

ELECTION ASSISTANCE COMMISSION**Sunshine Act Meeting; Public Hearing:
The VVSG 2.0 Requirements Hearing 2:
Implementation of the VVSG at the
State and Local Level**

AGENCY: United States Election Assistance Commission.

ACTION: Notice of public hearing agenda.

DATES: Wednesday, May 6, 2020 1:30–3:30 p.m. Eastern.

ADDRESSES: Livestream on the U.S. Election Assistance YouTube channel: <https://www.youtube.com/channel/UCpN6i0g2rIF4ITWhwvBwwZw>.

FOR FURTHER INFORMATION CONTACT: Jerome Lovato, Telephone: (301) 960–1216, Email: jlovato@eac.gov.

SUPPLEMENTARY INFORMATION:**Status**

This hearing will be open to the public.

Agenda

EAC Commissioners will hold a virtual hearing to discuss the proposed Voluntary Voting System Guidelines (VVSG) 2.0 Requirements as submitted by the Technical Guidelines Development Committee (TGDC). This second hearing will focus on how state and local election offices utilize the VVSG program, and how the VVSG program supports state and local efforts. The hearing will also include a discussion on the questions around accessibility and security regarding the VVSG program, including how to balance the issues at hand while ensuring accessibility and security.

Commissioners will also hear from members of the public who wish to offer verbal testimony on the VVSG 2.0 requirements. Public testimony during the hearing will be limited to 5 minutes maximum per person. If you would like to participate in public testimony, please contact Jerome Lovato (jlovato@eac.gov) with your full name and phone number no later than 11:30 a.m. Eastern Time on May 6, 2020.

The VVSG 2.0 Requirements are currently published for a 90-day public comment period that concludes on June 22nd. The first VVSG public hearing on March 27, 2020 covered an introduction to the VVSG process as well as a high-level overview of the proposed VVSG 2.0 requirements. A recording of the hearing is available on the EAC's website: <https://www.eac.gov/events/2020/03/27/eac-virtual-public-hearing-introduction-and-foundation-vvsg-20-requirements>.

The TGDC unanimously approved to recommend VVSG 2.0 Requirements on

February 7, 2020, and sent the Requirements to the EAC Acting Executive Director via the Director of the National Institute of Standards and Technology (NIST), in the capacity of the Chair of the TGDC on March 9, 2020. Upon adoption, the VVSG 2.0 would become the fifth iteration of national level voting system standards. The Federal Election Commission published the first two sets of federal standards in 1990 and 2002. The EAC then adopted Version 1.0 of the VVSG on December 13, 2005. In an effort to update and improve version 1.0 of the VVSG, on March 31, 2015, the EAC commissioners unanimously approved VVSG 1.1.

Federal Energy Regulatory Commission

[Docket No. CP20-49-000]

Transcontinental Gas Pipe Line Company, LLC; Notice of Availability of the Environmental Assessment for the Proposed Northeast Supply Enhancement Project Amendment

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) to assess the environmental impacts associated with a proposed amendment to Transcontinental Gas Pipe Line Company, LLC's (Transco) Northeast Supply Enhancement Project which was authorized on May 3, 2019 in Docket No. CP17-101-000. The Northeast Supply Enhancement Project Amendment (Amendment) involves utilizing an alternative road for permanent access to Compressor Station 206 in Somerset County, New Jersey, rather than constructing the approved access road to the site.

The EA assesses the potential environmental effects of the construction and operation of the Amendment in accordance with the requirements of the National Environmental Policy Act of 1969 (NEPA). The FERC staff concludes that approval of the Amendment would not constitute a major federal action significantly affecting the quality of the human environment.

The Commission mailed a copy of the *Notice of Availability* for the EA to federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American tribes; potentially affected landowners and other interested individuals and groups; and newspapers and libraries in the area of the Amendment. The EA is only available in electronic format. It may be viewed and downloaded from FERC's website (www.ferc.gov), on the Environmental Documents page (<http://www.ferc.gov/industries/gas/enviro/eis.asp>). In addition, the EA may be accessed by using the eLibrary link on FERC's website. Click on the eLibrary link (<https://www.ferc.gov/docs-filing/elibrary.asp>), click on General Search, and enter the docket number in the

"Docket Number" field, excluding the last three digits (*i.e.*, CP20-49). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at: FercOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

Any person wishing to comment on the EA may do so. Your comments should focus on the EA's discussion of potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. The more specific your comments, the more useful they will be. To ensure that the Commission has the opportunity to consider your comments prior to making its decision on the Amendment, it is important that the Commission receive your comments on or before 5:00 p.m. Eastern Time on May 26, 2020.

For your convenience, there are three methods you can use to file your comments with the Commission. In all instances, please reference the Amendment's docket number (CP20-49-000) with your submission. The Commission encourages electronic filing of comments and has expert staff available to assist you at (866) 208-3676 or FercOnlineSupport@ferc.gov.

(1) You can file your comments electronically using the *eComment* feature located on the Commission's website (www.ferc.gov) under the link to *Documents and Filings*. This is an easy method for submitting brief, text-only comments on a project;

(2) You can also file your comments electronically using the *eFiling* feature on the Commission's website (www.ferc.gov) under the link to *Documents and Filings*. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." You must select the type of filing you are making. If you are filing a comment on a particular project, please select "Comment on a Filing" as the filing type; or
