

Department is revoking the order with respect to TPBI effective July 28, 2010, the date upon which USTR directed the Department to implement its final results. Accordingly, we will instruct U.S. Customs and Border Protection (CBP) to liquidate without regard to antidumping duties entries of the subject merchandise manufactured and exported by TPBI which were entered, or withdrawn from warehouse, for consumption on or after that date and to discontinue the collection of cash deposits for estimated antidumping duties for merchandise manufactured and exported by TPBI.

We will instruct CBP to continue to suspend liquidation of all entries of subject merchandise from all other exporters or producers. We will instruct CBP to continue to require a cash deposit equal to the estimated amount by which the normal value exceeds the U.S. price. The suspension-of-liquidation instructions will remain in effect until further notice. The all-others rate of 4.69 percent established in this section 129 determination will be the new cash-deposit rate on or after July 28, 2010, for all exporters of subject merchandise for which the Department has not calculated an individual rate.

This determination is issued and published in accordance with section 129(c)(2)(A) of the URAA.

Dated: August 5, 2010.
