### Attachment—Confirmatory Order

United States of America

Nuclear Regulatory Commission

In the Matter of GE-Hitachi Nuclear Energy Americas LLC;

Vallecitos Nuclear Center, Sunol, California

[Docket No. 70-754; License No. SNM-960]

EA-2014-144

## Confirmatory Order

### I

GE-Hitachi Nuclear Energy Americas LLC (GEH or the licensee) is the holder of License No. SNM-960, issued by the U.S. Nuclear Regulatory Commission (NRC) pursuant to Part 70 of Title 10 of the *Code of Federal Regulations* (10 CFR), "Domestic Licensing of Special Nuclear Material," for the Vallecitos Nuclear Center (VNC). The license authorizes [Official Use Only (OUO) Information Redacted] special nuclear material (SNM) [OUO Redacted]. The license, issued on September 14, 1966, was most recently renewed on June 16, 2000, with an expiration date of June 30, 2010 (GEH is operating under timely renewal). [Safeguards Information (SGI) Redacted]

### II

[SGI Redacted] The NRC met with the licensee on June 25, 2014, to discuss methods to incorporate the security requirements in the Attachment to this Order into its license and physical security plan (PSP). The NRC again met with the licensee on October 24, 2014, to discuss methods to incorporate the material control and accounting (MC&A) requirements into its license. At both times, the licensee expressed both the willingness and capability to work with the NRC to ensure that the material is adequately protected. Since then, the NRC and GEH have met multiple times to finalize this Confirmatory Order. As such, the NRC has issued this Confirmatory Order, agreed to by GEH, to address the hybrid nature of the facility and provide clear and inspectable security and MC&A requirements. Accordingly, before GEH makes any change in the amount, type, or makeup of the material [OUO Redacted] under the SNM-960 license, or the material is moved elsewhere onsite, GEH must notify the NRC so that the NRC can review the need for updated security or MC&A requirements. Based on that review, this Confirmatory Order may be amended or a new Confirmatory Order may be issued. The requirements in the Attachment to this Order will remain in effect until the NRC determines otherwise.

### III

GEH agrees to implement the security measures detailed in the Attachment to this Order and the MC&A measures detailed in Section II of this Order under License No. SNM-960 to provide high assurance of public health and safety and the common defense and security.
