DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 100

[Docket No. USCG-2024-0175]

Special Local Regulations; Lake Havasu Triathlon, Lake Havasu, AZ

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Notification of enforcement of regulation.

SUMMARY: The Coast Guard will enforce the Lake Havasu Triathlon special local regulations on the waters of the Colorado River on March 17, 2024. These special local regulations are necessary to provide for the safety of the participants, crew, spectators, sponsor vessels, and general users of the waterway. During the enforcement period, persons and vessels are prohibited from anchoring, blocking, loitering, or impeding within this regulated area unless authorized by the Captain of the Port, or his designated representative.

DATES: The regulations in 33 CFR 100.1102 will be enforced from 5:30 a.m. through 10:30 a.m. on March 17, 2024, for the location described in Item 15 of Table 1 to § 100.1102.

FOR FURTHER INFORMATION CONTACT: If you have questions about this notification of enforcement, call or email Lieutenant Shelley Turner, Waterways Management Division, US Coast Guard Sector San Diego, CA; telephone (619) 278-7656, email D11MarineEventsSD@uscg.mil.

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce the special local regulations in 33 CFR 100.1102 for the Lake Havasu Triathlon in Lake Havasu, AZ for the locations described in item 15 of Table 1 to § 100.1102 from 5:30 a.m. until 10:30 a.m. on March 17, 2024. The location includes the waters of the Colorado River, AZ, including the Lake Havasu Channel. This enforcement

action is being taken to provide for the safety of life on navigable waterways during the event. The Coast Guard’s regulation for recurring marine events in the San Diego Captain of the Port Zone identifies the regulated entities and area for this event. Under the provisions of 33 CFR 100.1102, persons and vessels are prohibited from anchoring, blocking, loitering, or impeding within this regulated area, unless authorized by the Captain of the Port, or his designated representative. The Coast Guard may be assisted by other Federal, State, or local law enforcement agencies in enforcing this regulation.

In addition to this document in the **Federal Register**, the Coast Guard will provide the maritime community with advance notification of this enforcement period via the Local Notice to Mariners, marine information broadcasts, and local advertising by the event sponsor.

If the Captain of the Port Sector San Diego or his designated representative determines that the regulated area need not be enforced for the full duration stated on this document, he or she may use a Broadcast Notice to Mariners or other communications coordinated with the event sponsor to grant general permission to enter the regulated area.

James W. Spittler,
Captain, U.S. Coast Guard, Captain of the Port San Diego.

[Docket Number USCG-2023-0597]

RIN 1625-AA08

Special Local Regulations; Recurring Marine Events, Sector St. Petersburg

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Final rule.

SUMMARY: The Coast Guard is revising existing regulations by updating the duration of an existing event in the Seventh Coast Guard District Captain of the Port St. Petersburg Zone. This action is necessary to provide for the safety of life on the navigable waters in Clearwater, FL, during the Clearwater Offshore Nationals/Race World Offshore event.

DATES: This rule is effective April 8, 2024.

NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is revising the Recurring Marine Events in the geographic boundaries of the Seventh Coast Guard District Captain of the Port (COTP) St. Petersburg Zone that are listed in 33 CFR 100.703, Table 1 to § 100.703. The change is to Line No. 6 located under Date/time, existing as “One Sunday in September; Time (Approximate): 11:30 a.m. to 4:00 p.m.” The event sponsor has changed the duration of the event to a two-day event; revising the Date/time as “One weekend (Saturday and Sunday) in September; Time (Approximate): 8:00 a.m. to 4:00 p.m.”

On August 4, 2023, the Coast Guard published a notice of proposed rulemaking (NPRM) titled, Special Local Regulations; Recurring Marine Events, Sector St. Petersburg.¹ There we stated why we issued the NPRM and invited comments on our proposed regulatory action related to our table. During the comment period that ended September 5, 2023, we received no comments.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034. The COTP Sector St. Petersburg has determined that potential hazards associated with Clearwater Offshore Nationals/Race World Offshore high-speed boat race, will be a safety concern for anyone within the regulated area. The purpose of this rule is to ensure safety of vessels and the navigable

¹ 88 FR 51763.

waters in the regulated area before, during, and after the scheduled event.

