SUPPLEMENTARY INFORMATION:**I. Notice of Final Decision**

The Occupational Safety and Health Administration hereby gives notice of the expansion of the scope of

recognition of SGS North America, Inc. (SGS), as an NRTL. SGS’s expansion covers the addition of five recognized testing and certification sites and fourteen additional test standards to its NRTL scope of recognition, including one test standard that will be added to the NRTL Program List of Appropriate Test Standards.

OSHA recognition of an NRTL signifies that the organization meets the requirements in Section 1910.7 of Title 29, Code of Federal Regulations (29 CFR 1910.7). Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within its scope of recognition and is not a delegation or grant of government authority. As a result of recognition, employers may use products properly approved by the NRTL to meet OSHA standards that require testing and certification.

The Agency processes applications by an NRTL for initial recognition, or for expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the Agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides its preliminary finding and, in the second notice, the Agency provides its final decision on the application. These notices set forth the NRTL’s scope of recognition or modifications of that scope. OSHA maintains an informational Web page for each NRTL that details its scope of recognition. These pages are available from the Agency’s Web site at <http://www.osha.gov/dts/otpcanrtl/index.html>.

SGS currently has one facility (site) recognized by OSHA for product testing and certification, with its headquarters located at: 620 Old Peachtree Road, Suwanee, Georgia 30024. A complete list of SGS’s scope of recognition is available at: <https://www.osha.gov/dts/otpcanrtl/sgs.html>.
