In that action, CLF asserted CWA claims arising from the same or similar circumstances as those that gave rise to the United States’ claims. In addition to resolving the United States’ claims, the proposed consent decree resolves CLF’s claims in this related action.

Records Schedules; Administrative Correction Notice

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of administrative correction to a records schedule.

SUMMARY: We are making the following administrative corrections to schedule DAA–0566–2018–0006, which provides disposition authority for United States Citizenship and Immigration Services Form 1–824, Application for Action on an Approved Application or Petition. The schedule covers forms and supporting documentation used to request duplicates of immigration forms and notices, and to request notifications of immigration status be sent to various U.S. government entities, such as U.S. consulates. An administrative correction addresses errors or oversights to temporary items in an approved records schedule. We are adding a superseded item citation.

DATES: Submit any comments by October 31, 2022.

ADDRESSES: You can find the records schedule subject to this proposed administrative correction on our website’s Records Control Schedule page at <https://www.archives.gov/records-mgmt/rcs/schedules/index.html?dir=/departments/departments-of-homeland-security/rg-0566>.

You may submit comments by the following method:

This will bring you to the docket for this notice which has a ‘comment’ button to submit a comment. If you are unable to comment via [regulations.gov](https://www.regulations.gov), you may email us at request.schedule@nara.gov for instructions on submitting your comment. You must cite the control

number of the schedule you wish to comment on.

FOR FURTHER INFORMATION CONTACT:

Kimberly Richardson, Regulatory and External Policy Program Manager, by email at regulation_comments@nara.gov or by phone at 301–837–2902. For information about records schedules, contact Records Management Operations by email at request.schedule@nara.gov.

SUPPLEMENTARY INFORMATION:

Administrative corrections are changes to temporary items on approved records schedules to address errors or oversights when the records were originally scheduled. The notice applies only to the changes described; not to other portions of a schedule. Submitting agencies cannot implement administrative corrections until the comment period ends and NARA approves the changes.

This administrative correction should be read in conjunction with the previously approved records schedule, N1–85–96–01, Department of Justice, Immigration and Naturalization Service, Immigration and Naturalization Service (INS) Service Center Receipt Files. You can find this schedule on the Records Control Schedule at https://www.archives.gov/files/records-mgmt/rcs/schedules/departments/departments-of-justice/rg-0085/n1-085-96-001_sf115.pdf.

Proposed Change

Administrative correction to include a superseded authority citation that was not correctly identified on schedule DAA–0566–2018–0006, Department of Homeland Security, U.S. Citizenship and Immigration Services, 1–824, Application for Action on an Approved Application or Petition, available on the Records Control Schedule page at https://www.archives.gov/files/records-mgmt/rcs/schedules/departments/departments-of-homeland-security/rg-0566/daa-0566-2018-0006_sf115.pdf. The schedule item DAA–0566–2018–0006–0001, approved in 2019, was intended to supersede N1–85–96–01, item 1, Approved Applications for Action on an Approved Application or Petition. The supersession did not appear in the Portable Document Format (PDF) version of the schedule because of a technical error. This error created an ambiguous disposition. DAA–0566–2018–0006–0001 will now supersede N1–85–96–01, item 1. The 2019

schedule does not modify the retention period for these records.

Laurence Brewer,
Chief Records Officer for the U.S.
Government.

SUPPLEMENTARY INFORMATION:

Public Comment Procedures

We are publishing notice of records schedules in which agencies propose to dispose of records they no longer need to conduct agency business. We invite public comments on these records schedules, as required by 44 U.S.C. 3303a(a), and list the schedules at the end of this notice by agency and subdivision requesting disposition authority.

In addition, this notice lists the organizational unit(s) accumulating the records or states that the schedule has agency-wide applicability. It also provides the control number assigned to each schedule, which you will need if you submit comments on that schedule. We have uploaded the records schedules and accompanying appraisal memoranda to the *regulations.gov* docket for this notice as "other" documents. Each records schedule contains a full description of the records at the file unit level as well as their proposed disposition. The appraisal memorandum for the schedule includes information about the records.

We will post comments, including any personal information and attachments, to the public docket unchanged. Because comments are public, you are responsible for ensuring that you do not include any confidential or other information that you or a third party may not wish to be publicly posted. If you want to submit a comment with confidential information or cannot otherwise use the *regulations.gov* portal, you may contact request.schedule@nara.gov for instructions on submitting your comment.

We will consider all comments submitted by the posted deadline and consult as needed with the Federal agency seeking the disposition authority. After considering comments, we may or may not make changes to the proposed records schedule. The schedule is then sent for final approval by the Archivist of the United States. After the schedule is approved, we will post on *regulations.gov* a "Consolidated Reply" summarizing the comments,

responding to them, and noting any changes we made to the proposed schedule. You may elect at *regulations.gov* to receive updates on the docket, including an alert when we post the Consolidated Reply, whether or not you submit a comment. If you have a question, you can submit it as a comment, and can also submit any concerns or comments you would have to a possible response to the question. We will address these items in consolidated replies along with any other comments submitted on that schedule.

We will post schedules on our website in the Records Control Schedule (RCS) Repository, at <https://www.archives.gov/records-mgmt/rcs>, after the Archivist approves them. The RCS contains all schedules approved since 1973.

Background

Each year, Federal agencies create billions of records. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA's approval. Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. The records schedules authorize agencies to preserve records of continuing value in the National Archives or to destroy, after a specified period, records lacking continuing administrative, legal, research, or other value. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

Agencies may not destroy Federal records without the approval of the Archivist of the United States. The Archivist grants this approval only after thorough consideration of the records' administrative use by the agency of origin, the rights of the Government and of private people directly affected by the Government's activities, and whether or not the records have historical or other value. Public review and comment on these records schedules is part of the Archivist's consideration process.
