

or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

#### IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

##### *Electronic Comments*

- Use the Commission's internet comment form (<https://www.sec.gov/rules/sro.shtml>); or
- Send an email to [rule-comments@sec.gov](mailto:rule-comments@sec.gov). Please include file number SR-PEARL-2024-23 on the subject line.

##### *Paper Comments*

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.
- All submissions should refer to file number SR-PEARL-2024-23. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<https://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. Do not include personal identifiable information in submissions; you should submit only information that you wish to make available publicly. We may redact in part or withhold entirely from publication submitted material that is obscene or subject to copyright protection. All submissions should refer to file number SR-PEARL-2024-23 and should be submitted on or before June 5, 2024.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.<sup>18</sup>

**Sherry R. Haywood,**

*Assistant Secretary.*

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-100096; File No. SR-NYSEAMER-2024-27]

### Self-Regulatory Organizations; NYSE American LLC; Notice of Filing and Immediate Effectiveness of Proposed Change To Amend the Connectivity Fee Schedule

May 9, 2024.

Pursuant to Section 19(b)(1) <sup>1</sup> of the Securities Exchange Act of 1934 ("Act") <sup>2</sup> and Rule 19b-4 thereunder,<sup>3</sup> notice is hereby given that, on April 29, 2024, NYSE American LLC ("NYSE American" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the Connectivity Fee Schedule ("Fee Schedule") regarding colocation services and fees to update the list of included data products. The proposed rule change is available on the Exchange's website at [www.nyse.com](http://www.nyse.com), at the principal office of the Exchange, and at the Commission's Public Reference Room.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries,

set forth in sections A, B, and C below, of the most significant parts of such statements.

#### A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

##### 1. Purpose

The Exchange proposes to amend the Connectivity Fee Schedule ("Fee Schedule") regarding colocation services and fees to update the list of included data products ("Included Data Products").

Currently, the table of Included Data Products in Colocation Note 4 sets forth the market data feeds that Users <sup>4</sup> can connect to at no additional cost when they purchase a service that includes access to the LCN or IP network.<sup>5</sup>

The NYSE has filed to establish the "NYSE Pillar Depth" market data feed.<sup>6</sup> Accordingly, the Exchange proposes to update the table of Included Data Products to include the NYSE Pillar Depth market data feed. In addition, in the current table the NYSE American Options and NYSE Arca Options market data feeds offered are not broken out.<sup>7</sup> Accordingly, the Exchange proposes to do so now.

To implement the proposed rule change, the Exchange proposes to update the table of Included Data Products as follows (proposed additions italicized):

NYSE:

<sup>4</sup> For purposes of the Exchange's colocation services, a "User" means any market participant that requests to receive colocation services directly from the Exchange. See Securities Exchange Act Release No. 76009 (September 29, 2015), 80 FR 60213 (October 5, 2015) (SR-NYSEMKT-2015-67). As specified in the Fee Schedule, a User that incurs colocation fees for a particular colocation service pursuant thereto would not be subject to colocation fees for the same colocation service charged by the Exchange's affiliates the New York Stock Exchange LLC ("NYSE"), NYSE Arca, Inc. ("NYSE Arca"), NYSE Chicago, Inc. ("NYSE Chicago"), and NYSE National Inc. ("NYSE National" and together, the "Affiliate SROs"). Each Affiliate SRO has submitted substantially the same proposed rule change to propose the changes described herein. See SR-NYSE-2024-25, SR-NYSEARCA-2024-35, SR-NYSECHX-2024-16, and SR-NYSENAT-2024-14.

<sup>5</sup> See Securities Exchange Act Release No. 79728 (January 4, 2017), 82 FR 3035 (January 10, 2017) (SR-NYSEMKT-2016-126) (Notice of Filing and Immediate Effectiveness of Proposed Rule Change Amending the NYSE MKT Equities Price List and the NYSE Amex Options Fee Schedule Related to Colocation Services To Increase LCN and IP Network Fees and Add a Description of Access To Trading and Execution Services and Connectivity to Included Data Products).

