Agency Information Collection Activities: Notice of Intent To Extend Collection 3038-0075: Protection of Collateral of Counterparties to Uncleared Swaps; Treatment of Securities in a Portfolio Margining Account in a Commodity Broker Bankruptcy

AGENCY: Commodity Futures Trading Commission.

ACTION: Notice.

SUMMARY: The Commodity Futures Trading Commission (“Commission” or “CFTC”) is announcing an opportunity for public comment on the proposed renewal of a collection of certain information by the agency. Under the Paperwork Reduction Act (“PRA”), Federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, and to allow 60 days for public comment. This notice solicits comments on the Commission’s burden estimates associated with the requirements for swap dealers (“SDs”) and major swap participants (“MSPs”) to notify counterparties of their right to require segregation of initial margin, and to allow the counterparty to change that election by written notice to the SD or MSP, and to report quarterly to the counterparty that the back office procedures of the SD or MSP relating to margin and collateral requirements are in compliance with the agreement of the counterparties.

ADDRESSES: You may submit comments, identified by “OMB Control No. 3038-0075” by any of the following methods:

SUPPLEMENTARY INFORMATION: Under the PRA, 44 U.S.C. 3501 *et seq.*, Federal agencies must obtain approval from the Office of Management and Budget (“OMB”) for each collection of information they conduct or sponsor. “Collection of Information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3 and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the Commission is publishing notice of the proposed extension of the existing collection of information listed below. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Title: Protection of Collateral of Counterparties to Uncleared Swaps; Treatment of Securities in a Portfolio Margining Account in a Commodity Broker Bankruptcy (OMB Control No. 3038-0075). This is a request for an extension of a currently approved information collection.

Abstract: Section 4s(l) of the Commodity Exchange Act requires SDs and MSPs to notify uncleared swap counterparties that they have the right to require that any initial margin the counterparty provides in connection with such transaction be segregated, and to report quarterly to counterparties

who have not requested segregated accounts that the back office procedures of the SD or MSP relating to margin and collateral comply with the agreement of the counterparties.

Regulations 23.701 and 23.704 establish reporting requirements that are mandated by Section 4s(l) and, thus, are necessary to implement the objectives of Section 4s(l). Regulation 23.701 requires that the SD or MSP notify the counterparty at the beginning of the swap trading relationship of the counterparty’s right to require segregation of initial margin, and to permit the counterparty to change that election by written notice to the SD or MSP. Regulation 23.704 requires that, in certain circumstances, an SD or MSP must report to the counterparty, on a quarterly basis, that the back office procedures of the SD or MSP relating to margin and collateral requirements are in compliance with the agreement of the counterparties. The data required to be compiled and maintained pursuant to Regulations 23.701 and 23.704 would be used by uncleared swap counterparties (and, in some instances, the CFTC and self-regulatory organizations).

With respect to the collection of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;
- The accuracy of the Commission’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; *e.g.*, permitting electronic submission of responses.

All comments must be submitted in English, or if not, accompanied by an English translation. Comments will be posted as received to <https://www.cftc.gov/>. You should submit only information that you wish to make available publicly. If you wish for the Commission to consider information that you believe is exempt from disclosure under the Freedom of Information Act, a petition for confidential treatment of the exempt information may be submitted according
