

Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the PRA and 5 CFR 1320.8(d)(1), all information collections require approval under the PRA.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

(1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;

(2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) How the agency might minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: This information collection request seeks to reinstate a previously discontinued collection. The Comprehensive Survey of the American Public (CSAP) is the only national information collection by the NPS that describes visitors and non-visitors to units of the National Park System. Information on non-visitors, including their demographic characteristics and reasons for their non-visitation, is especially important in designing programs to reach underserved populations more effectively. The CSAP is administered every 5 years, a period determined to be long enough to identify important trends in key measures and to survey visitor and non-visitor perceptions, attitudes, behaviors, and knowledge related to the programs, services, and recreational opportunities offered by the NPS. Based on the strong mandate for socioeconomic monitoring expressed in the NPS strategic goals for science and the Department of the Interior priorities for 2018–2022, this information collection will provide the high-quality data required to enhance the development of programs and resources within the NPS. In addition to telephone surveys, the 2022 CSAP will use online data collecting methods as an option to mitigate expenses and address the diminishing return rate of telephone surveys in the previous iterations.

Request for Nominations for the National Park Service Alaska Region Subsistence Resource Commission Program

AGENCY: National Park Service, Interior.

ACTION: Request for nominations.

SUMMARY: The National Park Service (NPS) is seeking nominations for individuals to represent subsistence users on the following Subsistence Resource Commissions (SRC): the Aniakchak National Monument SRC, the Cape Krusenstern National Monument SRC, the Gates of the Arctic SRC, the Lake Clark National Park SRC, and the Wrangell-St. Elias National Park SRC.

DATES: Nominations must be postmarked by February 8, 2023.

ADDRESSES: Nominations should be sent to: Eva Patton, Regional Subsistence Program Manager, National Park Service Alaska Regional Office, 240 W 5th Avenue, Anchorage, AK 99501, or eva_patton@nps.gov, or via telephone (907) 644–3601.

FOR FURTHER INFORMATION CONTACT: Eva Patton via telephone at (907) 644–3601. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: The NPS SRC program is authorized under section 808 of the Alaska National Interest Lands Conservation Act (16 U.S.C. 3118). The SRCs hold meetings to develop NPS subsistence program recommendations and advise on related regulatory proposals and resource management issues.

Each SRC is composed of nine representative members: (a) three

members appointed by the Secretary of the Interior; (b) three members appointed by the Governor of the State of Alaska; and (c) three members appointed by a Regional Advisory Council (RAC), established pursuant to 16 U.S.C. 3115, which has jurisdiction within the area in which the park is located. Each of the three members appointed by the RAC must be a member of either the RAC or a local advisory committee within the region who also engages in subsistence uses within the park or national monument.

We are now seeking nominations for those members of each of the SRCs listed above. Members will be appointed for a term of three years. Members of the SRC serve without compensation. However, while away from their homes or regular places of business in the performance of services for the SRC, and as approved by the Designated Federal Officer (DFO), members may be allowed travel expenses, including per diem in lieu of subsistence, in the same manner as persons employed intermittently in Government service are allowed such expenses under Section 5703 of Title 5 of the United States Code.

SRC meetings will take place at such times as designated by the DFO. Members are expected to make every effort to attend all meetings. Members may not appoint deputies or alternates.

We are seeking nominations for members to represent subsistence users on each of the five SRCs listed above. All those interested in serving as members, including current members whose terms are expiring, must follow the same nomination process.

Nominations should be typed and should include a resume providing an adequate description of the nominee's qualifications, including information that would enable the Department of the Interior to make an informed decision regarding meeting the membership requirements of the SRC, and to permit the Department to contact a potential member.
