

implications to warrant the preparation of a Federalism Impact Statement.

I. Privacy

The Consolidated Appropriations Act, 2005,⁸ requires the Agency to assess the privacy impact of a regulation that will affect the privacy of individuals. This NPRM would not require the collection of personally identifiable information (PII).

The Privacy Act (5 U.S.C. 552a) applies only to Federal agencies and any non-Federal agency that receives records contained in a system of records from a Federal agency for use in a matching program.

The E-Government Act of 2002,⁹ requires Federal agencies to conduct a PIA for new or substantially changed technology that collects, maintains, or disseminates information in an identifiable form. No new or substantially changed technology would collect, maintain, or disseminate information as a result of this proposed rule. Accordingly, FMCSA has not conducted a PIA.

In addition, the Agency will complete a Privacy Threshold Assessment (PTA) to evaluate the risks and effects the proposed rulemaking might have on collecting, storing, and sharing personally identifiable information. The PTA will be submitted to FMCSA's Privacy Officer for review and preliminary adjudication and to DOT's Privacy Officer for review and final adjudication.

J. E.O. 13175 (Indian Tribal Governments)

This proposed rule does not have Tribal implications under E.O. 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian Tribes, on the relationship between the Federal Government and Indian Tribes, or on the distribution of power and responsibilities between the Federal Government and Indian Tribes.

K. National Environmental Policy Act of 1969

FMCSA analyzed this proposed rule pursuant to the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321 *et seq.*). The Agency believes this proposed rule, if finalized, would not have a reasonably foreseeable significant effect on the quality of the human environment. This action would likely fall under a published categorical

exclusion and thus be excluded from further analysis and documentation in an environmental impact statement under FMCSA Order 5610.1 (69 FR 9680), Appendix 2. Specifically, paragraph (6)(bb), which covers regulations pertaining to vehicle operation safety standards, equipment approval, and/or equipment carriage requirements. The public is invited to comment on the impact of the proposed Agency action.

L. Rulemaking Summary

In accordance with 5 U.S.C. 553(b)(4), a summary of this proposed rule may be found at [regulations.gov](https://www.regulations.gov), under the docket number.

List of Subjects in 49 CFR Part 393

Highway safety, Motor carriers, Motor vehicle safety, Reporting and recordkeeping requirements.

Accordingly, FMCSA proposes to amend 49 CFR part 393 to read as follows:

PART 393—PARTS AND ACCESSORIES NECESSARY FOR SAFE OPERATION

■ 1. The authority citation for part 393 continues to read as follows:

Authority: 49 U.S.C. 31136, 31151, and 31502; sec. 1041(b) of Pub. L. 102–240, 105 Stat. 1914, 1993 (1991); sec. 5301 and 5524 of Pub. L. 114–94, 129 Stat. 1312, 1543, 1560; and 49 CFR 1.87.

§ 393.86 [Amended]

■ 2. In § 393.86 remove and reserve paragraph (a)(6).

Issued under authority delegated in 49 CFR 1.87.

Sue Lawless,

Assistant Administrator.

Federal Motor Carrier Safety Administration

49 CFR Part 393

[Docket No. FMCSA–2025–0109]

RIN 2126–AC83

Parts and Accessories Necessary for Safe Operation; Spare Fuses

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), Department of Transportation (DOT).

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: FMCSA proposes to remove the requirement for commercial motor vehicles (CMVs) to be equipped with at least one spare fuse for each type and size of fuse needed for the parts and accessories of the CMV. This proposed change would remove an unnecessary requirement from the Federal Motor Carrier Safety Regulations (FMCSRs).

DATES: Comments must be received on or before July 29, 2025.

ADDRESSES: You may submit comments identified by Docket Number FMCSA–2025–0109 using any of the following methods:

• **Federal eRulemaking Portal:** Go to <https://www.regulations.gov/docket/FMCSA-2025-0109/document>. Follow the online instructions for submitting comments.

• **Mail:** Dockets Operations, U.S. Department of Transportation, 1200 New Jersey Avenue SE, West Building, Ground Floor, Washington, DC 20590–0001.

