32 CFR Part 706

Certifications and Exemptions Under the International Regulations for Preventing Collisions at Sea, 1972

AGENCY: Department of the Navy, DoD. **ACTION:** Final rule.

SUMMARY: The Department of the Navy (DoN) is amending its certifications and exemptions under the International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS), to reflect that the Deputy Assistant Judge Advocate General (DAJAG) (Admiralty and Maritime Law) has determined that USS NORTH DAKOTA (SSN 784) is a vessel of the Navy which, due to its special construction and purpose, cannot fully comply with certain provisions of the 72 COLREGS without interfering with its special function as a naval ship. The intended effect of this rule is to warn mariners in waters where 72 COLREGS apply.

DATES: This rule is effective May 2, 2014 and is applicable beginning April 16, 2014.

FOR FURTHER INFORMATION CONTACT:

Lieutenant Jocelyn Loftus-Williams, (Admiralty and Maritime Law), Office of the Judge Advocate General, Department of the Navy, 1322 Patterson Ave. SE., Suite 3000, Washington Navy Yard, DC 20374–5066, telephone 202–685–5040.

SUPPLEMENTARY INFORMATION: Pursuant to the authority granted in 33 U.S.C. 1605, the DoN amends 32 CFR Part 706.

This amendment provides notice that the DAJAG (Admiralty and Maritime Law), under authority delegated by the Secretary of the Navy, has certified that USS NORTH DAKOTA (SSN 784) is a vessel of the Navy which, due to its special construction and purpose, cannot fully comply with the following specific provisions of 72 COLREGS without interfering with its special function as a naval ship: Annex I, paragraph 2(a)(i), pertaining to the vertical placement of the masthead light; Annex I, Section 2(f)(i), pertaining

to Virginia class submarine masthead light location below the submarine identification lights; Annex I, paragraph 2(k), pertaining to the vertical separation of the anchor lights and vertical placement of the forward anchor light above the hull; Rule 30 (a) and Rule 21 (e), pertaining to arc of visibility of the forward and after anchor lights; Annex I, paragraph 3(b), pertaining to the location of the sidelights; and Rule 21(c), pertaining to the location and arc of visibility of the sternlight. The DAJAG (Admiralty and Maritime Law) has also certified that the lights involved are located in closest possible compliance with the applicable 72 COLREGS requirements.

Moreover, it has been determined, in accordance with 32 CFR Parts 296 and 701, that publication of this amendment for public comment prior to adoption is impracticable, unnecessary, and contrary to public interest since it is based on technical findings that the placement of lights on this vessel in a manner differently from that prescribed herein will adversely affect the vessel's ability to perform its military functions.

37 CFR Part 370

[Docket No. RM 2008-7]

Notice and Recordkeeping for Use of Sound Recordings Under Statutory License

AGENCY: Copyright Royalty Board,

Library of Congress.

ACTION: Final rule; Affirmation.

SUMMARY: The Copyright Royalty Judges affirm adoption of the final regulation for filing notice of use and the delivery of records of use of sound recordings under two statutory licenses of the Copyright Act. The purpose of this affirmation is to remove any doubt about the effectiveness of the final regulation in light of a ruling by the United States Court of Appeals for the District of Columbia Circuit regarding the constitutionality of the manner in which the Copyright Royalty Judges were appointed.

DATES: Effective Date: May 2, 2014. FOR FURTHER INFORMATION CONTACT:

Richard Strasser, Senior Attorney, or Gina Giuffreda, Attorney Advisor, by telephone at (202) 707–7658 or email at *crb@loc.gov*.

SUPPLEMENTARY INFORMATION: On October 6, 2006, the Copyright Royalty Judges (Judges) issued interim regulations published in the Federal **Register** for the delivery and format of reports of use of sound recordings for the statutory licenses set forth in sections 112 and 114 of the Copyright Act. 71 FR 59010. The goal of those interim regulations was to establish format and delivery requirements for reports of use so that royalty payments to copyright owners pursuant to the section 112 and 114 licenses could be made from April 1, 2004, forward based upon actual data on the sound recordings transmitted by digital audio services. During the period after the Judges issued the interim regulations, the Judges monitored the operation of these regulations as well as developments in recordkeeping requirements agreed upon by parties to various settlements relating to the use of the section 112 and 114 licenses.

On December 30, 2008, the Judges published a notice of proposed rulemaking (NPRM) setting forth proposed revisions to the interim regulations adopted in October 2006. 73 FR 79727. The most significant revision proposed by the Judges was to expand the reporting period to implement year-
