[Project No. P 11797-000]

Grande Pointe Power Corporation; Notice of Availability of Environmental Assessment

November 8, 2002.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission (Commission or FERC) regulations contained in the Code of Federal Regulations (CFR) (18 CFR part 380 [FERC Order No. 486, 52 FR 47897]), the Office of Energy Projects staff (staff) reviewed the application for an original minor license for the Three Rivers Project, located on the St. Joseph River in the city of Three Rivers, St. Joseph County, Michigan, and has prepared an environmental assessment (EA) for the project. In this EA, the staff has analyzed the potential environmental effects of the existing project and concluded that licensing the project, with staff's recommended measures, would not constitute a major Federal action significantly affecting the quality of the human environment.

A copy of the EA is available for review at the Commission in the Public Reference Room, or it may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "FERRIS" link. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at (866)208-3676, or for TTY, contact (202)502-8659.

November 8, 2002.

On October 23, 2002, the Commission staff mailed the Bear River Projects Draft Environmental Impact Statement (DEIS) to the Environmental Protection Agency, resource and land management agencies, and interested organizations and individuals.

The DEIS was noticed in the **Federal Register** on November 1, 2002 (61 FR 6243), and comments are due December 31, 2002. The DEIS evaluates the environmental consequences of the construction, operation, and maintenance of the Bear River Projects in Idaho. The DEIS also evaluates the environmental effects of implementing the comprehensive settlement that replaces the applicant's proposal and agency recommendations, as well as evaluates staff's recommendations, and the no-action alternative. The projects are partially located on United States lands administered by the Bureau of Land Management.

A public meeting, which will be recorded by an official stenographer, is scheduled on Thursday, December 12, 2002, starting at 7:00 pm at the Caribou County Senior Center, 60 S. Main Street, Soda Springs, Idaho.

At this meeting, resource agency personnel and other interested persons will have the opportunity to provide oral and written comments and