• **Hand Delivery or Courier:** Dockets Operations, U.S. Department of Transportation, 1200 New Jersey Avenue SE, West Building, Ground Floor, Washington, DC 20590–0001, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. To be sure someone is there to help you, please call (202) 366–9317 or (202) 366–9826 before visiting Dockets Operations.

• **Fax:** (202) 493–2251.

FOR FURTHER INFORMATION CONTACT: Mr. David Sutula, Chief, Vehicle and Roadside Operations Division, FMCSA, 1200 New Jersey Avenue SE, Washington, DC 20590 0001; (202) 366–9209; David.Sutula@dot.gov. If you have questions on viewing or submitting material to the docket, call Dockets Operations at (202) 366–9826.

I. Public Participation and Request for Comments

A. Submitting Comments

If you submit a comment, please include the docket number for this NPRM (FMCSA–2025–0109), indicate the specific section of this document to which your comment applies, and provide a reason for each suggestion or recommendation. You may submit your comments and material online or by fax, mail, or hand delivery, but please use only one of these means. FMCSA recommends that you include your name and a mailing address, an email address, or a phone number in the body of your document so FMCSA can contact you if there are questions regarding your submission.

To submit your comment online, go to <https://www.regulations.gov/docket/FMCSA-2025-0109/document>, click on this NPRM, click “Comment,” and type your comment into the text box on the following screen.

If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing.

FMCSA will consider all comments and material received during the comment period.

Confidential Business Information (CBI)

CBI is commercial or financial information that is both customarily and actually treated as private by its owner. Under the Freedom of Information Act (5 U.S.C. 552), CBI is exempt from public disclosure. If your comments responsive to the NPRM contain commercial or financial information that is customarily treated as private, that you actually treat as private, and that is relevant or responsive to the NPRM, it is important that you clearly designate the submitted comments as CBI. Please mark each page of your submission that constitutes CBI as “PROPIN” to indicate it contains proprietary information. FMCSA will treat such marked submissions as confidential under the Freedom of Information Act, and they will not be placed in the public docket of the NPRM. Submissions containing CBI should be sent to Brian Dahlin, Chief, Regulatory Evaluation Division, Office of Policy, FMCSA, 1200 New Jersey Avenue SE, Washington, DC 20590–

0001 or via email at brian.g.dahlin@dot.gov. At this time, you need not send a duplicate hardcopy of your electronic CBI submissions to FMCSA headquarters. Any comments FMCSA receives not specifically designated as CBI will be placed in the public docket for this rulemaking.

B. Viewing Comments and Documents

To view any documents mentioned as being available in the docket, go to <https://www.regulations.gov/docket/FMCSA-2025-0109/document> and choose the document to review. To view comments, click this NPRM, then click “Browse Comments.” If you do not have access to the internet, you may view the docket online by visiting Dockets Operations on the ground floor of the DOT West Building, 1200 New Jersey Avenue SE, Washington, DC 20590–0001, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. To be sure someone is there to help you, please call (202) 366–9317 or (202) 366–9826 before visiting Dockets Operations.

C. Privacy

In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its regulatory process. DOT posts these comments, including any personal information the commenter provides, to www.regulations.gov as described in the system of records notice DOT/ALL 14 (Federal Docket Management System (FDMS)), which can be reviewed at <https://www.transportation.gov/individuals/privacy/privacy-act-system-records-notices>. The comments are posted without edits and are searchable by the name of the submitter.

U.S.C. United States Code

III. Legal Basis

FMCSA’s authority to promulgate regulations governing Parts and Accessories Necessary for Safe Operation (49 CFR part 393) rests on the requirement in 49 U.S.C. 31136(a). That provision requires the Secretary to “prescribe regulations on commercial motor vehicle safety.” At a minimum, the regulations shall ensure that: (1) CMVs are maintained, equipped,

loaded, and operated safely; (2) the responsibilities imposed on operators of CMVs do not impair their ability to operate the vehicles safely; (3) the physical condition of operators of CMVs is adequate to enable them to operate vehicles safely; (4) the operation of CMVs does not have a deleterious effect on the physical condition of the operators; and (5) drivers are not coerced by motor carriers, shippers, receivers, or transportation intermediaries to operate a vehicle in violation of a regulation promulgated under 49 U.S.C. 31136 (which is the basis for much of the FMCSRs) or 49 U.S.C. chapters 51 or 313 (49 U.S.C. 31136(a)).

