

Texas is subject to the FIP for PSD permitting of GHG emissions. This GHG PSD FIP remains in place and EPA remains the PSD permitting authority for GHG-emitting sources in Texas until EPA finalizes our proposed approval of the October 23, 2013, proposed revisions submitted for parallel processing on December 2, 2013, to the Texas SIP. Therefore, we propose that upon finalization of today's action, EPA will rescind the GHG PSD FIP for Texas at 40 CFR 52.2305(a) and (b). However, as detailed in Sections IV.B.1–3 and our transition process, there are three limited possibilities for retained authority. First, EPA will retain GHG PSD permitting authority for any pending permit applications where the permit applicant has submitted a written request to remain with EPA for permit issuance. Second, EPA will retain GHG PSD permitting authority for any pending permit application where the applicant has not submitted a written request regarding permit authority, and EPA has made a proposed determination through a public noticed draft permit upon the signature date of EPA's rescission of the GHG PSD FIP. EPA does not intend to retain any other authority over pending permit applications. Note, even for those cases where EPA announces it will retain permitting authority over an application, this authority will cease upon an applicant's written request to EPA withdrawing the pending permit application before a final determination is made. Finally, EPA will retain GHG PSD permitting authority for any issued permit for which either the time for filing an administrative appeal has not expired or all administrative and judicial appeals processes have not been completed by the signature date of EPA's final action to approve TCEQ's SIP submittal. Texas is also subject to the FIP for PSD permitting for any other pollutants that become newly subject to regulation under the CAA after January 2, 2011. We propose to find that the TCEQ has provided necessary and adequate assurances that the Texas PSD program will be revised in the future to address pollutants that become newly regulated under the CAA after January 2, 2011, and that the TCEQ has the adequate authority under State law to regulate the new PSD pollutants. Therefore, we propose that upon finalization of today's action, EPA will rescind the PSD FIP for Newly Regulated Pollutants for Texas at 40 CFR 52.2305(c).

EPA is severing and taking no action on the remainder of the October 5, 2010, SIP submittal for the adoption and

implementation of the Texas Minor NSR Qualified Facilities Program. EPA is also severing and taking no action on the portions of the December 2, 2013, submittal concerning biomass GHG emissions at 30 TAC Section 116.12(7)(B). The DC Circuit Court issued an order to vacate EPA's Biomass Deferral Rule on July 12, 2013.

VI. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the Clean Air Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the Clean Air Act. Accordingly, this action merely proposes to approve state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a "significant regulatory action" subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and
- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible

methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the SIP is not approved to apply in Indian country located in the state, and EPA notes that it will not impose substantial direct costs on tribal governments or preempt tribal law.

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Intergovernmental relations, Reporting and recordkeeping requirements, and incorporation by reference.

Approval and Promulgation of Air Quality Implementation Plans; New Mexico; Transportation Conformity and General Conformity Requirements for Bernalillo County

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve revisions to the New Mexico State Implementation Plan (SIP) at New Mexico Administrative Code 20.11.3 and 20.11.4, concerning transportation conformity and general conformity rules for Bernalillo County, New Mexico. The plan revision is intended to ensure consistency with amendments to the federal Transportation Conformity Rule and the federal General Conformity Rule. These plan revisions meet statutory and regulatory requirements, and are consistent with EPA's guidance.

DATES: Written comments should be received on or before March 20, 2014.

ADDRESSES: Please see the related direct final rule, which is located in the "Rules and Regulations" section of this **Federal Register**, for detailed instructions on how to submit comments.

FOR FURTHER INFORMATION CONTACT: Michelle Peace, Facility Assessment Section (6PD–A), Environmental

Protection Agency, Region 6, 1445 Ross Avenue, Suite 700, Dallas, Texas 75202–2733, telephone 214–665–7430; fax number 214–665–7263; email address peace.michelle@epa.gov.

SUPPLEMENTARY INFORMATION:

Why is EPA issuing this proposed rule?

This document proposes to take action on SIP revisions submitted by the Governor of New Mexico on behalf of the Albuquerque Bernalillo County Air Quality, Environmental Health Department on November 18, 2010, May 24, 2011, and October 11, 2012. We have published a direct final rule approving the State's SIP revisions in the "Rules and Regulations" section of this **Federal Register** because we view this as a noncontroversial action and anticipate no adverse comment. We have explained our reasons for this action in the preamble to the direct final rule.

