and individuals with whom they are proposing to collaborate and describe previous cooperative activities, if any. Successful proposals will include qualified and established partner organizations/offices in each of the regions where participants are being recruited. Also, proposals must demonstrate capacity in the U.S. to secure relevant placements for foreign participants; proposals that include this information—especially with letters of commitment from possible U.S.-based host organizations—will be deemed more competitive.

1.5. Project Activities

Successful grant applicants must fully demonstrate a capacity to achieve the following key activities:

1.5a. Recruit Foreign Participants

The recipients of this award will recruit and select qualified individuals throughout the target country(ies) for both spring and fall Fellowships. The foreign participants should be selected, with the knowledge and participation of the Public Affairs Section (PAS) of the relevant U.S. Embassy, through a merit-based, competitive process. An in-country or regional partner organization(s)/offices is required to coordinate screening, selecting, and preparing participants prior to departure for the United States including a formal pre-departure orientation program.

1.5b. Facilitate the Visa Process

Working with ECA and PAS for the U.S. visas and directly with the embassy of the partner country for its visas. ECA will issue the DS-2019 forms required for J visas; see Section IV.3d.1 for additional information related to the administration of J visa programs.

1.5c. Arrange all round-trip international travel, complying with the Fly America Act, and domestic travel arrangements for the participants.

1.5d. Conduct U.S. Fellowships

The recipients of this award will be responsible for implementing fellowships from four to eight weeks in the United States for foreign participants. Fellows will be placed within relevant, reputable, legally recognized U.S. organizations where they will gain hands-on experience that will enhance their knowledge, skills, and abilities in their professional field, and provide the opportunity to establish relationships with U.S. professional counterparts for on-going collaboration. The grantee should also strive to

include cultural enrichment activities as an integral part of the fellowship experience. Such activities could include outings to museums, historic sites, sporting events, cultural exhibits, local school or community events, volunteering and other opportunities to experience American culture and diversity. Short-term homestays to give participants a personal experience of how typical Americans live are highly desirable. The grantee may want to engage with a partner or sub-grantee to arrange for the internship placement.

1.5e. Conduct an Overseas Program for U.S. Participants

The recipients of this award will conduct an overseas program where U.S. participants, selected for their relevant professional expertise, will travel for two to three weeks to conduct on-site consultancies and joint programming with foreign participants and their colleagues, and, if appropriate or feasible, reciprocal fellowships to share their professional expertise and learn from their counterparts. The overseas program should be designed to engage a broad audience beyond the original foreign participants. Proposals must show a convincing plan to work with a community-based partner overseas to engage a wide range of people and to sustain the program benefits beyond the period of the grant.

1.5f. Conduct a Second Round of U.S. Fellowships and Overseas Programs

Engaging a new group of participants, the recipients of this award will conduct a second round of fellowships and overseas programs of a similar nature as described above.

1.5g. Conduct Orientation and the Professional Fellows Congress

The grantee will also be responsible for conducting a thorough orientation for foreign participants upon their arrival in the United States. At the end of each round of foreign fellowships, a Fellows Congress will be held at the U.S. Department of State. Grantees will work closely with the Office of Citizen Exchanges and other grantee organizations to coordinate this event. Grantees will be responsible for providing transportation, lodging, per diem and miscellaneous expenses for all program fellows under their aegis for a minimum of three days in Washington, DC.

1.5h. Monitor, Evaluate, and Report on Project

The Bureau places high importance on monitoring and evaluation as a means of ensuring and measuring a

project's success. Proposals must include a detailed monitoring and evaluation plan that assesses the impact of the project. Please refer to section IV.3d.3. Project Monitoring and Evaluation below.

1.5i. Carry Out Follow-Up Activities

The recipients of this award will develop enhancement activities that reinforce program goals after the participants' return to their home country. This includes informing participants of the Bureau's Alumni program, facilitating their enrollment, and encouraging their on-going participation. Please refer to the PSI for additional information on Alumni, Outreach, and Engagement.

1.5j. Manage all financial aspects of the project, including participant costs and transparent arrangements of sub-grant relationships with partner organizations, if applicable.

1.5k. Design and implement an evaluation plan that assesses the impact of the project.