<sup>6</sup> See Securities Exchange Act Release No. 100030 (April 25, 2024) (SR-NYSE-2024-24) (Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Establish the NYSE Pillar Depth Data Feed).

<sup>7</sup> See 82 FR 3035, Note 5, *supra*.

<sup>18</sup> 17 CFR 200.30-3(a)(12).

<sup>15</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 15 U.S.C. 78a.

<sup>3</sup> 17 CFR 240.19b-4.

   NYSE Arca Options Deep Feed  
   NYSE Arca Options Complex Order Book

The Exchange expects that the present filing will become operative on the later of (a) the present filing becoming operative; and (b) the filing to establish a fee for the NYSE Pillar Depth market data feed becoming operative.<sup>8</sup> The Exchange expects such operative date to be no later than the end of the second quarter of 2024.

The Exchange does not charge for connectivity to the Included Data Feeds. Accordingly, it would not charge for connectivity to the NYSE Pillar Depth market data feed.

#### General

The proposed changes would not apply differently to distinct types or sizes of market participants. Rather, they would apply to all Users equally. As is currently the case, the purchase of any colocation service, including connectivity to the NYSE Pillar Depth market data feed, would be completely voluntary and the Fee Schedule would be applied uniformly to all Users. FIDS does not expect that the proposed rule change will result in new Users.

The proposed changes are not otherwise intended to address any other issues relating to colocation services and/or related fees, and the Exchange is not aware of any problems that customers would have in complying with the proposed change.

#### 2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,<sup>9</sup> in general, and furthers the objectives of Section 6(b)(5) of the Act,<sup>10</sup> in particular, because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in

regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest and because it is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers. The Exchange further believes that the proposed rule change is consistent with Section 6(b)(4) of the Act,<sup>11</sup> because it provides for the equitable allocation of reasonable dues, fees, and other charges among its members and issuers and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers, or dealers.

#### The Proposed Change Is Reasonable

The Exchange believes that the proposed rule change is reasonable and would perfect the mechanisms of a free and open market and a national market system and, in general, protect investors and the public interest, because adding the NYSE Pillar Depth market data feed would increase the number of Included Data Products available to Users for no additional charge. All Users that voluntarily select to access the LCN or IP network would not be subject to a charge above and beyond the fee paid for the relevant LCN or IP network access. Accordingly, the Exchange believes that the proposed change is reasonable because the change would mean that a User would have the option of adding connectivity to the additional market data feed without paying additional charges.

Adding the proposed additional Included Data Product would allow a User to connect to the NYSE Pillar Depth market data feed if it wished, but would not require it to do so. As now, a User would be able to determine which Included Data Products, if any, to which it connects, based on what would best serve its needs, tailoring the service to the requirements of its business operations.

The Exchange believes that the proposed rule change is reasonable because, as with the other Included Data Products, it believes it is not the exclusive method to connect to the NYSE Pillar Depth market data feed. As alternatives to connecting to the NYSE Pillar Depth market data feed as an Included Data Product, a User may connect to the market data feed through another User or through a connection to an Exchange access center outside the

data center, third party access center, or third party vendor.

By adding the NYSE Pillar Depth market data feed and setting forth the NYSE American Options and NYSE Arca Options feeds already offered, the proposed change would ensure that the list of Included Data Products was up to date and consistent in the level of detail. Accordingly, the Exchange believes that the proposed rule change is reasonable and would perfect the mechanisms of a free and open market and a national market system and, in general, protect investors and the public interest, as it would ensure that the description of Included Data Products was complete, ensuring that it is accessible and transparent, and providing market participants with clarity as to what connectivity is included in the purchase of access to the LCN and IP networks.

#### The Proposed Change Is Equitable and Not Unfairly Discriminatory

The Exchange believes that the proposed change provides for the equitable allocation of reasonable dues, fees, and other charges among its members and issuers and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers, or dealers because adding the NYSE Pillar Depth market data feed would increase the number of Included Data Products available to Users for no additional charge. All Users that voluntarily select to access the LCN or IP network would not be subject to a charge above and beyond the fee paid for the relevant LCN or IP network access. Accordingly, the Exchange believes that the proposed change is equitable and not unfairly discriminatory because the change would mean that a User would have the option of adding connectivity to the additional market data feed without paying additional charges.

