

used for federal grants, as well as up to six additional attachments specific to COPPGP. Awards are posted to the CPSC's website and via press release.

*Description of the Need for the Information and Proposed Use of the Information:* The COPPGP provides eligible state, local, and tribal governments with funding to purchase and install carbon monoxide alarms and to develop training and public education programs in accordance with 15 U.S.C. 2090(e). The information collected through the application for COPPGP grants is used to determine eligibility and to provide funding to reduce deaths and injuries from carbon monoxide poisoning.

*Affected Public:* State, Local or Tribal or U.S. Territory Government.

*Estimated Number of Respondents:* CPSC expects up to 35 respondents annually.

*Frequency:* Annual.

*Total Estimated Annual Burden:* To apply for the COPPGP, in addition to completing common forms,<sup>3</sup> an applicant would typically provide six attachments specific to the grant program.

- Attachment 1, the introduction, provides a table of contents and introduction and is estimated to take one hour to prepare, on average.
- Attachment 2, legal eligibility, provides references necessary to support that the applicant meets the legal eligibility requirements of the NZB Act and is estimated to take one hour to prepare, on average.
- Attachment 3, the work plan, provides the framework and describes all aspects of the proposed project and is estimated to take 40 hours to prepare, on average.
- Attachment 4, the budget table, provides a budget narrative and table for the 2-year project schedule and is estimated to take 10 hours to prepare, on average.
- Attachment 5, cost share, is an additional narrative documenting cost share on the budget (not required for tribal governments) and is estimated to take five hours to prepare, on average.
- Attachment 6, the indirect cost rate agreement, substantiates indirect costs

or government-wide, for the same purpose. See <https://pra.digital.gov/clearance-types/>.

<sup>3</sup> The common forms include: SF-424A Budget Information—Non-Construction (OMB No. 4040-0006), SF-424B Assurances—Non-Construction Programs (OMB No. 4040-0007), Project Abstract Summary (OMB No. 4040-0019), SF-424 Application for Federal Assistance (OMB No. 4040-0020), and SF-LLL Disclosure of Lobbying Activities (OMB No. 4040-0013). To avoid double counting, the estimated burden for this collection does not include burden approved under these common forms.

that the NZB Act states may be reimbursed as permissible administrative costs and is estimated to take one hour to prepare, on average.

CPSC estimates it would take the applicant approximately 58 hours to compile attachments 1–6, except for tribal governments which would take approximately 53 hours because attachment 5 is not required. CPSC expects to receive 35 grant applications that utilize the attachments described, for a total burden hour estimate of 2,030 hours (58 hours per application × 35 applications). The actual burden may be slightly lower depending on the number of tribal government applications. However, to estimate the maximum burden, these estimates assume all applications to be non-tribal government applications.

*Total Estimated Annual Burden Cost:* CPSC estimates the compensation for the creation and compilation of attachments 1–6 is \$62.92 per hour (U.S. Bureau of Labor Statistics, “Employer Costs for Employee Compensation,” September 2024, total compensation for state and local government workers: [https://www.bls.gov/news.release/archives/lecec\\_12172024.pdf](https://www.bls.gov/news.release/archives/lecec_12172024.pdf)). Therefore, the estimated annual cost of the burden requirements is \$127,728 (\$62.92 per hour × 2,030 hours = \$127,727.60). Based on this analysis, the collection of information would impose a total burden to applicants of 2,030 hours at a cost of \$127,728.

*Request for Comments:*

CPSC requests that interested parties submit comments regarding this proposed information collection (see the ADDRESSES section at the beginning of this notice). Pursuant to 44 U.S.C. 3506(c)(2)(A), the Commission specifically invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of CPSC's functions, including whether the information will have practical utility;
- The accuracy of CPSC's estimate of the burden of the proposed collection of information;
- Ways to enhance the quality, utility, and clarity of the information the Commission proposes to collect; and
- Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques when appropriate, and other forms of information technology.

## DEPARTMENT OF ENERGY

### Environmental Management Site-Specific Advisory Board, Oak Ridge

**AGENCY:** Office of Environmental Management, Department of Energy.

**ACTION:** Notice of open meeting.

**SUMMARY:** This notice announces an in-person/virtual hybrid meeting of the Environmental Management Site-Specific Advisory Board (EM SSAB), Oak Ridge. The Federal Advisory Committee Act requires that public notice of this meeting be announced in the **Federal Register**.

**DATES:** Wednesday, April 9, 2025; 6–8 p.m. EDT.

**ADDRESSES:** Department of Energy (DOE) Information Center, Office of Science and Technical Information, 1 Science.gov Way, Oak Ridge, Tennessee 37831. This hybrid meeting will be in-person at the DOE Information Center and virtually via Zoom. To attend virtually, please send an email to: [orssab@orem.doe.gov](mailto:orssab@orem.doe.gov) by 5 p.m. EDT on Monday, April 7, 2025.

**FOR FURTHER INFORMATION CONTACT:** Melyssa P. Noe, Deputy Designated Federal Officer, U.S. Department of Energy, Oak Ridge Office of Environmental Management (OREM), P.O. Box 2001, EM-942, Oak Ridge, TN 37831; Phone (865) 241-3315; or Email: [Melyssa.Noe@orem.doe.gov](mailto:Melyssa.Noe@orem.doe.gov) or visit the website at [www.energy.gov/orssab](http://www.energy.gov/orssab).

#### SUPPLEMENTARY INFORMATION:

*Purpose of the Board:* The purpose of the Board is to provide advice and recommendations concerning the following EM site-specific issues: clean-up activities and environmental restoration; waste and nuclear materials management and disposition; excess facilities; future land use and long-term stewardship. The Board may also be asked to provide advice and recommendations on any EM program components.

#### *Tentative Agenda:*

- OREM Presentation to the Board
- Discussion
- Public Comment Period
- Board Business

*Public Participation:* This meeting is open to the public. The EM SSAB, Oak Ridge, welcomes the attendance of the public at its advisory committee meetings and will make every effort to accommodate persons with physical disabilities or special needs. If you require special accommodations due to a disability, please contact Melyssa P. Noe at least seven days in advance of the meeting at the phone number listed above. Written statements may be filed

with the Board via email either before or after the meeting. Public comments received no later than 5 p.m. EDT on Monday, April 7, 2025, will be read aloud during the meeting. Comments will be accepted after the meeting by no later than 5 p.m. EDT on Monday, April 14, 2025. Please submit comments to [orssab@orem.doe.gov](mailto:orssab@orem.doe.gov). Please put "Public Comment" in the subject line. The Deputy Designated Federal Officer is empowered to conduct the meeting in a fashion that will facilitate the orderly conduct of business. Individuals wishing to make public comments will be provided a maximum of five minutes to present their comments.

**Minutes:** Minutes will be available by emailing or calling Melyssa P. Noe at the email address and telephone number listed above. Minutes will also be available at the following website: <https://www.energy.gov/orem/listings/oak-ridge-site-specific-advisory-board-meetings>.

**Signing Authority:** This document of the Department of Energy was signed on March 6, 2025, by David Borak, Committee Management Officer, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on March 6, 2025.

**Jennifer Hartzell,**

*Alternate Federal Register Liaison Officer,  
U.S. Department of Energy.*