1.6. Projected Timeline

ECA envisions the approximate dates of the Professional Fellows program to be as follows:

- *September 2010–January 2011:* Recruitment and selection of foreign participants and securing U.S.-based hosts and host sites.
- *March–May 2011:* Travel to the United States by $\frac{1}{2}$ of all the foreign participants to U.S. for orientation and placement at internship sites for a four to eight week program.
- *May 2011:* Travel by the foreign participants to Washington, DC at/towards the end of their U.S.-based program for a two-day enrichment program.
- *June–September 2011:* The U.S. participants who were involved in the spring 2011 hosting will travel overseas for approximately two weeks of programming.
- *October–December 2011:* Travel to the United States by the remaining $\frac{1}{2}$ of all the foreign participants to the U.S. for orientation and placement at internship sites for a four to eight week program.
- *November–December 2011:* Travel by the remaining foreign participants to Washington, DC at/towards the end of their U.S.-based program for a two-day program.
- *January–May 2012:* The U.S. participants who were involved in the fall 2010 hosting will travel overseas for approximately two week program.

IV.3a. DUNS Number

You are required to have a Dun and Bradstreet Data Universal Numbering System (DUNS) number to apply for a grant or cooperative agreement from the U.S. Government. This number is a nine-digit identification number, which uniquely identifies business entities. Obtaining a DUNS number is easy and there is no charge.

To obtain a DUNS number, go to <http://www.dunandbradstreet.com> or call 1-866-705-5711. Please ensure that your DUNS number is included in the appropriate box of the SF-424 which is part of the formal application package.

IV.3b. Proposal Components

All proposals must contain an executive summary, proposal narrative and budget. Please Refer to the Solicitation Package. It contains the mandatory Proposal Submission Instructions (PSI) document for additional formatting and technical requirements.

IV.3c. Non-Profit Status and Documentation

You must have nonprofit status with the IRS at the time of application.

Please note: Effective January 7, 2009, all applicants for ECA federal assistance awards must include in their application the names of directors and/or senior executives (current officers, trustees, and key employees, regardless of amount of compensation). In fulfilling this requirement, applicants must submit information in one of the following ways:

- (1) Those who file Internal Revenue Service Form 990, "Return of Organization Exempt From Income Tax," must include a copy of relevant portions of this form.
- (2) Those who do not file IRS Form 990 must submit information above in the format of their choice.

In addition to final program reporting requirements, award recipients will also be required to submit a one-page document, derived from their program reports, listing and describing their grant activities. For award recipients, the names of directors and/or senior executives (current officers, trustees, and key employees), as well as the one-page description of grant activities, will be transmitted by the State Department to OMB, along with other information required by the Federal Funding Accountability and Transparency Act (FFATA), and will be made available to the public by the Office of Management and Budget on its USASpending.gov Web site as part of ECA's FFATA reporting requirements.

If your organization is a private nonprofit which has not received a grant or cooperative agreement from ECA in the past three years, or if your organization received nonprofit status from the IRS within the past four years, you must submit the necessary documentation to verify nonprofit status as directed in the PSI document. Failure to do so will cause your proposal to be declared technically ineligible.

IV.3d. Additional Information

IV.3d.1. Adherence to All Regulations Governing the J Visa

The Office of Citizen Exchanges of the Bureau of Educational and Cultural Affairs is the official program sponsor of the exchange program covered by this RFGP, and an employee of the Bureau will be the "Responsible Officer" for the program under the terms of 22 CFR 62, which covers the administration of the Exchange Visitor Program (J visa program). Under the terms of 22 CFR 62, organizations receiving awards (either a grant or cooperative agreement) under this RFGP will be third parties "cooperating with or assisting the sponsor in the conduct of the sponsor's

program.” The actions of recipient organizations shall be “imputed to the sponsor in evaluating the sponsor’s compliance with” 22 CFR 62. Therefore, the Bureau expects that any organization receiving an award under this competition will render all assistance necessary to enable the Bureau to fully comply with 22 CFR 62 *et seq.*

The Bureau of Educational and Cultural Affairs places critically important emphases on the secure and proper administration of Exchange Visitor (J visa) Programs and adherence by recipient organizations and program participants to all regulations governing the J visa program status. Therefore, proposals should explicitly state in writing that the applicant is prepared to assist the Bureau in meeting all requirements governing the administration of Exchange Visitor Programs as set forth in 22 CFR 62. If your organization has experience as a designated Exchange Visitor Program Sponsor, the applicant should discuss their record of compliance with 22 CFR 62 *et seq.*, including the oversight of their Responsible Officers and Alternate Responsible Officers, screening and selection of program participants, provision of pre-arrival information and orientation to participants, monitoring of participants, proper maintenance and security of forms, recordkeeping, reporting and other requirements. The Office of Citizen Exchanges of ECA will be responsible for issuing DS-2019 forms to participants in this program. A copy of the complete regulations governing the administration of Exchange Visitor (J) programs is available at: http://travel.state.gov/visa/temp/types/types_1267.html or from: United States Department of State, Office of Exchange Coordination and Designation, (ECA/EC/D), SA-5, Floor C2, Department of State, Washington, DC 20522-0582.

IV.3d.2. Diversity, Freedom and Democracy Guidelines

Pursuant to the Bureau’s authorizing legislation, programs must maintain a non-political character and should be balanced and representative of the diversity of American political, social, and cultural life. “Diversity” should be interpreted in the broadest sense and encompass differences including, but not limited to ethnicity, race, gender, religion, geographic location, socio-economic status, and disabilities. Applicants are strongly encouraged to adhere to the advancement of this principle both in program administration and in program content. Please refer to the review criteria under

the ‘Support for Diversity’ section for specific suggestions on incorporating diversity into your proposal. Public Law 104-319 provides that “in carrying out programs of educational and cultural exchange in countries whose people do not fully enjoy freedom and democracy,” the Bureau “shall take appropriate steps to provide opportunities for participation in such programs to human rights and democracy leaders of such countries.” Public Law 106-113 requires that the governments of the countries described above do not have inappropriate influence in the selection process. Proposals should reflect advancement of these goals in their program contents, to the full extent deemed feasible.

IV.3d.3. Project Monitoring and Evaluation

This section of the RFGP amplifies the direction given in section I above on proposal framework, which calls for the delineation of objectives and planning for baseline, short term and long term outcome measurement. Proposals must include a plan to monitor and evaluate the project’s success, both as the activities unfold, at the end of the project and beyond. The Bureau recommends that each proposal include a draft survey questionnaire or other instruments plus a description of a methodology to use to link outcomes to original project objectives. The Bureau expects that the grantee will track participants or partners and be able to respond to key evaluation questions, including satisfaction with the project, learning as a result of the project, changes in behavior as a result of the project, and effects of the project on institutions (institutions in which participants work or partner institutions). The evaluation plan should include indicators that measure gains in mutual understanding as well as substantive knowledge.

Successful monitoring and evaluation depend heavily on setting clear goals and intended outcomes at the outset of a project. Your evaluation plan should include a description of your project’s objectives, your anticipated project outcomes, and how and when you intend to measure these outcomes (performance indicators). (Note the call for measurements at the baseline and for short term and longer-term outcomes.) The more that outcomes are “smart” (specific, measurable, attainable, results-oriented, and placed in a reasonable time frame), the easier it will be to conduct the evaluation. You should also show how your project objectives link to the goals of the program described in this RFGP and to the Bureau goals.

Your monitoring and evaluation plan should clearly distinguish between project *outputs* and *outcomes*. *Outputs* are products and services delivered, often stated as an amount. Output information is important to show the scope or size of project activities, but it cannot substitute for information about progress towards outcomes or the results achieved. Examples of outputs include the number of people trained or the number of seminars conducted. *Outcomes*, in contrast, represent specific results a project is intended to achieve and is usually measured as an extent of change. Findings on outputs and outcomes should both be reported, but the emphasis should be on outcomes.

We encourage you to assess the following four levels of outcomes, as they relate to the program goals set out in the RFGP (listed here in increasing order of impact):

1. *Participant satisfaction* with the project and exchange experience.
2. *Participant learning*, such as increased knowledge, aptitude, skills, and changed understanding and attitude. Learning includes both substantive (subject-specific) learning and mutual understanding.
3. *Participant behavior*, concrete actions to apply knowledge in work or community; greater participation and responsibility in civic organizations; interpretation and explanation of experiences and new knowledge gained; continued contacts between participants, community members, and others.
4. *Institutional changes*, such as increased collaboration and partnerships, policy reforms, new programming, and organizational improvements.

Please Note: Consideration should be given to the appropriate timing of data collection for each level of outcome. For example, satisfaction is usually captured as a short-term outcome, whereas behavior and institutional changes are normally considered longer-term outcomes. Overall, the quality of each monitoring and evaluation plan will be judged on how well it (1) specifies intended outcomes; (2) gives clear descriptions of how each outcome will be measured; (3) identifies when particular outcomes will be measured; and (4) provides a clear description of the data collection strategies for each outcome (e.g., surveys, interviews, tests, or focus groups). (Please note that evaluation plans that deal only with the first level of outcomes [satisfaction] will be deemed less competitive under the present evaluation criteria.)

