**Fisheries of the Northeastern United States; Essential Fish Habitat (EFH) Components of Fishery Management Plans (Northeast Multispecies, Atlantic Sea Scallop, Monkfish, Atlantic Herring, Skates, Atlantic Salmon, and Atlantic Deep-Sea Red Crab) 5–year Review**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Supplemental notice of intent (NOI) to prepare an environmental impact statement (EIS); comment period reopened.

**SUMMARY:** NMFS is reopening the public comment period for the supplemental NOI to prepare an EIS for the Omnibus Habitat Amendment that was published on October 5, 2009. This is necessary because some comments that were submitted via e-mail may not have been delivered properly. This notice reopens the comment period to ensure all interested parties' comments are received and addressed correctly.

**DATES:** Written comments must be received on or before 5 p.m. e.s.t., December 21, 2009.

**ADDRESSES:** You may submit comments by any of the following methods:

- E-mail: [HabitatNOI@noaa.gov](mailto:HabitatNOI@noaa.gov).
- Mail: Paul J. Howard, Executive Director, New England Fishery Management Council, 50 Water Street, Newburyport, MA 01950.

• Fax: (978) 465–3116.

**FOR FURTHER INFORMATION CONTACT:** Paul J. Howard, Executive Director, New England Fishery Management Council (978) 465–0492.

**SUPPLEMENTARY INFORMATION:** On October 5, 2009, the New England Fishery Management Council (Council) announced that it is in the process of preparing a programmatic Environmental Impact Statement (EIS) and Omnibus Amendment to the fishery management plans for Northeast multispecies, Atlantic sea scallop, monkfish, Atlantic herring, skates, Atlantic salmon, and Atlantic deep-sea red crab (74 FR 51126). This NOI proposed that the Council would prepare one final EIS that incorporates all topics considered in the development of the Omnibus Amendment, rather than preparing a final Phase 1 EIS prior to completing

work on Phase 2 topics. During that scoping period, the Council sought comments on its intent to not complete a Phase 1 Final EIS, as well as comments on any new scientific information identified since the 2004 scoping period that is pertinent to the development of the Omnibus Amendment.

The comment period for that NOI closed on November 4, 2009. Since that time it has come to the Council's attention that comments submitted via e-mail may not have been delivered. This problem did not impact written comments submitted through the mail or by fax.

However, the Council has decided to reopen the comment period and encourages individuals that submitted information through e-mail to resubmit their comments. For additional information regarding this action, please consult the prior NOI cited above.

**Certain Circular Welded Non–Alloy Steel Pipe From Mexico; Preliminary Results of Antidumping Duty Administrative Review**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** In response to requests by interested parties, the Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on certain circular welded non–alloy steel pipe from Mexico. This administrative review covers mandatory respondents Mueller Comercial de Mexico, S. de R.L. (Mueller) and Tuberia Nacional, S.A. de C.V. (TUNA). The Department also selected Hylsa S.A. de C.V. (Hylsa) as a mandatory respondent for this review. Hylsa was subject to a concurrent changed circumstances review of this order. In its changed circumstances review the Department determined Ternium Mexico, S.A. de C.V. (Ternium) is the successor-in-interest to Hylsa. *See Final Results of Antidumping Duty Changed Circumstances Review: Certain Circular Welded Non–Alloy*

*Steel Pipe and Tube from Mexico*, 74 FR 41681 (August 18, 2009) (*Final Results Changed Circumstances Review*).

Therefore, we are treating Ternium as the successor-in-interest to Hylsa for these preliminary results and consider them a single entity (*see* “Background” section of this notice for further explanation). The period of review (POR) is November 1, 2007 through October 31, 2008.

We preliminarily determine that sales of subject merchandise have been made at less than normal value (NV) because two of the three companies, Ternium and Mueller, refused to cooperate with the Department in the conduct of this administrative review. We also are preliminarily rescinding this administrative review in part with respect to respondent TUNA, which has claimed it made no shipments of subject merchandise during the POR. The Department's review of import data supported TUNA's claim (*see* “TUNA's No–Shipment Claim” section of this notice for further explanation). Interested parties are invited to comment on these preliminary results.

**EFFECTIVE DATE:** December 7, 2009.