Further, the Exchange believes that the proposed change is equitable and not unfairly discriminatory since, as is true now, the proposed change would not apply differently to distinct types or sizes of Users but would apply to all Users equally. Moreover, adding the NYSE Pillar Depth market data feed would allow a User to connect to it if it wished, but would not require it to do so. As now, a User would be able to determine which Included Data Products, if any, to which it connects, based on what would best serve its needs, tailoring the service to the requirements of its business operations.

By adding the NYSE Pillar Depth market data feed and setting forth the NYSE American Options and NYSE Arca Options feeds already offered, the

<sup>8</sup> If no such filing is made, then the present filing would become operative upon the NYSE Pillar Depth market data feed becoming operative.

<sup>9</sup> 15 U.S.C. 78f(b).

<sup>10</sup> 15 U.S.C. 78f(b)(5).

<sup>11</sup> 15 U.S.C. 78f(b)(4).

proposed change would ensure that the list of Included Data Products was up to date and consistent in the level of detail. Accordingly, the Exchange believes that the proposed rule change is equitable and not unfairly discriminatory, as it would ensure that the description of Included Data Products was complete, ensuring that it is accessible and transparent, and providing market participants with clarity as to what connectivity is included in the purchase of access to the LCN and IP networks.

For the reasons above, the proposed changes do not unfairly discriminate between or among market participants that are otherwise capable of satisfying any applicable co-location fees, requirements, terms, and conditions established from time to time by the Exchange.

For these reasons, the Exchange believes that the proposal is consistent with the Act.

#### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange believes that the proposed change would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of Section 6(b)(8) of the Act.<sup>12</sup>

The Exchange believes that the proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act because adding the NYSE Pillar Depth market data feed would increase the number of Included Data Products available to Users for no additional charge. All Users that voluntarily select to access the LCN or IP network would not be subject to a charge above and beyond the fee paid for the relevant LCN or IP network access. Accordingly, the change would mean that a User would have the option of adding connectivity to the additional market data feed without paying additional charges.

Adding the proposed additional Included Data Products would allow a User to connect to the NYSE Pillar Depth market data feed if it wished, but would not require it to do so. In this way, the proposed changes would enhance competition by, as now, enabling a User to determine to which Included Data Products, if any, it connects, based on what would best serve its needs, tailoring the service to the requirements of its business operations.

The Exchange believes that the proposed rule change does not impose any burden on competition that is not

necessary or appropriate in furtherance of the purposes of the Act because, as with the other Included Data Products, it believes it is not the exclusive method to connect to the NYSE Pillar Depth market data feed. As alternatives to connecting to the NYSE Pillar Depth market data feed as an Included Data Product, a User may connect to the market data feed through another User or through a connection to an Exchange access center outside the data center, third party access center, or third party vendor.

By adding the NYSE Pillar Depth market data feed and setting forth the NYSE American Options and NYSE Arca Options feeds already offered the proposed change would ensure that the list of Included Data Products was up to date and consistent in the level of detail. Accordingly, the Exchange believes that the proposed additions to the description of Included Data Products would make the description more accessible and transparent. In this manner, the proposed change would provide market participants with clarity as to what connectivity is included in the purchase of access to the LCN and IP networks, thereby enhancing competition by ensuring that all Users have access to the same information regarding the Included Data Products.

#### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

No written comments were solicited or received with respect to the proposed rule change.

### **III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>13</sup> and Rule 19b-4(f)(6) thereunder.<sup>14</sup> Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.<sup>15</sup>

<sup>13</sup> 15 U.S.C. 78s(b)(3)(A)(iii).

<sup>14</sup> 17 CFR 240.19b-4(f)(6).