Grantees will be required to provide reports analyzing their evaluation findings to the Bureau in their regular project reports. All data collected,

including survey responses and contact information, must be maintained for a minimum of three years and provided to the Bureau upon request.

IV.3e. Budget Submission

Please follow the guidelines in this section and consult the PSI when preparing the budget submission.

IV.3e.1. Form SF-424A

Applicants must submit SF-424A—"Budget Information—Non-Construction Programs" along with a comprehensive budget for the entire program. There must be a summary budget as well as breakdowns reflecting both administrative and program budgets. Applicants may provide separate sub-budgets for each program component, phase, location, or activity to provide clarification. The budget submission should be accompanied by a budget narrative that explains anything that is not readily apparent from the budget.

IV.3e.2. Allowable Costs

Allowable costs for the program include the following:

IV.3e.2a. Travel. International and domestic airfare; airline baggage and seat fees; visas; transit costs; ground transportation costs. Please note that all air travel must be in compliance with the Fly America Act. There is no charge for J-1 visas for participants in Bureau sponsored programs.

IV.3e.2b. Per Diem. For U.S.-based programming, organizations should use the published Federal per diem rates for individual U.S. cities. *Domestic per diem rates* may be accessed at: http://www.gsa.gov/Portal/gsa/ep/content/View.do?contentType=GSA_BASIC&contentId=17943. ECA requests applicants to budget realistic costs that reflect the local economy and do not exceed Federal per diem rates. *Foreign per diem rates* can be accessed at: http://aoprals.state.gov/content.asp?content_id=184&menu_id=78

IV.3e.2c. Interpreters. We anticipate that all participants coming to the U.S. on this program will have command of both oral and written English that will allow them to function effectively and independently in a wide variety of private, public, and professional settings in the U.S. However, if special circumstances warrant the use of interpretation, ECA strongly encourages applicants to hire their own locally based interpreters but may ask ECA to assign State Department interpreters. One interpreter is typically needed for every four participants who require interpretation. When an applicant proposes to use State Department

interpreters, the following expenses should be included in the budget: Published Federal per diem rates (both "lodging" and "M&IE") and "home-program-home" transportation in the amount of \$400 per interpreter. Salary expenses for State Department interpreters will be covered by the Bureau and should not be part of an applicant's proposed budget. Bureau funds cannot support interpreters who accompany delegations from their home country or travel internationally.

IV.3e.2d. Book and Cultural Allowances. Foreign participants are entitled to a one-time cultural allowance of \$150 per person, plus a book allowance of \$50. Interpreters should be reimbursed up to \$150 for expenses when they escort participants to cultural events. U.S. program staff, trainers or participants are not eligible to receive these benefits.

IV.3e.2e. Consultants. Consultants may be used to provide specialized expertise or to make presentations. Honoraria rates should not exceed \$250 per day. Organizations are encouraged to cost-share rates that would exceed that figure. Subcontracting organizations may also be employed, in which case the written agreement between the prospective grantee and sub-grantee should be included in the proposal. Such sub-grants should detail the division of responsibilities and proposed costs, and subcontracts should be itemized in the budget.

IV.3e.2f. Room rental. The rental of meeting space should not exceed \$250 per day. Any rates that exceed this amount should be cost shared.

IV.3e.2g. Materials. Proposals may contain costs to purchase, develop and translate materials for participants. Costs for high quality translation of materials should be anticipated and included in the budget. Grantee organizations should expect to submit a copy of all program materials to ECA, and ECA support should be acknowledged on all materials developed with its funding.

IV.3e.2h. Equipment. Applicants may propose to use grant funds to purchase equipment, such as computers and printers; these costs should be justified in the budget narrative. Costs for furniture are not allowed.

IV.3e.2i. Working meal. Normally, no more than one working meal may be provided during the program. Per capita costs may not exceed \$15–\$25 for lunch and \$20–\$35 for dinner, excluding room rental. The number of invited guests may not exceed participants by more than a factor of two-to-one. When setting up a budget, interpreters should be considered "participants."

IV.3e.2j. Return travel allowance. A return travel allowance of \$70 for each foreign participant may be included in the budget. This allowance would cover incidental expenses incurred during international travel.