The NPRM does not implicate the driver-centered requirements of sections 31136(a)(2) through (4). As the amendment proposed by this rulemaking pertains only to the carrying of spare parts that are no longer needed, FMCSA believes it is unlikely CMV drivers would be exposed to greater risk of coercion.

To ensure that commercial motor vehicles (CMVs) are safely “equipped” and “operated,” as required by 49 U.S.C. 31136(a)(1), FMCSA requires that certain emergency equipment be present on all power units (49 CFR 393.95). Included in the list of required equipment are spare fuses “needed to operate any required parts and accessories” (49 CFR 393.95(b)).

For the reasons discussed below, FMCSA has determined that the requirement to carry spare fuses is not needed to ensure that CMVs are “equipped” or “operated” safely.

IV. Background

Requirements that CMVs be equipped with various parts and accessories are established in 49 CFR part 393, “Parts and Accessories Necessary for Safe Operation.”. Particularly, § 393.95 requires trucks, truck tractors, and buses be equipped with certain emergency equipment. Section 393.95(b) requires these CMVs be equipped with at least one spare fuse for each type and size of fuse needed for any required parts and accessories. The requirements for spare fuses were established by the Interstate Commerce Commission’s (ICC) Bureau of Motor Carrier Safety, circa 1941.

V. Discussion of Proposed Rulemaking

FMCSA is proposing to remove the requirement for spare fuses in § 393.95(b). While spare fuses have historically been required on CMVs, the regulatory requirement to keep them on trucks, truck tractors, and buses under § 393.95(b) has become outdated. Modern CMVs do not have the same

issues with fuses failing as they did when this requirement was originally introduced. Fuses in CMVs do not typically fail during normal operation. As such, requiring the CMV be equipped with a spare fuse for every part and accessory is burdensome and unnecessary. Additionally, there are a wide variety of fuses and the process of diagnosing an electrical failure and identifying the specific fuse that needs to be replaced to restore the functions has become increasingly complex. This means that a CMV operator would usually have to take the CMV in for a repair and be unable to address the problem at roadside, negating the need to have spare fuses on the CMV. Accordingly, FMCSA is proposing to remove this unnecessary requirement from the FMCSRs.

VI. International Impacts

Motor carriers and drivers are subject to the laws and regulations of the countries that they operate in, unless an international agreement states otherwise. Drivers and carriers should be aware of the regulatory differences between nations.

VII. Section-by-Section Analysis

This section-by-section analysis describes the proposed changes in numerical order.

Section 393.95 Emergency Equipment on All Power Units

FMCSA proposes to remove paragraph (b) concerning the requirement for spare fuses.

VIII. Regulatory Analyses

A. Executive Order (E.O.) 12866 (Regulatory Planning and Review), E.O. 13563 (Improving Regulation and Regulatory Review), and DOT Regulatory Policies and Procedures

FMCSA has considered the impact of this NPRM under E.O. 12866 (58 FR 51735, Oct. 4, 1993), Regulatory Planning and Review, E.O. 13563 (76 FR 3821, Jan. 21, 2011), Improving Regulation and Regulatory Review, and DOT Regulatory Policies and Procedures. The Office of Information and Regulatory Affairs within the Office of Management and Budget (OMB) determined that this NPRM is not a significant regulatory action under section 3(f) of E.O. 12866, as supplemented by E.O. 13563, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that order. Accordingly, OMB has not reviewed it under that E.O.

The proposed rule eliminates the requirement for spare fuses in all trucks, truck tractors, and buses. As fuses in

CMVs do not typically fail during normal operation, this change is not expected to impact safety and would result in minimal cost savings per truck, truck tractor, and bus. FMCSA requests data or any other information that could assist the Agency in quantifying these costs savings.

B. E.O. 14192 (Unleashing Prosperity Through Deregulation)

E.O. 14192 (90 FR 9065, Jan. 31, 2025), Unleashing Prosperity Through Deregulation, requires that for “each new [E.O. 14192 regulatory action] issued, at least ten prior regulations be identified for elimination.”¹

Implementation guidance for E.O. 14192 issued by OMB (Memorandum M–25–20, March 26, 2025) defines two different types of E.O. 14192 actions: an E.O. 14192 deregulatory action, and an E.O. 14192 regulatory action.²

An E.O. 14192 deregulatory action is defined as “an action that has been finalized and has total costs less than zero.” This proposed rulemaking is expected to have total costs less than zero, and therefore would be considered an E.O. 14192 deregulatory action upon issuance of a final rule.

C. Advance Notice of Proposed Rulemaking

Under 49 U.S.C. 31136(g), FMCSA is required to publish an advance notice of proposed rulemaking (ANPRM) or proceed with a negotiated rulemaking, if a proposed safety rule “under this part”³ is likely to lead to the promulgation of a major rule.⁴ As this proposed rule is not likely to result in the promulgation of a major rule, the Agency is not required to issue an ANPRM or to proceed with a negotiated rulemaking.

D. Regulatory Flexibility Act

The Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), as amended by the

¹ Executive Office of the President. *Executive Order 14192 of January 31, 2025. Unleashing Prosperity Through Deregulation*. 90 FR 9065–9067. Feb. 6, 2025.

² Executive Office of the President. Office of Management and Budget. *Guidance Implementing Section 3 of Executive Order 14192, Titled “Unleashing Prosperity Through Deregulation.”* Memorandum M–25–20. March 26, 2025.

³ Part B of Subtitle VI of Title 49, United States Code, *i.e.*, 49 U.S.C. chapters 311–317.

⁴ A *major rule* means any rule that the Office of Management and Budget finds has resulted in or is likely to result in (a) an annual effect on the economy of \$100 million or more; (b) a major increase in costs or prices for consumers, individual industries, geographic regions, Federal, State, or local government agencies; or (c) significant adverse effects on competition, employment, investment, productivity, innovation, or on the ability of United States-based enterprises to compete with foreign-based enterprises in domestic and export markets (5 U.S.C. 804(2)).

Small Business Regulatory Enforcement Fairness Act of 1996,⁵ requires Federal agencies to consider the effects of the regulatory action on small business and other small entities and to minimize any significant economic impact. The term *small entities* comprises small businesses and not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000 (5 U.S.C. 601(6)). Accordingly, DOT policy requires an analysis of the impact of all regulations on small entities, and mandates that agencies strive to lessen any adverse effects on these businesses.

No regulatory flexibility analysis is required, however, if the head of an agency or an appropriate designee certifies that the rulemaking will not have a significant economic impact on a substantial number of small entities. FMCSA has concluded and hereby certifies that this proposed rule will not have a significant economic impact on a substantial number of small entities; therefore, an analysis is not included. This proposed rulemaking would remove the requirement for unnecessary spare fuses from all trucks, truck tractors, and buses resulting in a minimal economic impact.

E. Assistance for Small Entities

In accordance with section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121, 110 Stat. 857), FMCSA wants to assist small entities in understanding this proposed rule so they can better evaluate its effects on themselves and participate in the rulemaking initiative. If the proposed rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

Small businesses may send comments on the actions of Federal employees who enforce or otherwise determine compliance with Federal regulations to the Small Business Administration’s Small Business and Agriculture Regulatory Enforcement Ombudsman (Office of the National Ombudsman, see <https://www.sba.gov/about-sba/oversight-advocacy/office-national-ombudsman>) and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s

⁵ Public Law 104–121, 110 Stat. 857, (Mar. 29, 1996).

responsiveness to small business. If you wish to comment on actions by employees of FMCSA, call 1–888–REG–FAIR (1–888–734–3247). DOT has a policy regarding the rights of small entities to regulatory enforcement fairness and an explicit policy against retaliation for exercising these rights.

F. Unfunded Mandates Reform Act of 1995

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) (UMRA) requires Federal agencies to assess the effects of their discretionary regulatory actions. The Act addresses actions that may result in the expenditure by a State, local, or Tribal government, in the aggregate, or by the private sector of \$206 million (which is the value equivalent of \$100 million in 1995, adjusted for inflation to 2024 levels) or more in any 1 year. Because this proposed rule would not result in such an expenditure, a written statement is not required.

