FEDERAL RESERVE SYSTEM

Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. The application also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843). Unless otherwise noted, nonbanking activities will be conducted throughout the United States. Additional information on all bank holding companies may be obtained from the National Information Center website at www.ffiec.gov/nic/.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than November 14, 2003.

A. Federal Reserve Bank of Cleveland
(Nadine W. Wallman, Assistant Vice President) 1455 East Sixth Street, Cleveland, Ohio 44101-2566:

1. *S&T Bancorp, Inc.*, Indiana, Pennsylvania; to acquire up to 9.9 percent of the voting shares of CBT Financial Corp., Clearfield, Pennsylvania, and thereby indirectly acquire voting shares of The Clearfield Bank and Trust Company, Clearfield, Pennsylvania.

Board of Governors of the Federal Reserve System, October 15, 2003.

Robert deV. Frierson,

Deputy Secretary of the Board.

BILLING CODE 6210-01-S

FEDERAL TRADE COMMISSION

Agency Information Collection Activities; Submission for OMB Review; Comment Request

AGENCY: Federal Trade Commission (FTC).

ACTION: Notice.

SUMMARY: The FTC has submitted to the Office of Management and Budget (OMB) for review under the Paperwork Reduction Act (PRA) information collection requirements contained in its Alternative Fuel Rule. The FTC is seeking public comments on the proposal to extend through November 30, 2006 the current PRA clearance for information collection requirements contained in the Rule. That clearance expires on November 30, 2003.

DATES: Comments must be filed by November 20, 2003.

ADDRESSES: Send written comments to Secretary, Federal Trade Commission, Room H-159, 600 Pennsylvania Avenue, NW., Washington, DC 20580, or by e-mail to afv@ftc.gov, as prescribed below, and to: Records Management Center, ATTN: Desk Officer for the FTC, OMB, Room 10102 NEOB, fax#: 202/395-6566. The submissions should include the submitter's name, address, telephone number and, if available, FAX number and e-mail address. All submissions should be captioned "Alternative Fuel Rule Paperwork comment."

FOR FURTHER INFORMATION CONTACT:

Requests for copies of the collection of information and supporting documentation should be addressed to Neil Blickman, Division of Enforcement, Bureau of Consumer Protection, Federal Trade Commission, 601 New Jersey Ave., NW., Room NJ-2245, Washington, DC 20580.

SUPPLEMENTARY INFORMATION: On August 6, 2003, the FTC sought comment on the information collection requirements associated with the Alternative Fuel Rule ("Rule"), 16 CFR Part 309 (Control Number: 3084-0094). See 68 FR 46640. No comments were received. Pursuant to the OMB regulations that implement the PRA (5 CFR Part 1320), the FTC is providing this second opportunity for

public comment while seeking OMB approval to extend the existing paperwork clearance for the Rule.

Comments from members of the public are invited, and may be filed with the Commission in either paper or electronic form. A public comment filed in paper form should be mailed or delivered to the following address: Federal Trade Commission/Office of the Secretary, Room 159-H, 600 Pennsylvania Avenue, NW., Washington, DC 20580. If the comment contains any material for which confidential treatment is requested, it must be filed in paper (rather than electronic) form, and the first page of the document must be clearly labeled "Confidential."¹ A public comment that does not contain any material for which confidential treatment is requested may instead be filed in electronic form (in ASCII format, WordPerfect, or Microsoft Word), as part of or as an attachment to an email message sent to the following email box: afv@ftc.gov. Regardless of the form in which they are filed, all timely comments will be considered by the Commission, and will be available (with confidential material redacted) for public inspection and copying at the Commission's principal office and on the Commission Web site at <http://www.ftc.gov>. As a matter of discretion, the Commission makes every effort to remove home contact information for individuals from the public comments it receives, before placing those comments on the FTC web site.

The Rule, which implements the Energy Policy Act of 1992, Public Law 102-486, requires disclosure of specific information on labels posted on fuel dispensers for non-liquid alternative fuels and on labels on Alternative Fueled Vehicles (AFVs). To ensure the accuracy of these disclosures, the Rule also requires that sellers maintain records substantiating produce-specific disclosures they include on these labels.

Burden statement:

It is common practice for alternative fuel industry members to determine and monitor fuel ratings in the normal course of their business activities. This is because industry members must know and determine the fuel ratings of their products in order to monitor quality and to decide how to market them.

"Burden" for PRA purposes is defined

¹ FTC Rule 4.2(b), 16 CFR 4.2(d). The comment must also be accompanied by an explicit request for confidential treatment, including the factual and legal basis for the request, and must identify the specific portions of the comment to be withheld from the public record. The request will be granted or denied by the Commission's General Counsel, consistent with applicable law and the public interest. See Commission Rule 4.9(c), 16 CFR 4.9(c).

to exclude effort that would be expended regardless of any regulatory requirement. 5 CFR 1320.2(b)(2). Moreover, as originally anticipated when the Rule was promulgated in 1995, many of the information collection requirements and the originally-estimated hours were associated with one-time start up tasks of implementing standard systems and processes.

Other factors also limit the burden associated with the Rule. Certification may be a one-time event or require only infrequent revision. Disclosures on electric vehicle fuel dispensing systems may be useable for several years. (Label specifications were designed to produce labels to withstand the elements for several years.) Nonetheless, there is still some burden associated with posting labels. There also will be some minimal burden associated with new or revised certification of fuel ratings and recordkeeping. The burden on vehicle manufacturers is limited because only newly-manufactured vehicles will require label posting and manufacturers produce very few new models each year. Finally, there will be some burden, also minor, associated with recordkeeping requirements.

Estimated total annual hours burden: 2,100 total burden hours, rounded.

Non-liquid alternative fuels:

Certification: Staff estimates that the Rule's fuel rating certification requirements will affect approximately 550 industry members (compressed natural gas procedures and distributors and manufacturers of electric vehicle fuel dispensing systems) and consume approximately one hour each per year for a total of 550 hours.

Recordkeeping: Staff estimates that all 1,800 industry members will be subject to the Rule's recordkeeping requirements (associated with fuel rating certification) and that compliance will require approximately one-tenth hour each per year for a total of 180 hours.

Labeling: Staff estimates that labeling requirements will affect approximately nine of every ten industry members (or roughly 1,600 members), but that the number of annually affected members is only 320 because labels may remain effective for several years (staff assumes that in any given year approximately 20% of 1,600 industry members will need to replace their labels). Staff estimates that industry members require approximately one hour each per year for labeling their fuel dispensers for a total of 320 hours.

Sub-total: 1,050 hours (550 + 180 + 320).

AFV manufacturers:
