The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: Advanced Education Nursing Traineeship (AENT) and Nurse Anesthetist Traineeship (NAT) (OMB No. 0915-0305) [Extension]

The Health Resources and Services Administration (HRSA) provides training grants to educational institutions to increase the numbers of advanced education nurses through the Advanced Education Nursing Traineeship (AENT) program and the Nurse Anesthetist Traineeship (NAT) program.

HRSA developed the AENT and NAT tables for the application guidances and the Nurse Traineeship Database for the two nursing traineeship programs. The AENT and NAT tables are used annually by grant applicants that are applying for AENT and NAT funding. The funds appropriated for the AENT and NAT programs are distributed among eligible institutions based on a formula. Award amounts are based on enrollment and graduate data reported on the tables and two funding factors (Statutory Funding Preference and Statutory Special Consideration).

The AENT and NAT tables include information on program participants such as the number of enrollees, projected data on enrollees and graduates for the following academic year, number of trainees supported, number of graduates, number of graduates supported and the types of programs they are enrolling into and/or from which they are graduating. AENT and NAT applicants will have a single access point to submit their grant applications including the tables.

Applications are submitted in two phases: Grants.gov (Phase 1) and the HRSA Electronic Handbooks (Phase 2). These tables will be available electronically through the HRSA Electronic Handbooks (Phase 2) for applicants to submit their AENT and/or NAT grant application(s). The tables are also used in the Nurse Traineeship Database which is used by Division of Nursing staff and not the applicants.

Data from the tables will be used in the award determination and validation process. Additionally, the data will be used to ensure programmatic compliance, report to Congress and policymakers on the program accomplishments, and formulate and justify future budgets for these activities submitted to OMB and Congress.

The burden estimate for this project is as follows: AENT increased from 1 hour to 1.5 hours due to the revisions of AENT Tables 1, 2, 3 and 4 to capture comprehensive data to provide for more detailed data analysis of the AENT Program.

Instrument	Number of respondents	Responses per respondent	Total responses	Hours per response	Total burden hours
AENT	500	1	500	1.5	750
NAT	100	1	100	1	100
Total	600	600	850

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to the desk officer for HRSA, either by e-mail to OIRA_submission@omb.eop.gov or by fax to 202-395-6974. Please direct all correspondence to the "attention of the desk officer for HRSA."

Proposed Project: The Health Education Assistance Loan (HEAL) Program Regulations (OMB No. 0915-0108) Extension

The Health Education Assistance Loan (HEAL) Program has regulations that contain notification, reporting and recordkeeping requirements to insure that the lenders, holders and schools participating in the HEAL program follow sound management procedures in the administration of federally-insured student loans. While the regulatory requirements are approved under the OMB number referenced above, much of the burden associated with the regulations is cleared under separate OMB numbers for the HEAL forms and electronic submissions used to report required information. The table below provides the estimate of burden for the remaining regulations.

The estimates of burden are as follows:

REPORTING REQUIREMENTS

Number of respondents	Number of transactions	Total transactions	Hours per response	Total burden hours
17 Holders	5	78	12 Min	16

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of

information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Project: Opioid Drugs in Maintenance and Detoxification Treatment of Opioid Dependence—42 CFR Part 8 (OMB No. 0930-0206)—Revision

42 CFR part 8 establishes a certification program managed by SAMHSA’s Center for Substance Abuse Treatment (CSAT). The regulation requires that Opioid Treatment Programs (OTPs) be certified. “Certification” is the process by which SAMHSA determines that an OTP is qualified to provide opioid treatment under the Federal opioid treatment standards established by the Secretary of Health and Human Services. To become certified, an OTP must be accredited by a SAMHSA-approved accreditation body. The regulation also provides standards for such services as individualized treatment planning,

increased medical supervision, and assessment of patient outcomes. This submission seeks continued approval of the information collection requirements in the regulation and of the forms used in implementing the regulation.

SAMHSA currently has approval for the Application for Certification to Use Opioid Drugs in a Treatment Program Under 42 CFR 8.11 (Form SMA-162); the Application for Approval as Accreditation Body Under 42 CFR 8.3(b) (Form SMA-163); and the Exception Request and Record of Justification Under 42 CFR 8.12 (Form SMA-168), which may be used on a voluntary basis by physicians when there is a patient care situation in which the physician must make a treatment decision that differs from the treatment regimen required by the regulation. Form SMA-168 is a simplified, standardized form to facilitate the documentation, request, and approval process for exceptions.

The tables that follow summarize the annual reporting burden associated with the regulation, including burden associated with the forms.

ESTIMATED ANNUAL REPORTING REQUIREMENT BURDEN FOR ACCREDITATION BODIES