G. Paperwork Reduction Act

This proposed rule contains no new information collection requirements under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

H. E.O. 13132 (Federalism)

A rulemaking has implications for federalism under section 1(a) of E.O. 13132 if it has “substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.”

FMCSA has determined that this proposed rule would not have substantial direct costs on or for States, nor would it limit the policymaking discretion of States. Nothing in this document preempts any State law or regulation. Therefore, this proposed rule does not have sufficient federalism implications to warrant the preparation of a Federalism Impact Statement.

I. Privacy

The Consolidated Appropriations Act, 2005,⁶ requires the Agency to assess the privacy impact of a regulation that will affect the privacy of individuals. This NPRM would not require the collection of personally identifiable information.

The Privacy Act (5 U.S.C. 552a) applies only to Federal agencies and any non-Federal agency that receives records contained in a system of records from a Federal agency for use in a matching program.

The E-Government Act of 2002,⁷ requires Federal agencies to conduct a PIA for new or substantially changed technology that collects, maintains, or disseminates information in an identifiable form. No new or substantially changed technology would collect, maintain, or disseminate information as a result of this rulemaking. Accordingly, FMCSA has not conducted a PIA.

In addition, the Agency will complete a Privacy Threshold Assessment (PTA) to evaluate the risks and effects the proposed rulemaking might have on collecting, storing, and sharing personally identifiable information. The PTA will be submitted to FMCSA’s Privacy Officer for review and preliminary adjudication and to DOT’s Privacy Officer for review and final adjudication.

J. E.O. 13175 (Indian Tribal Governments)

This proposed rule does not have Tribal implications under E.O. 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian Tribes, on the relationship between the Federal Government and Indian Tribes, or on the distribution of power and responsibilities between the Federal Government and Indian Tribes.

K. National Environmental Policy Act of 1969

FMCSA analyzed this proposed rule pursuant to the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*). The Agency believes this proposed rule, if finalized, would not have a reasonably foreseeable significant effect on the quality of the human environment. This action would likely fall under a published categorical exclusion and thus be excluded from further analysis and documentation in an environmental assessment or environmental impact statement under FMCSA Order 5610.1 (69 FR 9680), Appendix 2. Specifically, paragraph (6)(bb), which covers regulations pertaining to vehicle operation safety standards, equipment approval, and/or equipment carriage requirements. The public is invited to comment on the impact of the proposed Agency action.

L. Rulemaking Summary

In accordance with 5 U.S.C. 553(b)(4), a summary of this proposed rule may be found at [regulations.gov](https://www.regulations.gov), under the docket number.

List of Subjects in 49 CFR Part 393

Highway safety, Motor carriers, Motor vehicle safety.

Accordingly, FMCSA proposes to amend 49 CFR part 393 to read as follows:

PART 393—PARTS AND ACCESSORIES NECESSARY FOR SAFE OPERATION

■ 1. The authority citation for part 393 continues to read as follows:

Authority: 49 U.S.C. 31136, 31151, 31502; sec. 1041(b), Pub. L. 102–240, 105 Stat. 1914, 1993; secs. 5301 and 5524, Pub. L. 114–94, 129 Stat. 1312, 1543, 1560; and 49 CFR 1.87.

§ 393.95 [Amended]

■ 2. Amend § 393.95 by removing and reserving paragraph (b).

Issued under authority delegated in 49 CFR 1.87.

Sue Lawless,

Assistant Administrator.

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

49 CFR Part 393

[Docket No. FMCSA–2025–0123]

RIN 2126–AC97

Parts and Accessories Necessary for Safe Operation; Tire Load Markings

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), Department of Transportation (DOT).

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: FMCSA proposes to revise the requirements for tires on commercial motor vehicles (CMVs) to clarify that the Federal Motor Carrier Safety Regulations (FMCSRs) do not require tire load restriction markings on their sidewalls. This change would eliminate confusion and clarify the scope of FMCSA’s authority regarding the requirements for tires in the FMCSRs.

DATES: Comments must be received on or before July 29, 2025.