IV.3e.2k. Health Insurance. Foreign participants will be covered during their participation in the program by the ECA-sponsored Accident and Sickness Program for Exchanges (ASPE), for which the grantee must enroll them. Details of that policy can be provided by the contact officers identified in this solicitation. The premium is paid by ECA and should not be included in the grant proposal budget. However, applicants are permitted to include costs for travel insurance for U.S. participants in the budget.

IV.3e.2l. Wire transfer fees. When necessary, applicants may include costs to transfer funds to partner organizations overseas. Grantees are urged to research applicable taxes that may be imposed on these transfers by host governments.

IV.3e.2m. In-country travel costs for visa processing purposes. Given the requirements associated with obtaining J-1 visas for ECA-supported participants, applicants should include costs for any travel associated with visa interviews or DS-2019 pick-up.

IV.3e.2n. Administrative Costs. Costs necessary for the effective administration of the program may include salaries for grantee organization employees, benefits, and other direct and indirect costs per detailed instructions in the Application Package. While there is no rigid ratio of administrative to program costs, proposals in which the administrative costs do not exceed 25% of the total requested ECA grant funds will be more competitive under the cost effectiveness and cost sharing criterion, per item V.1 below. Proposals should show strong administrative cost sharing contributions from the applicant, the in-country partner and other sources. Please also include in the administrative portion of your budget plans to travel to Washington, DC, to meet with your program officer within the first 45 days after the grant has been awarded.

IV.3f.2. Submitting Electronic Applications

Applicants have the option of submitting proposals electronically through Grants.gov (<http://www.grants.gov>). Complete solicitation packages are available at Grants.gov in the "Find" portion of the system.

Please Note: Due to Recovery Act related opportunities, there has been a higher than usual volume of grant proposals submitted through Grants.gov. Potential applicants are advised that the increased volume may affect the grants.gov proposal submission process. As stated in this RFGP, ECA bears no responsibility for applicant timeliness of submission or data errors resulting from transmission or conversion processes for proposals submitted via Grants.gov.

Please follow the instructions available in the 'Get Started' portion of the site (<http://www.grants.gov/GetStarted>). Several of the steps in the Grants.gov registration process could

take several weeks. Therefore, applicants should check with appropriate staff within their organizations immediately after reviewing this RFGP to confirm or determine their registration status with Grants.gov.

Once registered, the amount of time it can take to upload an application will vary depending on a variety of factors including the size of the application and the speed of your internet connection. In addition, validation of an electronic submission via Grants.gov can take up to two business days. Therefore, we strongly recommend that you not wait until the application deadline to begin the submission process through Grants.gov. The Grants.gov Web site includes extensive information on all phases/aspects of the Grants.gov process, including an extensive section on frequently asked questions, located under the "For Applicants" section of the Web site. ECA strongly recommends that all potential applicants review thoroughly the Grants.gov Web site, well in advance of submitting a proposal through the Grants.gov system. ECA bears no responsibility for data errors resulting from transmission or conversion processes. Direct all questions regarding Grants.gov registration and submission to: Grants.gov Customer Support, Contact Center Phone: 800-518-4726. Business Hours: Monday-Friday, 7 a.m.-9 p.m. Eastern Time. E-mail: support@grants.gov.

Applicants have until midnight (12 a.m.), Washington, DC time of the closing date to ensure that their entire application has been uploaded to the Grants.gov site. There are no exceptions to the above deadline. Applications uploaded to the site after midnight of the application deadline date will be automatically rejected by the grants.gov system, and will be technically ineligible.

V. Application Review Information

V.1. Review Process

The Bureau will review all proposals for technical eligibility. Proposals will be deemed ineligible if they do not fully adhere to the guidelines stated herein and in the Solicitation Package. All eligible proposals will be reviewed by the program office, as well as the Public Diplomacy section overseas, where appropriate. Eligible proposals will be subject to compliance with Federal and Bureau regulations and guidelines and forwarded to Bureau grant panels for advisory review. Proposals may also be reviewed by the Office of the Legal Adviser or by other Department

elements. Final funding decisions are at the discretion of the Department of State's Assistant Secretary for Educational and Cultural Affairs. Final technical authority for assistance award grants resides with the Bureau's Grants Officer.

V.2 Review Criteria

Technically eligible applications will be competitively reviewed according to the criteria stated below. These criteria are not rank ordered and all carry equal weight in the proposal evaluation:

V.2a. Quality of Program Idea

Proposals should exhibit originality, substance, precision, and relevance to the Bureau's mission.