If we receive no adverse comment, we will not take further action on this proposed rule. If we receive adverse comment, we will withdraw the direct final rule and it will not take effect. We would address all public comments in any subsequent final rule based upon this proposed rule.

We do not intend to institute a second comment period on this action. Any parties interested in commenting must do so at this time. For further information, please see the information provided in the **ADDRESSES** section of this document.

Dated: January 28, 2014.

Ron Curry,

Regional Administrator, Region 6.

Approval and Promulgation of Air Quality Implementation Plans; Wisconsin; Redesignation of the Milwaukee-Racine 2006 24-Hour Fine Particle Nonattainment Area to Attainment

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: On June 8, 2012, the State of Wisconsin, through the Wisconsin Department of Natural Resources (WDNR) submitted a request for the

Environmental Protection Agency (EPA) to redesignate the Milwaukee-Racine fine particle (PM_{2.5}) nonattainment area ("Milwaukee-Racine Area" or "Area") to attainment for the 2006 24-hour PM_{2.5} National Ambient Air Quality Standard (NAAQS), and to approve a state implementation plan (SIP) revision containing a maintenance plan for the Area. The Milwaukee-Racine Area is comprised of Milwaukee, Racine and Waukesha Counties. EPA is proposing to grant the state's request to redesignate the Area to attainment for the 2006 24-hour PM_{2.5} NAAQS. EPA's proposed approval involves several additional related actions. EPA is proposing to approve the state's plan for maintaining the 2006 24-hour PM_{2.5} NAAQS through 2025. EPA is proposing to approve the ammonia, volatile organic compounds (VOC), nitrogen oxides (NO_x), direct PM_{2.5}, and sulfur dioxide (SO₂) inventories submitted by the state as meeting the comprehensive emissions inventory requirement of the Clean Air Act (CAA). Finally, EPA finds adequate and is proposing to approve Wisconsin's NO_x, direct PM_{2.5}, SO₂, and VOC motor vehicle emission budgets (MVEBs) for 2020 and 2025 for the Milwaukee Area. EPA is also addressing a number of additional issues, including the effects of two decisions of the United States Court of Appeals for the District of Columbia (D.C. Circuit or Court): The Court's August 21, 2012, decision to vacate and remand to EPA the Cross-State Air Pollution Rule (CSAPR); and the Court's January 4, 2013, decision to remand two final rules implementing the 1997 annual PM_{2.5} standard.

DATES: Comments must be received on or before March 20, 2014.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–R05–OAR–2012–0464, by one of the following methods:

1. *www.regulations.gov*: Follow the on-line instructions for submitting comments.
2. *Email*: aburano.douglas@epa.gov.
3. *Fax*: (312) 408–2279.
4. *Mail*: Douglas Aburano, Chief, Attainment Planning and Maintenance Section, Air Programs Branch (AR–18J), U.S. Environmental Protection Agency, 77 West Jackson Boulevard, Chicago, Illinois 60604.
5. *Hand Delivery*: Douglas Aburano, Chief, Attainment Planning and Maintenance Section, Air Programs Branch (AR–18J), U.S. Environmental Protection Agency, 77 West Jackson Boulevard, Chicago, Illinois 60604. Such deliveries are only accepted during the Regional Office normal hours of operation, and special arrangements

should be made for deliveries of boxed information. The Regional Office official hours of business are Monday through Friday, 8:30 a.m. to 4:30 p.m., excluding Federal holidays.

Instructions: Direct your comments to Docket ID No. EPA–R05–OAR–2012–0464. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at www.regulations.gov, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov or email. The www.regulations.gov Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email comment directly to EPA without going through www.regulations.gov your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional instructions on submitting comments, go to Section I of the **SUPPLEMENTARY INFORMATION** section of this document.

Docket: All documents in the docket are listed in the www.regulations.gov index. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in hard copy. Publicly available docket materials are available either electronically in www.regulations.gov or in hard copy at the Environmental Protection Agency, Region 5, Air and Radiation Division, 77 West Jackson Boulevard, Chicago, Illinois 60604. This facility is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding Federal holidays. We recommend that you telephone Gilberto Alvarez, Environmental Scientist, at
