Ripe Olives From Spain: Final Results of Countervailing Duty Administrative Review; 2020; Correction

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

ACTION: Notice; correction.

SUMMARY: The U.S. Department of Commerce (Commerce) published a notice in the **Federal Register** of March 9, 2023, in which Commerce determined that certain producers/exporters of ripe olives from Spain received countervailable subsidies during the period of review January 1, 2020, through December 31, 2020. This notice corrects the final results as it pertains to the net countervailable subsidy rate for Aceitunas Guadalquivir S.L.U. and its cross-owned affiliates.

FOR FURTHER INFORMATION CONTACT: Mary Kolberg, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1785.

SUPPLEMENTARY INFORMATION:**Correction**

In the **Federal Register** of March 9, 2023, in FR Doc 2023-04851, on page 14606, in the second column, correct the name of producer/exporter, Aceitunas Guadalquivir, S.L., to Aceitunas Guadalquivir, S.L.U. and its cross-owned affiliates.¹

Background

On March 9, 2023, Commerce published in the **Federal Register** the final results of the administrative review of the countervailing duty order on ripe olives from Spain.² We inadvertently omitted the names of Aceitunas Guadalquivir S.L.U.'s cross-owned affiliates.

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.221(b)(5).

¹ Commerce found the following companies to be cross-owned with Aceitunas Guadalquivir, S.L.U.: Coromar Inversiones, S.L., AG Explotaciones Agrícolas, S.L.U., and Grupo Aceitunas Guadalquivir, S.L.

Uranium From the Russian Federation: Continuation of Suspension of Antidumping Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of determinations by the U.S. Department of Commerce (Commerce) that termination of the Agreement Suspending the Antidumping Investigation on Uranium from the Russian Federation (Agreement) and the suspended investigation on uranium from the Russian Federation (Russia) would likely lead to continuation or recurrence of dumping, and by the U.S. International Trade Commission (ITC) that termination of the suspended investigation would likely lead to material injury to an industry in the United States, Commerce is publishing this notice of continuation of the Agreement.

DATES: Applicable April 12, 2023.

FOR FURTHER INFORMATION CONTACT: Sally C. Gannon or Jill Buckles, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-0162 or (202) 482-6230, respectively.

SUPPLEMENTARY INFORMATION:**Background**

On September 1, 2022, Commerce initiated the fifth sunset review of the suspended antidumping duty investigation on uranium from the Russian Federation (Russia), pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).¹ On the basis of the notice of intent to participate and adequate substantive responses filed by domestic interested parties and the lack of response from any respondent interested party, Commerce conducted an expedited (120-day) sunset review, in accordance with 19 CFR

351.218(e)(1)(ii)(C)(2).² As a result of its review, Commerce determined that termination of the Agreement and suspended antidumping duty investigation on uranium from Russia would lead to a continuation or recurrence of dumping and notified the ITC of the magnitude of the margins likely to prevail, should the Agreement be terminated.³ On April 6, 2023, pursuant to section 751(c) of the Act, the ITC published its determination that termination of the suspended antidumping duty investigation on uranium from Russia would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁴

Scope of the Agreement

The product covered by the Agreement is natural uranium in the form of uranium ores and concentrates; natural uranium metal and natural uranium compounds; alloys, dispersions (including cermets), ceramic products, and mixtures containing natural uranium or natural uranium compounds; uranium enriched in U²³⁵ and its compounds; alloys, dispersions (including cermets), ceramic products, and mixtures containing uranium enriched in U²³⁵ or compounds of uranium enriched in U²³⁵; and any other forms of uranium within the same class or kind.

Uranium ore from Russia that is milled into U₃O₈ and/or converted into UF₆ in another country prior to direct and/or indirect importation into the United States is considered uranium from Russia and is subject to the terms of this Agreement.

For purposes of this Agreement, uranium enriched in U²³⁵ or compounds of uranium enriched in U²³⁵ in Russia are covered by this Agreement, regardless of their subsequent modification or blending. Uranium enriched in U²³⁵ in another country prior to direct and/or indirect importation into the United States is not considered uranium from Russia and is not subject to the terms of this Agreement.⁵