V.2b. Program Planning and Ability to Achieve Objectives

Program objectives should be stated clearly and should reflect the applicant's expertise in the subject area and region. Objectives should respond to the topics in this announcement and should relate to the current conditions in the target country/countries. A detailed agenda and relevant work plan should explain how objectives will be achieved and should include a timetable for completion of major tasks.

The substance of workshops, internships, seminars and/or consulting should be described in detail. Sample schedules should be outlined. Responsibilities of proposed in-country partners should be clearly described. A discussion of how the applicant intends to address language issues should be included, if needed.

V.2c. Institutional Capacity and Track Record

Proposals should include (1) The institution's mission and date of establishment; (2) detailed information about proposed in-country partner(s) and the history of the partnership; (3) an outline of prior awards—U.S. government and/or private support received for the target theme/country/region; and (4) descriptions of experienced staff members who will implement the program. The proposal should reflect the institution's expertise in the subject area and knowledge of the conditions in the target country/countries. Proposals should demonstrate an institutional record of successful exchange programs, including responsible fiscal management and full compliance with all reporting requirements for past Bureau grants as determined by Bureau Grants Staff. The Bureau will consider the past performance of prior recipients and the demonstrated potential of new

applicants. Proposed personnel and institutional resources should be adequate and appropriate to achieve the program's goals. The Bureau strongly encourages applicants to submit letters of support from proposed in-country partners.

V.2d. Cost Effectiveness and Cost Sharing

Overhead and administrative costs in the proposal budget, including salaries, honoraria and subcontracts for services, should be kept to a minimum. Proposals in which the administrative costs do not exceed 25% of the total requested ECA grant funds will be more competitive (see IV.3e.2 14 for clarification on this). Applicants are strongly encouraged to cost share a portion of overhead and administrative expenses. Cost-sharing, including contributions from the applicant, proposed in-country partner(s), and other sources should be included in the budget request. Proposal budgets that do not reflect cost sharing will be deemed not competitive on this criterion.

V.2e. Support of Diversity

Proposals should demonstrate substantive support of the Bureau's policy on diversity. Achievable and relevant features should be cited in both program administration (selection of participants, program venue and program evaluation) and program content (orientation and wrap-up sessions, program meetings, resource materials and follow-up activities). Applicants should refer to the Bureau's Diversity, Freedom and Democracy Guidelines in the Proposal Submission Instructions (PSI).

V.2f. Follow-on Activities

Applicants should provide a plan to conduct activities after the Bureau-funded project has concluded in order to ensure that Bureau-supported programs are not isolated events. Funds for all post-grant activities must be in the form of contributions from the applicant or sources outside of the Bureau. Costs for these activities must not appear in the proposal budget, but should be outlined in the narrative.

V.2g. Program Evaluation

Proposals should include a detailed plan to evaluate the program. Program objectives should target clearly defined results in quantitative terms. Competitive evaluation plans will describe how applicant organizations would measure these results, and proposals should include draft data collection instruments (surveys, questionnaires, etc.) in Tab E.

VI. Award Administration Information

VI.1. Award Notices

Final awards cannot be made until funds have been appropriated by Congress, allocated and committed through internal Bureau procedures. Successful applicants will receive a Federal Assistance Award (FAA) from the Bureau's Grants Office. The FAA and the original proposal with subsequent modifications (if applicable) shall be the only binding authorizing document between the recipient and the U.S. Government. The FAA will be signed by an authorized Grants Officer, and mailed to the recipient's responsible officer identified in the application. Unsuccessful applicants will receive notification of the results of the application review from the ECA program office coordinating this competition.

VI.2. Additional Requirements for the Palestinian Authority, West Bank, and Gaza

All awards made under this competition must be executed according to all relevant U.S. laws and policies regarding assistance to the Palestinian Authority, and to the West Bank and Gaza. Organizations must consult with relevant Public Affairs Offices before entering into any formal arrangements or agreements with Palestinian organizations or institutions.

Note: To assure that planning for the inclusion of the Palestinian Authority complies with requirements, please contact Thomas Johnston, Tel. (202) 632-6056; e-mail: JohnstonTJ@state.gov for additional information.

VI.4c. SF-PPR

A SF-PPR, "Performance Progress Report" Cover Sheet should be submitted with all program reports.

VI.4d. Quarterly Reports

Quarterly program and financial reports should be submitted for the duration of the program. For program reports, award recipients will be required to provide reports analyzing their evaluation findings to the Bureau.