IV. Discussion of Comments, Changes, and the Rule

As noted above, we received no comments on our NPRM published August 4, 2023. There are no changes in the regulatory text of this rule from the proposed rule in the NPRM.

This rule establishes the following changes in 33 CFR 100.703:

1. Revise Table 1 to § 100.703, Line No. 6, to reflect a date and time change. Marine events listed in Table 1 to § 100.703 are listed as recurring over a particular time, during each month and each year. Exact dates are intentionally omitted since calendar dates for specific events change from year to year. Once dates for a marine event are known, the Coast Guard notifies the public it intends to enforce the special local regulation through various means including a notice of enforcement published in the **Federal Register**, Local Notice to Mariners, and Broadcast Notice to Mariners.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a “significant regulatory action,” under section 3(f) of Executive Order 12866, as amended by Executive Order 14094 (Modernizing Regulatory Review). Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size, location, duration, and time of day of the regulated area. These areas are limited in size and duration, and usually do not affect high vessel traffic areas. Moreover, the Coast Guard would provide advance notice of the regulated areas to the local maritime community by Local Notice to Mariners, Broadcast Notice to Mariners via VHF-FM marine channel 16, and the rule would allow vessels to seek permission to enter the regulated area.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended,

requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received no comments from the Small Business Administration on this rulemaking. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the

various levels of government. We have analyzed this rule under that order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves revising an existing recurring event to reflect a date and time change for the event. It is categorically excluded from further review under paragraphs L61 in Table 3–1 of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

[Docket No. USCG-2023-0231]

RIN 1625-AA09

Drawbridge Operation Regulation; Old River, Between Victoria Island and Byron Tract, CA

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Temporary interim rule and request for comments.

SUMMARY: The Coast Guard is temporarily modifying the operating schedule that governs the draw of the California Department of Transportation (Route 4) highway bridge, mile 14.8 between Victoria Island and Byron Tract, CA. This action is necessary to allow the bridge owner to complete rehabilitation of the bridge after a continuing unexpected delay in installing We can't have and testing of the custom-made electronics.

DATES: Effective March 8, 2024, 33 CFR 117.183 is stayed until 5 p.m. on May 31, 2024. The temporary addition of 33 CFR 117.T184 is effective from 5 p.m. on March 8, 2024 through 5 p.m. on May 31, 2024. Comments and related material must reach the Coast Guard on or before April 8, 2024.

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary interim rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable. This bridge is non-operational and will be non-operational until rehabilitation work can be completed.

On October 27, 2022, the Coast Guard issued a General Deviation which

allowed the bridge owner, Caltrans, to deviate from the current operating schedule in 33 CFR 117.183 to conduct major mechanical and electrical rehabilitation of the bridge. Due to delays in procuring materials, vandalism of critical electrical submarine cables, and an active winter storm season, the project ran past the end date of April 23, 2023, of the General Deviation. The bridge could not be brought back to operating condition until the delivery of the critical Program Logic Control circuit and the replacement or repairs to the submarine cable could be made. On October 17, 2023, Caltrans informed the Coast Guard that critical electronic components, needed to complete the rehabilitation of the bridge, were still on back-order and not expected to be delivered in time for a project completion deadline of November 30, 2023. It was anticipated that the parts would be delivered in the beginning of the new year, the bridge work completed and the span operational by March 1, 2024. There was insufficient time to provide a reasonable comment period and then consider those comments before issuing the modification. On January 30, 2024, Caltrans notified the Coast Guard that the bridge would not be operational by March 1, 2024. The back ordered critical electronic components have been received and are currently being installed. After the installation of the electronic components, critical testing of the span must be conducted before it is put back into operation. Therefore, it is now anticipated the span will be fully operational by 5 p.m. on May 31, 2024.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective in less than 30 days after publication in the **Federal Register**. For reasons presented above, delaying the effective date of this rule would be impracticable and contrary to the public interest due to the fact that
