DEPARTMENT OF LABOR

Employment and Training Administration

Trade Adjustment Assistance Program: Training and Employment Guidance Letter

The Employment and Training Administration interprets federal law requirements pertaining to Trade Adjustment Assistance (TAA). These interpretations are issued in Training and Employment Guidance Letters (TEGLs) to the State Workforce Agencies. The TEGL described below is published in the **Federal Register** in order to inform the public.

TEGL 32-04

TEGL 32-04 provides guidance to states on meeting Fiscal Year (FY) 2005 goals for the TAA and NAFTA-TAA programs.

The information contained in TEGL 32-04 is issued to States and the cooperating state workforce agencies (SWAs) as guidance provided by the Department of Labor (DOL) in its role as the principal in the TAA program. As agents of the Secretary of Labor, the states and cooperating SWAs may not vary from the instructions in TEGL 32-

04 without prior approval from the Department.

Dated: November 14, 2005.

Emily Stover DeRocco,

Assistant Secretary of Labor.

Classification: TAA/NAFTA-TAA

Date: May 17, 2005

Training and Employment Guidance Letter No. 32-04

To: All State Workforce Agencies; All
State Workforce Liaisons; All State
Trade Coordinators /s/

From: Emily Stover DeRocco, Assistant
Secretary

Subject: State Accomplishment of
Performance Goals for Trade
Adjustment Assistance (TAA) and
North American Free Trade
Agreement Transitional Adjustment
Assistance (NAFTA-TAA)
Participants

1. *Purpose.* To provide guidance on
meeting the Fiscal Year (FY) 2005 goals
for the TAA and NAFTA-TAA
programs.

2. *References.* Trade Act of 1974 (Pub.
L. 93-619), as amended; Trade Act of
2002 (Pub. L. 107-210); Workforce
Investment Act; Government
Performance and Results Act of 1993
(GPRA), as amended; Training and
Employment Guidance Letter (TEGL) 7-
99, "Core and Customer Satisfaction
Performance Measures for the
Workforce Investment System;" TEGL
11-00, "Operating Instructions for
Implementing the Amendments to the
Trade Act of 1974 Enacted by the Trade
Act of 2002;" TEGL 6-03, "Fiscal Year
(FY) 2004 State Planning Estimates and
Process for Requesting Additional Trade
Adjustment Assistance (TAA) Funds for
Training and Administration."

3. *Background.* The Trade Act
programs, TAA and NAFTA-TAA, were
established to provide workers
adversely affected by trade with
assistance to return them to sustainable
employment as quickly as possible.
While many trade-affected workers will
be able to find reemployment without
assistance, the Trade Act programs
provide an array of benefits for those
who need additional help.

Performance measures were
established for the Trade Act programs

to measure the programs' success in
returning individuals to sustainable
employment. National goals are set each
year for the reemployment rate,
retention rate, and wage replacement
rate to be achieved by participants
exiting the TAA and NAFTA-TAA
programs. Although there are no
individual state goals, states are
responsible for meeting the national
goals for the Trade Act programs as
required by the Agreement between the
Governor of each state and the Secretary
of Labor.

Performance in FY 2004 indicates
considerable improvement in outcomes
must be realized if the national goals are
to be achieved in FY 2005. To the extent
that these shortfalls are related to
reporting deficiencies, the suggestions
provided in section 6 of this TEGL
emphasize the need for fully accounting
for all TAA and NAFTA-TAA
participants who enter employment in
FY 2005. Moreover, since performance
is an ongoing emphasis, the
performance principles included in
section 6 will be extremely helpful to
states in ensuring that program
performance is at acceptable levels in
future years.

This TEGL provides guidance to states
on FY 2005 goals as well as actions
needed to achieve those goals.

4. *Performance Goals.*

The Trade Act programs' national
performance goals for FY 2005 are:

- 70 percent of program exiters will
be employed in the first quarter after
program exit;

- 89 percent of those who were
employed in the first quarter after
program exit will be employed in the
third quarter after program exit; and

- Those who are employed in the
second and third quarters after program
exit will earn, on average, not less than
80 percent of their pre-separation
earnings.

5. *Reported Past Performance.* As
outlined in TEGL 11-00, states are
required to submit a quarterly Trade Act
Participant Report (TAPR), Office of
Management and Budget (OMB)
approval number 1205-0392. Based on
the outcomes reported in the TAPR, the
TAA program has not met national
performance goals in the past several
years. In the most recent complete fiscal
year, FY 2004, the reported outcomes
fell short of the national goals on two of
the three measures.
