Proposed Project:

Title: Evaluation of the Community Healthy Marriage Initiative Implementation Study.

OMB No.: 0970-0283.

Description: The Administration for Children and Families (ACF), U.S. Department of Health and Human Services (HHS), is conducting a demonstration and evaluation called the Community Healthy Marriage Initiative (CHMI). Demonstration programs have been funded through Child Support Enforcement waivers authorized under section 1115 of the Social Security Act to support healthy marriage, improve child well-being and increase the financial security of children. The objectives of the evaluation are to (1) assess the implementation of community interventions designed to provide marriage education by examining the way the projects operate and by examining child support outcomes among low-income families in the community, and (2) evaluate the community impacts of these interventions on marital stability and satisfaction, child well-being and child support outcomes among low-income families.

The purpose of this information collection is to continue collecting implementation data under the protocols previously approved by the Office of Management and Budget (OMB) (i.e., Control No. 0970-0283). Primary data for the implementation evaluation will come from observations, interviews, focus groups and records. One-on-one and small group interviews
