OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

[Docket No. WTO/DS-239]

WTO Dispute Settlement Proceeding Brought by Brazil Pertaining to Certain Measures Regarding Antidumping Methodology

AGENCY: Office of the United States Trade Representative.

ACTION: Notice; request for comments.

SUMMARY: The Office of the United States Trade Representative (USTR) is providing notice that on September 21, 2001, the United States received from Brazil a request for consultations under the Marrakesh Agreement Establishing the World Trade Organization (WTO Agreement) pertaining to certain measures regarding antidumping methodology as applied by the U.S. Department of Commerce (DOC). Brazil alleges that:

- Current U.S. methodology pursuant to which the DOC applies a *de minimis* standard of 0.5 percent in "sunset" reviews is inconsistent with Articles 5, 11 and 18 of the Agreement on Implementation of Article VI of the General Agreement on Tariffs and Trade 1994 (Antidumping Agreement, or ADA), insofar as these provisions allegedly require a 2 percent *de minimis* standard to be applied to both investigations and reviews; and
- The DOC's practice of "zeroing", when calculating the dumping margin, is disallowed under Articles 2 and 9 of the ADA, as interpreted in a prior case by a panel and the Appellate Body, in reviews as well as in investigations.

USTR invites written comments from the public concerning the issues raised in this dispute.

DATES: Although USTR will accept any comments received during the course of the dispute settlement proceedings, comments should be submitted on or before October 20, 2001 to be assured of timely consideration by USTR.
