

6. The Materials Flammability Working Group may be reinstated to assist the ARAC, through the TAE Subcommittee, by responding to the FAA's questions or concerns after the recommendation report has been submitted.

Schedule

The recommendation report should be submitted to the FAA for review and acceptance no later than 8 months from publication of the tasking statement in the **Federal Register**.

Working Group Activity

The Materials Flammability Working Group must comply with the procedures adopted by the ARAC and are as follows:

1. Conduct a review and analysis of the assigned tasks and any other related materials or documents.
2. Draft and submit the recommendation report based on the review and analysis of the assigned tasks.
3. Present the recommendation report at the TAE Subcommittee meeting.

Participation in the Working Group

The reinstated Materials Flammability Working Group is comprised of technical experts having an interest in the assigned task. A working group member need not be a member representative of the ARAC or the TAE Subcommittee. The FAA is not soliciting membership for the reinstated Materials Flammability Working Group. The provisions of the August 13, 2014, Office of Management and Budget guidance, "Revised Guidance on Appointment of Lobbyists to Federal Advisory Committees, Boards, and Commissions" (79 FR 47482), continues the ban on registered lobbyists participating on Agency Boards and Commissions if participating in their "individual capacity." The revised guidance now allows registered lobbyists to participate on Agency Boards and Commissions in a "representative capacity" for the "express purpose of providing a committee with the views of a nongovernmental entity, a recognizable group of persons or nongovernmental entities (an industry, sector, labor unions, or environmental groups, etc.) or state or local government." (For further information see Lobbying Disclosure Act of 1995 (LDA) as amended, 2 U.S.C 1603, 1604, and 1605.)

The members of the Materials Flammability Working Group must actively participate by attending all meetings, and providing written

comments when requested. The members must devote the resources necessary to support the Materials Flammability Working Group in meeting any assigned deadlines. The members must keep management and those represented advised of the Materials Flammability Working Group activities and decisions to ensure the proposed technical solutions does not conflict with the position of the member's represent.

The Secretary of Transportation determined the formation and use of the ARAC is necessary and in the public interest in connection with the performance of duties imposed on the FAA by law.

ARAC meetings are open to the public. However, meetings of the Materials Flammability Working Group are not open to the public. The FAA will make no public announcement of working group meetings.

Issued in Washington, DC, on January 14, 2015.

Lirio Liu,

Designated Federal Officer, Aviation Rulemaking Advisory Committee.