<sup>15</sup> 17 CFR 240.19b-4(f)(6)(iii). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to

A proposed rule change filed under Rule 19b-4(f)(6)<sup>16</sup> normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),<sup>17</sup> the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange states that waiver of the 30-day operative delay would be consistent with the protection of investors and the public interest because it would allow the Exchange to offer, and therefore ensure that Users could access, the NYSE Pillar Depth market data feed when it is available. For these reasons, the Commission finds that waiver of the operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the 30-day operative delay and designates the proposal operative upon filing.<sup>18</sup>

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)<sup>19</sup> of the Act to determine whether the proposed rule change should be approved or disapproved.

### **IV. Solicitation of Comments**

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

— give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

<sup>16</sup> 17 CFR 240.19b-4(f)(6).

<sup>17</sup> 17 CFR 240.19b-4(f)(6)(iii).

<sup>18</sup> For purposes only of accelerating the operative date of this proposal, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. <sup>19</sup> 15 U.S.C. 78c(f).

<sup>19</sup> 15 U.S.C. 78s(b)(2)(B).

<sup>12</sup> 15 U.S.C. 78f(b)(8).

*Electronic Comments*

- Use the Commission's internet comment form (<https://www.sec.gov/rules/sro.shtml>); or
- Send an email to [rule-comments@sec.gov](mailto:rule-comments@sec.gov). Please include file number SR-NYSEAMER-2024-27 on the subject line.

*Paper Comments*

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

All submissions should refer to file number SR-NYSEAMER-2024-27. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<https://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. Do not include personal identifiable information in submissions; you should submit only information that you wish to make available publicly. We may redact in part or withhold entirely from publication submitted material that is obscene or subject to copyright protection. All submissions should refer to file number SR-NYSEAMER-2024-27 and should be submitted on or before June 5, 2024.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.<sup>20</sup>

**SECURITIES AND EXCHANGE COMMISSION**

[Release No. 34-100090; File No. SR-CboeBZX-2024-034]

**Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Its Fees Schedule**

May 9, 2024.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on May 1, 2024, Cboe BZX Exchange, Inc. (the "Exchange" or "BZX") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

**I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change**

Cboe BZX Exchange, Inc. (the "Exchange" or "BZX") proposes to amend its Fees Schedule. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange's website ([http://markets.cboe.com/us/equities/regulation/rule\\_filings/BZX/](http://markets.cboe.com/us/equities/regulation/rule_filings/BZX/)), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

**II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

*A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change*

**1. Purpose**

The Exchange proposes to amend its Fees Schedule, effective May 1, 2024.

The Exchange first notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive or incentives to be insufficient. More specifically, the Exchange is only one of 17 options venues to which market participants may direct their order flow. Based on publicly available information, no single options exchange has more than 16% of the market share.<sup>3</sup> Thus, in such a low-concentrated and highly competitive market, no single options exchange, including the Exchange, possesses significant pricing power in the execution of option order flow. The Exchange believes that the ever-shifting market share among the exchanges from month to month demonstrates that market participants can shift order flow or discontinue to reduce use of certain categories of products, in response to fee changes. Accordingly, competitive forces constrain the Exchange's transaction fees, and market participants can readily trade on competing venues if they deem pricing levels at those other venues to be more favorable. In response to competitive pricing, the Exchange, like other options exchanges, offers rebates and assesses fees for certain order types executed on or routed through the Exchange.

The Exchange's fee schedule sets forth standard rebates and rates applied per contract. For example, the Exchange provides a rebate of \$0.29 per contract for Market Maker orders that add liquidity in Penny Securities, yielding fee code PM. Additionally, in response to the competitive environment, the Exchange also offers tiered pricing, which provides Members opportunities to qualify for higher rebates or reduced fees where certain volume criteria and thresholds are met. Tiered pricing provides an incremental incentive for Members to strive for higher tier levels, which provides increasingly higher benefits or discounts for satisfying increasingly more stringent criteria.

The Exchange currently offers six Market Maker Penny Add Volume Tiers ("MM Penny Add Tier") under Footnote

<sup>3</sup> See Cboe Global Markets U.S. Options Market Volume Summary by Month (April 19, 2024), available at [https://markets.cboe.com/us/options/market\\_statistics/](https://markets.cboe.com/us/options/market_statistics/).
